CAMPAIGN IN CUBA.

Active Work for a Protectorate.

Existing Political Situation Is Discussed Daily in the Native Newspapers.

Additional Petitions By the Farmers Are Being Sent to the President.

Liberal Leaders Frightened by the Split of Zayas-Gomez Factions.

[BY DIRECT WIRE TO THE TIMES.]

HAVANA, Jan. 11.—[Exclusive Dispatch.] An open campaign for an American protectorate for Cuba has begun here. The Daily Telegraph makes the announcement this morning, and, under the caption "On Behalf of Cuba," will publish daily an article by a prominent Cuban writer, José de Armas, dealing with the existing political situation and its demands.

The arguments of Señor De Armas, who is an ardent protectionist, are to appear in Spanish, owing to the keen interest taken by Cubans in the campaign to save the country from ruin, which is threatened by politicians desiring another republic.

FAVOR AMERICAN CONTROL.

El Diario de la Marina and La Discusion are much more outspoken than formerly in favor of continued American control, and the new paper, Cuba, says the question is merely how much control the people will demand with guarantees of public order and protection of life and property.

The Zayas-Gomez Liberal party, it says, to whom the government is to be turned over, cannot give them as much as the very ones whom the people desire to be insured against. It adds that the Platt amendment must be made a preventive of revolutions.

Additional petitions for a protectorate, signed by farmers of the Remedios district, were sent today to President Roosevelt.

La Lucha declares that all agitation for a protectorate is the work of enemies of Cuba, and some day the country will deal with them.

LIBERALS FRIGHTENED.

Liberal leaders are frightened over the split of the Zayas and Gomez factions. A conference of friends of both candidates for President resulted in the announcement that both have agreed to leave the question of the nomination to Señores Quelayo Garcia, Eusebio Hernandez and Orestes Ferrara, representing José Miguel Gomez, and Faustine Guerra, Ernesto Asbert and Felipe Gonzales Sarrin, representing Alfred Zayas.

The factions are urged to forbear further campaigning until a decision has been reached.

PONTIFF AND KAISER AGREE.

APPARENT FRICTION OFFSET BY SECRET UNDERSTANDING.

Cardinal Kopp's Silver Jubilee Is Made Occasion of Marked Honor by Emperor, Which Prelate Repays by Nominating Candidates to Help Ticket of Chancellor.

[BY DIRECT WIRE TO THE TIMES.]

BERLIN, Jan. 11.—[Exclusive Dispatch.] The silver anniversary celebration of Germany's greatest cardinal, George Kopp, as bishop of Breslau, has thrown strong light upon the desire of the Kaiser and the Pope to continue their friendship, irrespective of parliamentary opposition in Germany.

The presence of Dr. Studt, the Prussian Minister of Education, at Breslau, demonstrated that the Vatican is working for a settlement of the political dispute.

Cardinal Kopp has always fought against democratic and oppositional tendencies of the Catholic parliamentary party, because they menaced the harmony between the Kaiser and the Vatican.

It is not doubted here that Cardinal Kopp has incited the nomination of the independent Catholic candidates, even in constituencies of Catholic leaders. The government's appreciation of the Vatican's attitude goes far to shatter the hope of the Liberals and Protestants for an anti-Catholic majority in the Reichstag.

SMUGGLED JAPS CAUGHT.

EL PASO (Tex.) Jan. 11.—Six Japanese, headed by a soldier in the uniform of his country, were captured at Anapra, N. M., today by Immigration Inspector Cox. The Japanese had been under the guidance of a Mexican, and had smuggled themselves across the border by wading the Rio Grande River. They were brought here, and are being held by the immigration officials pending orders from Washington.

THAW'S JUDGE IS CHOSEN.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, Jan. 11.—[Exclusive Dispatch.] Judge Fitzgerald, who is now presiding in the criminal branch of the Supreme Court, will hear the trial of Harry K. Thaw on a charge of having murdered Stanford White, which is to begin a week from next Monday.

This decision was reached today, although it had been the intention of Dist.-Atty. Jerome to have Judge Greenbaum preside at the trial. No delay or postponement of the beginning of the trial is expected, for both sides are anxious to proceed.

CANADA PLANS SHIP SUBSIDY.

GREAT PLANT IS TO BE PUT AT VICTORIA.

Tyne and Clyde Experts Will Be Sent to Pacific Coast Where It Is Designed to Erect Floating Dock and Build Steel Ships for Oriental Trade.

[BY DIRECT WIRE TO THE TIMES.]

OTTAWA (Ont.) Jan. 11.—[Exclusive Dispatch.] It is probable the Dominion government will at this session subsidize the ship-building industry in order to encourage it. If so, the establishment of the rumored big plant on the Pacific Coast will also be benefited.

Negotiations in progress for over a year at Victoria, B. C., have just materialized. They have been conducted by Fowler, Perks & Co., one of the biggest brokerage firms of London, England, and will result probably in some of the ship-building firms of Newcastle and The Clyde transporting part of their plant and a large staff of workmen, estimated at one thousand, to a Pacific Coast point, probably Victoria.

The plan is to consolidate the British Columbia Marine Railway, the Vancouver engineering works, the New Westminster Foundry, and the big holdings of iron and coal land on the West coast into one concern. This will include the floating dry dock for Vancouver.

The ultimate intention is to build steel vessels at Esquimault.

H. F. Bullen, Victoria, has just gone to London in connection with this huge project. It will mean a large investment of British capital in Canada. Both the principals are members of the British House of Commons.

GALVESTON IS GROWING RICH.

TELLS OF PLENTEOUS BLESSINGS IN STARTLING FIGURES.

Every Line of Industry Seems on Upward Trend and Sum Total of Year's Prosperity Is Told in Bank Clearings That Increase Nearly Two Hundred Millions.

[BY DIRECT WIRE TO THE TIMES.]

GALVESTON (Tex.) Jan. 11.—This port's development is given in the following figures:

Served by 32 steamship lines; foreign exports for year, $185,900,000, increase of $40,000,000 over previous year.

Cotton exported, 2,640,000 bales; increase, 256,500 bales.

Packing-house products, $3,000,000; increase of $1,000,300.

Four hundred and ten foreign vessels entered port with a tonnage of 952,302, increase of 50 vessels. Cleared, 552 vessels, tonnage 1,200,175, increase of 45 vessels. Entered coastwise vessels, 474, tonnage 1,527,770. Cleared, 554, increase of 20 vessels.

Wheat exported, 12,395,900 bushels, increase 9,000,000; corn, 10,500,000 bushels, increase 2,000,000. Total loaded cars handled across wharves, 320,000.

Bank clearances, $690,000,000, increase $181,000,000.

YOUNG BOGLE'S DEATH.

Crescent Coal President's Son Shot Through the Head With Automatic Revolver While Packing.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, Jan. 11.—[Exclusive Dispatch.] After a perfunctory examination, which lasted perhaps half an hour, and developed few of the circumstances surrounding the death of Walter S. Bogle, Jr., son of Walter S. Bogle, president of the Crescent Coal and Mining Company, a Coroner's jury today found that he had accidentally shot himself through the head, while packing an automatic revolver in preparation for a business trip to St. Louis.

Dr. H. Edward Sauer, who married young Bogle's sister and who is now defending an action for divorce, said tonight: "If I had been with Walter last night he never would have done it."

The young man figured in a romantic story, several years ago, when the cards issued for his wedding with Miss Nellie Eldred were recalled a few days before the date for the marriage. Miss Eldred married William Hotchkiss, a former suitor, the day she was to have married Bogle.

SMOOT'S SEAT SAFE.

CHICAGO, Jan. 11.—A dispatch to the Tribune from Washington says Senator Reed Smoot will hold his seat in the Senate unless before his term expires he does something to justify expulsion. There is at present a majority in the Senate who believe that he cannot be deprived of his seat under existing conditions, and that in no cases can he be put out of the Senate except by the method of expulsion which requires a two-thirds vote.

GAS KILLS PLAYERS.

Fatal Explosion at Card Party.

Building in Which Western Catholic Union Held Its Meeting Wrecked.

Two Men Blown Through a Wooden Partition and Both Killed.

Acetylene Tank Lands on a Bed Two Women Were About to Occupy.

[BY DIRECT WIRE TO THE TIMES.]

WILMINGTON (Ill.) Jan. 11.—[Exclusive Dispatch.] An explosion of acetylene gas at Woodman Hall, during the progress of a card party given tonight by the Western Catholic Union, wrecked the building, killed two persons outright, and resulted in the serious injury of three others.

Twelve others were injured in the panic which followed the explosion:

The dead are:

EDWARD A. SCHEIBNER, retired merchant.

F. H. POPE.

The seriously injured:

MRS. JAMES CAVANAUGH, arm broken in two places.

MISS ROSIE HECK, found unconscious beneath wreckage, badly bruised.

REV. FATHER DWYER, scratched and bruised.

BLOWN THROUGH PARTITION.

Scheibner and Pope were killed instantly. They were blown through a wooden partition that separated from the main hall the little rear room in which the acetylene gas plant was located. They had attempted to repair a leak in a pipe.

CARRIED A LAMP.

As far as can be learned, they carried a lamp, and as they entered the little room, the gas which had been escaping caught fire. The force of the explosion was terrific.

It blew out every pane of glass in the entire building, including the large plate glass windows in the front of the store below. The lights in the hall went out immediately.

The card players were thrown into a panic, and made a rush for the stairway, which fortunately was intact. It was in this rush in the darkness that most of the injuries were sustained.

TANK HITS THE BED.

One of the remarkable features of the explosion was the narrow escape of the Misses Kinsella. They own the building and conduct a millinery shop and shoe store on the first floor. They lived in the rear portion, and their bedroom was located directly beneath the acetylene gas-tank room. They were preparing to retire when the explosion occurred.

The acetylene gas tank smashed through the floor, and landed right on their bed, together with a large amount of wreckage. Had the accident happened a few minutes later, they probably would both have been killed.

SUIT INVOLVES FIVE MILLIONS.

TECHNICALITY IN THE WILL OF WARREN B. POTTER.

Papers in the Case Have Been Filed and Impounded by the Court. Legality of Widow's Disposal to Charity Is Questioned—Law Points of Great Interest.

[BY DIRECT WIRE TO THE TIMES.]

BOSTON, Jan. 11.—[Exclusive Dispatch.] Suit involving $5,000,000, arising over a technicality in the will of the late Warren B. Potter, has been brought by the trustees of the estate against the executors of the will of his late wife, Mrs. Sarah E. Potter.

Papers in the case have been filed and impounded by the court, as they contain much evidence to be introduced when the case comes to trial.

It is understood that the trustees question the legality under the law involved of Potter's will bequeathing to his wife his fortune and her subsequent disposal of it to charity. The suit is the largest brought here in many years, and has caused a sensation among lawyers interested in the law points brought out in the suit.

Potter accumulated much of his fortune in ambergris in early whaling days, securing a monopoly of this product.

ARRAIGN GOLDMAN WOMAN.

NEW YORK, Jan. 11.—Emma Goldman had a hearing today on a charge of having made an inflammatory speech Sunday. The policeman who made the arrest told of Miss Goldman's speech and the case was continued until next Tuesday.

STANDARD OIL MEN IN A COPPER TRUST.

Rogers and Other Magnates For Seven Years Have Been Forming Up Good Properties With a View to Merging.

[BY DIRECT WIRE TO THE TIMES.]

BOSTON, Jan. 11.—[Exclusive Dispatch.] J. Pierpont Morgan's billion-dollar steel trust is to be rivalled by Henry H. Rogers and other Standard Oil magnates in a billion-dollar copper trust.

A plan covering the consolidation, under one directing head, of practically all the copper mining and smelting concerns of the country of any consequence is fast shaping up.

For seven years, agents of the Standard Oil people have been quietly examining, and in many cases buying good properties in the leading districts, and in their archives on Broadway are filed voluminous reports concerning producers and prospects from the lake district to the Southwest and Alaska.

Operations of the Cole-Ryan syndicate have made deep inroads upon copper stocks necessary to rounding out the proposition.

The powers behind the billion-dollar copper trust scheme already control Greene Consolidated, Cananea-Central, as is well known, practically control Utah Consolidated, to say nothing of Amalgamated, own heavily of smelting stocks and officially control Keweenaw copper, Keweenaw Central Railroad, Hancock Consolidated and unofficially control Osceola, Seneca, Centennial Allouez and a numbr of other properties at the lake and elsewhere.

It is expected that Quincy, Arcadian, Franklin and Rhode Island will pass into their hands, to be followed by a number of Utah and Butte properties.

PRINCE FREDERICK IN MADEIRA CONCESSION.

[BY DIRECT WIRE TO THE TIMES.]

LISBON, Jan. 11.—[Exclusive Dispatch.] In an interview last night, with Frederico Martins, sole agent and representative here of Prince Frederick Carl of Hohenlohe, in regard to the Madeira concession question, Dr. Martins confirmed previous statements, that Prince Hohenlohe is in no way connected with the new group, which is exclusively British.

The case at present now stands as follows: Prince Hohenlohe's sole desire is to liquidate and retire from the affair; this course being prompted from high quarters in Germany, where his connection with the business, especially in view of the controversies raised, was looked upon with disfavor. The present group, which is exclusively British, succeeded in modifying the foreign office's attitude, notwithstanding opposition from British tradespeople in Madeira, and Dr. Martins considers that the affair will be definitely settled within the next month.

According to the present arrangement, the new group will take over Prince Hohenlohe's concession against the payment to him of £500,000, ($2,500,000,) the expropriation clause, which caused such an outcery, being excluded among other obligations. The syndicate agrees to build a hospital to cost at most £40,000 ($200,000) and to receive forty indigent patients annually gratuitously.

While gaming is not to be the concessionaire's chief aim, ordinary club games will be sanctioned, in imitation of other countries. According to Dr. Martins, the solution of this affair, which, he asserts, is certain to bring unbounded prosperity to Madeira, is a feather in the present government's cap, as first and foremost it means a substantial guaranteed increase in the country's yearly revenue; secondly, it does away in a manner satisfactory to both the British and German governments one of the thorniest questions which, of late years, has cropped up in Portuguese politics.

HEARST WILL MAIL CHECKS.

[BY DIRECT WIRE TO THE TIMES.]

ITHACA, Jan. 11.—[Exclusive Dispatch.] Prof. Duncan Campbell Lee received a telegram from Mr. Carvalho, business manager of William R. Hearst at New York, at 8 o'clock tonight, that checks will be mailed tomorrow to the Democratic editors who circulated extra copies of their papers containing Hearst literature during the last State campaign.

These editors have been clamoring for this money ever since election day. Time and again, Prof. Lee tried to get the money for them, his last attempt being about December 20, when a personal representative of his told Hearst that a great scandal was imminent if the money was not paid.

UTAH WANTS JAPS EXCLUDED.

RESOLUTIONS ON SCHOOL TOPIC ARE INTRODUCED.

It Is Asserted That the President Overstepped Prerogatives in Threatening Force Against California to Compel His Own View of Handling Problem of Asiatic Influx.

[BY THE ASSOCIATED PRESS—P.M.]

SALT LAKE, (Utah) Jan. 11.—A special to the Tribune from Boise, Idaho, says:

In the House today Representative Seawell, Democrat, offered the following joint resolution:

"Whereas the President of the United States, taking advantage of his high office, has through his official message and in threatening language, declared his antagonism to the citizens of California on the Oriental school question; and,

"Whereas, the action taken by the citizens of California is the result of ripe experience and knowledge gained by actual and continued contact with the question in hand; and,

"Whereas, the President in his message to Congress insists upon the equality of the two races, Caucasian and Japanese, said equality going to the extent of citizenship, be it

"Resolved, that we express our confidence in the judgment, fairness and patriotism of our fellow American citizens of the State of California, and our belief that to the best of their ability they are upholding the standard of American citizenship, civilization and morality.

"Resolved, that for the best interests of both Japanese and Americans, it is desirable that the Japanese be excluded from this country in the same way, and to the same extent that the Chinese are now excluded.

"Resolved, that copies of this resolution be forwarded to our members of the United States Congress and that they be requested to act in accordance therewith."

OTHERS MAY BE DRAWN IN.

JEROME HINTS MORE INDICTMENTS ARE PENDING.

Opposes Motion of Counsel for G. W. Perkins, New York Life Insurance Head, to Inspect Minutes of Grand Jury—Subofficials Referred to in Records.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, Jan. 11.—[Exclusive Dispatch.] "One reason why the minutes of the grand jury should not be shown to George W. Perkins is that not only is another person under indictment, who is not yet under arrest, but they refer to several persons who may be indicted."

For the first time, in the foregoing statement, Dist.-Atty. Jerome admitted that the testimony which led to the indictment of George W. Perkins and Charles S. Fairchild, as officials of the New York Life Insurance Company, was of such a nature that it reflected on other officials of the company.

He said this in opposing the motion of counsel for Perkins for an inspection of the minutes of the grand jury, which handed down the six indictments for forgery in the third degree against him.

HER COMING-OUT PARTY.

Washington B. Thomas's Daughter of Somerset Street Has Swellest of Boston's Functions.

[BY DIRECT WIRE TO THE TIMES.]

BOSTON, Jan. 11.—[Exclusive Dispatch.] The greatest of all "coming-out" parties ever held in Boston was that tonight at the Hotel Somerset for the début of Miss Helen Thomas, daughter of Mr. and Mrs. Washington B. Thomas of Gloucester street, Boston.

It was the most brilliant, richest in appointments and most expensive ever recorded in Boston's ultra-exclusive society. Not even in entertaining royalty here has so much money been spent on one social event. The cost, it is estimated, will exceed $25,000.

The magnificent ballroom of the Somerset had been transformed into a fairyland and was thronged with the most exclusive people of Boston, New York, Philadelphia and Washington sets, who made special trips to attend. Miss Thomas is famed for her beauty.

WEEK OF FRITTER.

"Roast" of Lazy Lawmakers.

Both Houses Adjourn Until Monday After Dealing Out Much Pap.

South California Tries to Do Business, but Is Incontinently Spanked.

Attempt to Create Sensation by Uncreating Building and Loan Commission.

BY B. FRANK GREAVES.

[BY DIRECT WIRE TO THE TIMES.]

SACRAMENTO, Jan. 11.—[Exclusive Dispatch.] A week has been frittered away by the Legislature of California without the accomplishment of even a suggestion of the duties for which it was elected. Both houses adjourned today until Monday, having failed to do anything but provide for the expenditure of more than $2000 a day for attachés, the great bulk of whom are worthless political bloodsuckers.

It is true that a Governor and Lieutenant-Governor have been inaugurated in this time, but that required only the small part of one day. Now that the patronage has been doled out, in part at least, it is expected that matters of legislation will be taken up next week.

Southern California members, led by Assemblymen Stanton and Transue of Los Angeles, made an attempt today to have bills introduced at once, so that delay might be avoided, but the Senate delegation, aided by the obstructionists, headed off the plan, although not without a hard fight.

CHARGED TO RUEFITES.

The Ruef followers of San Francisco thought the members of the South sought undue advantage in bringing oilis up at once. Assemblyman Coghlan, leader of the union labor "nondescripts," wanted time to get back to San Francisco between now and Monday to get instructions from their indicted bosses, and with the help of their misguided dawdlers, they succeeded in defeating Stanton's resolution on roll-call.

As a result, no bills will come before the Assembly before Thursday or Friday of next week, and the Legislature will be obliged to remain in session probably ten days beyond the limit fixed by the Constitution.

But the obstructionists excuse themselves on the ground that the people, by failing to vote approvingly on the Constitutional amendment taking the limit from the length of the session, are responsible for any evils that may exist; likewise, for the failure to limit the amount of State's money to be squandered in patronage.

Los Angeles county was the leader in the State in declaring for taking the limit from the length of the session, and for voting to cut down the amount of patronage to be distributed.

HOLDING THE JOBS.

The patronage outrage grows as its details become better known. It was learned today, that one political favorite holds two jobs, each paying $4 a day, while he does absolutely no work for the State. The clerk of one of the leading hotels is on the State payroll at $5 a day, although he has no public duties to perform. Even some newspaper representatives, including numerous country editors, have been placed on the State pension list, in an effort to prevent them from making known the diabolical steal that has been perpetrated.

NEEDS MORE ROOM.

Aside from fearing that the Red Men's Hall, in which the legislative sessions are held, is unsafe, the Senate today took notice of a complaint that there is inadequate committee room, and a committee is to be appointed to find additional quarters within convenient distance for the assembling of the various committees. The Assembly also wants more committee rooms, so the State's rent bill, already swelled to a large sum by the dismantling of the Capitol during repairs, promises to be swelled still more.

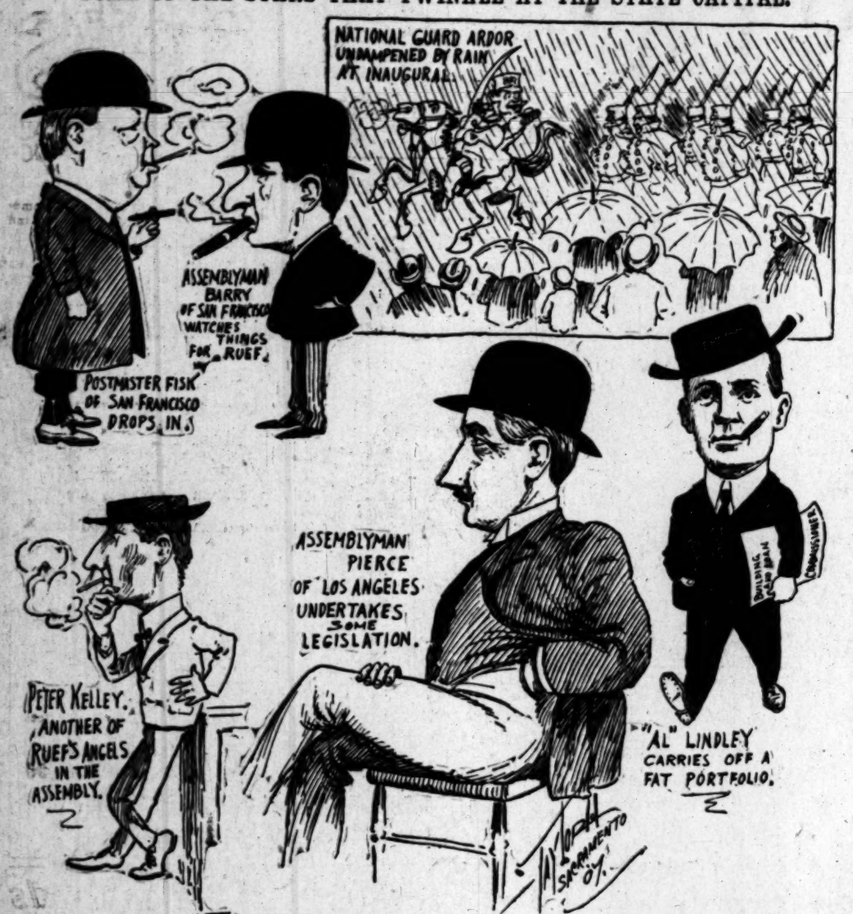
CAN'T HEAR.

The Assembly also has another complaint. Members in the rear part of the temporary chamber are unable to hear the Speaker's voice, owing to the execrable acoustic properties of the room. These back-row people introduced a resolution today calling for a change in the seating arrangements, so that all members might be closer to the Speaker's chair, and there is prospect that the change will be made.

ATTEMPTED SENSATION.

An attempt to create a political sensation was made this afternoon when it was announced that a bill would be introduced in the Legislature abolishing the Building and Loan Com-

SOME OF THE STARS THAT TWINKLE AT THE STATE CAPITAL.



mission of the State, thus doing away with the jobs recently passed out by Gov. Pardee to Albert Lindley of Sacramento and Assemblyman J. P. Transue of Los Angeles; also that there would be a bill cutting out the office of attorney to the State Board of Health, a place that was given at the last minute, by the retiring Governor, to his private secretary, J. A. Elston.

Foundation for the report rests in the supposition that the "machine" wishes to "spank" Lindley, who was a Pardee supporter during the last campaign, and that it also wishes to take a parting dig at the Governor just retired, by ousting some of his friends from office.

There seems to be little likelihood, however, that the Assembly will consider the proposed measures, for Lindley and Transue of the Building and Loan Commission already have taken steps to perform some services for the $3400 a year they are to receive, and there is no disposition to fight either of them, although "Tom" Fox, the Democratic boss of Sacramento, would like to lift Lindley's scalp. As for Transue, a new commission could be created, and he would be cared for properly. He is in favor with the "organization," and there would be no attempt to humiliate him.

DEMOCRATIC DOINGS.

Gov. Gillett, though, is not disposed to look with favor on the suggestion, which originated from Democratic sources rather than from the "machine," and it is safe to predict that Lindley and Transue will be undisturbed.

Elston is extremely popular with all the politicians, and there is no desire on the part of most of them to prevent him from remaining in the fat sinecure passed out to him, as W. I. Foley of Los Angeles, appointed by Gov. Gage at the close of his administration, has drawn down the $3000 salary annually without molestation, although it is doubtful if he was required to give more than a week's time to the duties in the four years he held the place.

The situation is peculiarly interesting to Los Angeles people for the reason that Lindley is a brother of Dr. Walter Lindley, late Republican candidate for Mayor, and Transue and Foley are both residents of that city.

CRITICISING PRESIDENT.

Senator Sanford, a Democratic member from Ukiah, will make an effort, early this session, to secure the adoption of a measure recommending the exclusion of Japanese from the United States and severely criticising the President for his position in the school matter. Sanford will have some support, but not enough to be effective, as the Legislature will await the expression by Gov. Gillett of his views on the question.

Gov. Gillett omitted mention of the Japanese situation from his message through his desire not to interfere with the plans of the President, the development of which is awaited before any procedure shall be suggested to the California Legislature.

HE DROVE FOR GEN. JACKSON.

[BY DIRECT WIRE TO THE TIMES.]

DES MOINES (Iowa) Jan. 11.—[Exclusive Dispatch.] David Martin, an ex-slave, 100 years old, died in the Anamosa penitentiary, this afternoon, where he was serving a life sentence for the murder of his wife.

The prison officials say Martin had documents showing he served Andrew Jackson as coachman. Martin once refused a parole, saying he preferred to remain in prison.

CALIFORNIA LEGISLATURE

THIRTY-SEVENTH SESSION.

[BY THE ASSOCIATED PRESS—A.M.]

SACRAMENTO, Jan. 11.—ASSEMBLY.—The Assembly convened at 10:15 o'clock and the opening routine followed.

Mr. Johnson of Sacramento made a motion that Rule 78 of the lower house be stricken from the book, as it was unnecessary and apt to be confusing. While the motion was still under discussion a message was announced from the Governor. Mr. Johnson's motion was adopted.

Several minor resolutions were sent to the desk, and Mr. Stanton sent up a resolution to the effect that the time for the introducing of bills be set for today.

Mr. Johnson made a motion that the routine business be completed first, and Mr. Stanton temporarily withdrew his resolution.

A list of four final appointees was sent to the desk and adopted. This practically exhausts the patronage of the lower house.

Gov. Gillett's message was then read. It contained a few words in regard to source of the correspondence from his office.

Considerable heated debate arose in connection with Mr. Stanton's motion to begin the introduction of bills today, and the resolution was defeated.

A few names were submitted in the list of appointees.

A motion was submitted and adopted that the Assembly adjourn until Monday at 11 o'clock.

Ever since Monday, the members in the back part of the Assembly chambers have been complaining that they could not hear the speeches of members near the Speaker's desk. They stood it until this morning, and then Mr. Hewitt of Yuba introduced a resolution asking that the sergeant-at-arms be instructed to have the Speaker's desk and all other desks near him moved to the north side of the hall and the desks of the members turned in the same direction, so that all would be nearer the Speaker.

The job would be a big one, and for some time there was silence and whispering. Then Mr. Johnson inquired what the cost would be. No one knew, and Mr. Stanton asked that no decision be made and that the matter be laid over until Monday.

Mr. Estudillo was successful in getting a resolution adopted authorizing the payment of $50 to the chief clerk for expenses incurred by the latter.

SENATE.—The Senate was in session about fifteen minutes, this morning, when Senator Leavitt motioned that the body adjourn until Monday at 10 o'clock.

A resolution was sent to the desk by Senator Keane to the effect that fifteen additional committee rooms be secured. The motion was adopted.

The patronage of the upper house has not been exhausted, and it is probable that there will undoubtedly be at least fifty more appointments.

Senator Keane of San Francisco voiced the sentiment of the Senate, this morning, when he cried for "more room," and introduced a resolution asking that a committee be appointed to secure fifteen more rooms for the Senate committees. In the resolution, he states that there is not enough room for legislative work in Redmen's Hall, and these additional rooms must be rented within a convenient distance of the temporary legislative building.

Members of the Senate do not know where these rooms can be obtained, as all the office buildings in the city are filled and there are certainly none within a "convenient" distance of the hall. The Assembly will demand a number of committee rooms, and with this demand the affairs of the Legislature may reach a deadlock. The State is paying $6000 for Redmen's Hall, and now, as these rooms will average $70 each, the amount will be increased to $6600.

Each Senator has from two to twenty-five bills to introduce next Monday.

Senator Sanford of Mendocino has a bill ready for presentation which deals with the election of United States Senators.

PARDEE SAYS GOOD BY.

WILL RETURN TO OAKLAND.

[BY DIRECT WIRE TO THE TIMES.]

SACRAMENTO, Jan. 11.—[Exclusive Dispatch.] Dr. George C. Pardee packed up his personal belongings today, preparatory to leaving with his family for their old home in Oakland, where he will resume the practice of his profession.

During the day, the former Governor held an informal reception in the office of Controller Nye, where he met and bade farewell to a large number of those who had been associated with him during his four-year administration.

It is declared that Dr. Pardee has no intention of remaining out of politics.

POPE PUBLISHES HIS ENCYCLICAL.

REPLIES TO WAR CHALLENGE OF FRENCH NATION.

Pontiff Declares It Is Impossible to Accept Propositions of Clemenceau and He Predicts Final Victory for the Gallican Bishops, Provided They Stand in Union With Rome.

[BY THE ASSOCIATED PRESS—A.M.]

ROME, Jan. 11.—The Osservatore Romano today publishes the text of an encyclical addressed by the Pope to the French Catholics. The French government's declaration of war was, he said, not only against the Christian faith, but against all spiritual ideas. The French Catholics must be prepared for all sorts of trials but they are certain of final victory. This meant the maintenance of their union with the Holy See, which was of the greatest importance. Contrary to the statements made on the subject, the church did not desire a religious war.

Regarding the ecclesiastical properties the encyclical said the Pope had not abandoned them. The French government has imposed on the Catholics of France an organization which the church was absolutely unable to accept without imperilling her existence a divine institution. The church could not prevent the unjust spoliation of progress for as the proposed cultural associations were opposed to the hierarchy established by Christ, the Pope condones them in spite of the consequent material injuries involved at the hands of the government.

In this encyclical the Pontiff said his chief object in addressing the faithful in France was to comfort them in their sufferings for which he felt deeply.

Continuing, the Pope said:

"We have been accused of prejudice and inconsistency. It has been said that we refused to approve in France what we had already approved in Germany. But this reproach is unjust and unfounded, for while the German law is condemnable on many points and was officially accepted in order to avoid greater evils, the situations are very different. The German law explicitly recognizes the Catholic hierarchy while the French does not.

"Although her Divine Founder was born poor in a stable and died poor on the cross, and although the church knows poverty from the cradle the property she was possessed of nevertheless belonged to her and no one has the right to deprive her of it. This ownership has been officially sanctioned by the States.

"The statement that the government disposed of the 'abandoned' property of the church is adding derision to spoliation.

"From the point of view of the exercise of religion the new law has organized anarchy. It installs a regime of uncertainty and arbitrariness. There is uncertainty as to whether the churches which are always liable to disaffection shall or shall not, in the meanwhile, be at the disposal of the clergy and faithful. In each parish the priest will be in the power of the municipality, with the consequent possibility of conflicts in all parts of the country. In addition the clergy are under an obligation to meet the heaviest expenses, while their sources of revenue are subject to the strictest limitations. The new law aggravates the law separating Church and State. We can only condemn it with precision and without ambiguity. Certain articles of the law throw new light on the real aim of our enemies. They wish to destroy the Church and dechristianize France without attracting too closely the attention of the people. If their course was really popular, as they pretend it is, they would pursue it openly and take all the responsibility.

"In conclusion, the papacy wishes to remind the world that 'man must concern himself here below with higher ideals than the occurrences of every day life, and that supreme, incloable joy of the human soul on earth is to accomplish its spiritual duty at all costs and thus, in spite of all, honor, serve and love God.'"

FRENCH EXPECTED IT.

[BY THE ASSOCIATED PRESS—P.M.]

PARIS, Jan. 11.—The Pope's unreserved condemnation of the new separation law while expected, can only result in further embittering the contest between Church and State, as the French bishops, who are about to assemble must follow the orders of Rome, regardless of their individual ideas. The Temps consider the encyclical as proof that the Vatican is determined to continue the war. As an illustration of what it terms the speciousness of the Papal arguments the Temps says that the statement that a priest cannot be a judicial occupant of a church is no longer true under the new law, and that the disaffection of churches, which the Pope says was never admissible, has a possibility even under the concordat.

It is expected the government will soon reply to the encylical either in the form of a communique or by declaration in Parliament.

PITH OF NEWS FROM THE MIDDLE WEST.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, Jan. 11.—[Exclusive Dispatch.] Snow began falling early tonight and at 10 o'clock had covered the ground to a depth of more than one inch. The snowfall came rather as a surprise, in view of the forecast, which predicted rain and warmer weather. The mercury hovered near freezing throughout the day. Minimum temperature was 28 deg., maximum 34 deg. Middle West temperatures, the dash indicating below zero:

VIGOROUS CLEARING.

Preparations were made today by State Attorney Healy for one of the most vigorous docket-clearing operations the Criminal Court has seen in years. The dockets of the Criminal Court now contain some 1700 untried cases. There are in the County Jail 530 prisoners, among them fifty women, awaiting the action of the grand jury under various accusations. Of this number, fifty are accused of murder or manslaughter. Never before has the jail contained such a number of persons charged with the taking of human life.

ALUMNI BURGLARS.

Three college graduates, one of them the scion of a wealthy London (England) family, were arrested today, charged with having committed various burglaries on the North Side the last month. Miss Ella Church, 18 years old, of Ohio street, the fiancée of one of the burglars, was also arrested, charged with having received stolen property. The men arrested are Richard Erickson, Percy C. Hicklin, graduate of Oxford University, England, and alleged heir to an English estate, and Wheeler J. Brown, graduate of Syracuse Technical College.

WARNED FROM GOLD FIELDS.

[BY DIRECT WIRE TO THE TIMES.]

COLORADO SPRINGS (Colo.) Jan. 11.—[Exclusive Dispatch.] The Western Federation of Miners, which was practically exterminated at Cripple Creek as the result of prompt military tactics of former Gov. Peabody in 1904, has issued a manifesto forbidding all prominent Cripple Creek owners from operating in Nevada gold fields. They are warned not to visit Nevada with a view to operating mines, and union miners are informed that they are disturbers and a menace to any community in which they live. Several of the persons named reside here, and are already interested in Nevada mines.

TAXPAYER'S SUICIDE.

[BY DIRECT WIRE TO THE TIMES.]

JEFFERSON (Wis.) Jan. 11.—[Exclusive Dispatch.] "This county will never get another cent out of me," exclaimed John Janetcheck of Farmington township, in the County Treasurer's office today, objecting to the total of his taxes as being excessive. A few hours later his wife found him in their barn, hanging by a rope from a rafter. He was old and wealthy.

STINSON BROUGHT BACK.

[BY DIRECT WIRE TO THE TIMES.]

TERRA HAUTE (Ind.) Jan. 11.—[Exclusive Dispatch.] Vice-President William Stinson of the Indiana Mine Workers, accused of the theft of $751 from the desk of Treasurer Kennedy Christman, was brought back from New York today and arraigned. He gave bond for $1000. He had $451 of the stolen checks.

CHANDLER PAYING UP.

[BY DIRECT WIRE TO THE TIMES.]

MACOMB (Ill.) Jan. 11.—[Exclusive Dispatch.] C. V. Chandler's wrecked bank is now paying off depositors. When the bank was closed, Chandler promised to pay back dollar for dollar and he is now making good his promise.

Oregonian wins a will case and gets a fat fee.

FEE IS HALF OF ONE MILLION.

SENATOR PILE RECEIVES DEEDS FROM SULLIVAN HEIRS.

Successfully Conducted Long Litigation and at Last Reaps Reward in Payment of Enormous Compensation by Beneficiaries of His Labor.

[BY DIRECT WIRE TO THE TIMES.]

SEATTLE (Wash.) Jan. 11.—[Exclusive Dispatch.] By the terms of the decision of Judge Arthur E. Griffin in the famous John Sullivan will case, United States Senator Samuel H. Pile is to receive one-half of the residue of the estate, which is estimated to amount to not less than $900,000 by the probate department of the County Clerk's office.

The deeds of conveyance by two successive heirs, Edward Corcoran and the estate of Johanna Callaghan, were made directly to Samuel H. Pile in consideration of his assistance in carrying the cases to a final conclusion and in rendering the necessary attorney's services.

DUNNE WARNS ATTORNEY ACH.

SAYS HE WILL SEND HIM TO JAIL FOR TRUCULENCY.

Advocate for Defense in Graft Cases So Frequently Insults Witnesses That Court Is Compelled to Threaten Most Drastic Punishment to Preserve Decency in Trial.

[BY THE ASSOCIATED PRESS—A.M.]

SAN FRANCISCO, Jan. 11.—During the examination of Grand Juror Maurice Levingston for bias in the Schmitz-Ruef case in Judge Dunne's court today, Attorney Ach asked him if it were not true that he had at one time kept a sailors' boarding house on the water front. Johnson jumped to his feet with a vehement denunciation of Ach's manner, characterizing it as insulting, and asking the court to direct Shortridge, Ach's associate, to conduct the examination.

Judge Dunne refused to do this, but he told Ach that if he persisted in offending he would send him to jail.

Levingston admitted that he had opposed Schmitz and Ruef because of their grafting methods. In explaining his understanding of the word "grafting," he said it was a practice morally wrong but legally unassailable.

Frank A. Christmas and William Hart, automobile agents, whose place of business is near Levingston's store, testified that they had frequently heard Levingston refer to Ruef and Schmitz as "thieves" and "grafters," and Attorney Garfinkle gave evidence to the same effect.

"Did you think that Ruef got $750,000 from the United Railroads for letting them string their trolleys through the streets?" asked Ach of Grand Juror Levingston.

"I would not say for certain that he would not do it."

The examination of Levingston continued until 6 o'clock this evening, when Judge Dunne ordered Ach to cease, as in his opinion it had gone beyond all bounds.

Levingston stated that his expressions that Schmitz and Ruef were "grafters" were made prior to the last election, and merely were his political opinions. The hearing was continued until next Thursday.

INCREASE FIREMEN'S STOCK. TO PAY OFF LOSSES.

[BY THE ASSOCIATED PRESS—A.M.]

SAN FRANCISCO, Jan. 11.—It was the unanimous decision of the stockholders and directors of the Firemen's Fund Insurance Company meeting held yesterday to increase the capital stock $600,000. As it now stands the capital stock will be $1,600,000. This action was taken to provide stock to deliver to the loss claimants who under their settlement with the company have been receiving 50 per cent in money and the rest in shares of stock. Additional stock for these payments will require from 8000 to 9000 shares and of this 3000 shares will be forthcoming from the stockholders. Already enough has been paid in to furnish the entire amount of necessary capital.

DINAN'S CASE IS POSTPONED. EXTORTION CASE PROCEEDS.

[BY THE ASSOCIATED PRESS—A.M.]

SAN FRANCISCO, Jan. 11.—The conspiracy and perjury charge against Chief of Police Dinan and the conspiracy charge against Ruef have been continued for one week because the time of the court is occupied with the hearing of the Ruef extortion charge. On account of the serious illness of Frank Dibble, attorney for Nicholas and Duffy, the trial of the two defendants indicted by the grand jury was put over by Judge Lawlor this morning until two weeks after January 21, the date previously set.

SHIPS RICH GOLD ORE.

[BY THE ASSOCIATED PRESS—P.M.]

SACRAMENTO, Jan. 11.—Thirteen cars loaded with Goldfield ore, valued at $7,000,000 arrived in this city this evening and will remain on a spur north of the depot all night, closely guarded by eight heavily-armed men. The ore is destined for Vallejo Junction, where it will be treated in the reduction works and turned into shining bars of gold and silver.

Each car contained 100,000 pounds of the precious mineral carefully sacked. Every piece of the ore is a specimen and the gold can be seen in any of it. This is the largest and richest shipment of ore that has left Goldfield for several months.

SLOPE BRIEFS.

Tugs Are Floated.

PORTLAND, Jan. 11.—An Oregonian special from Eugene Ore., says the tugs Robarts and Roscoe which were ashore at the mouth of the Siuslaw River have been floated undamaged.

Seattle's Heavy Snowfall.

SEATTLE (Wash.) Jan. 11.—The heaviest snowstorm since 1893 swept over Seattle tonight. In the hill districts there is ten inches on the level, and the snow is still falling.

To Build Great Dry Dock.

PORTLAND, Jan. 11.—The Evening Telegram says that the St. Johns' Shipbuilding Company is back of a proposition to build at St. Johns, a suburb of Portland, a million-dollar steel plant and drydock. Portland capital is heavily interested and it is said funds sufficient to carry the project through have been guaranteed.

Cut Tow Adrift.

SAN FRANCISCO, Jan. 11.—The Merchants' Exchange has received a dispatch from Astoria stating that the tug Sampson arrived there today without the bark Big Bonanza, which she had endeavored to tow from San Francisco to Portland. During rough weather on January 5 the Big Bonanza was cut adrift and was not again seen by the Sampson.

Build Short Railway.

SAN FRANCISCO, Jan. 11.—Articles of incorporation of the Oroville and Nelson Railroad Company were filed yesterday. The company, which is almost entirely composed of officials of the Southern Pacific, will build a railroad from Oroville to Nelson in Butte county. The new line will be thirteen miles long and will connect the Oroville branch of the Southern Pacific with the company's Ogden line.

Surrenders Master's License.

SEATTLE, Jan. 11.—Captain Moe, master of the Sound Steamer Monticello, has surrendered his license to Marine Inspectors Whitney and Turner as a result of charges made that he had received his papers by misrepresentation during the time Inspectors Bryant and Cherry held office. Moe says that it was unintentional misrepsentation on his part and that he will apply for new papers. The charges were made by officers of a company having boats in competition with those owned by Moe.

Water Rights Offered City.

SAN FRANCISCO, Jan. 11.—The Mokelumne River and Blue Lakes project of water supply for San Francisco was offered yesterday to the Supervisors by the Sierra-Nevada Water and Power Company for $2,000,000. The offer includes the entire rights and plant of the company. It is claimed that this system has an immediate capacity of 135,000,000 gallons per day, which can be developed at a reasonable expense to 200,000,00 per day.

Bank Clearings Increase.

SAN FRANCISCO, Jan. 11.—Another increase over a big week in bank clearings of last year is shown in San Francisco for the week ending Thursday noon, January 10. Last January was a heavy banking month owing to several large deals put through at the beginning of 1906, but even with that handicap this year starts out with a splendid record. The figures for the week just closed amounted to a total of $45,276,673, against $44,825,584 for the same week of last year, the increase being 1.18 per cent.

Kings County Land Case.

SACRAMENTO, Jan. 11.—Judge Hughes today issued a writ of mandate in the case of Laura W. Blakeley against Victor H. Woods, Surveyor-General. The petitioner, it had been shown, had taken up a certain parcel of land in Kings county and had complied with all the requirements of the law. The Surveyor-General, however, had refused to issue her a patent to the land. The court held that she was entitled to the patent, and ordered the writ issued.

Schmitz Fills Offices.

SAN FRANCISCO, Jan. 11.—Mayor Schmitz made the following appointments today: Supervisors, J. J. O'Neil and O. A. Tveitmoe; Board of Public Works, George F. Duffey; Fire Commission, G. H. Goodman and Mario Bollo; civil service commission, Richard Cornelius; election commission, Thomas V. Cator; Board of Education, David Oliver, Jr.; Board of Health, Dr. Jules Simon; Park Commission, J. C. Kirkpatrick; Police Judge, Chas. R. Weller.

UNION LEAGUE PRESIDENCY.

Sheldon Is Elected After Morgan and Frick Decline to Serve as Chiefs.

[BY THE ASSOCIATED PRESS—A.M.]

NEW YORK, Jan. 11.—George R. Sheldon was elected president of the Union League Club last night, to succeed ex-Secretary Cornelius N. Bliss, who retired, having filled the office since 1902.

Sheldon defeated ex-Senator Warner Miller, after one of the most active campaigns the club has known for a long time.

More than six hundred members attended the meeting to vote. The nominating committee, it was learned, tried to get J. Pierpont Morgan to stand for the presidency, but he declined, as did Henry C. Frick, who was next waited upon by the committee. Sheldon was then decided upon.

ATTACKS COPPER EXPERT.

Lawson Accuses Horace J. Stevens of Blackmail—Ground for Libel Suit.

[BY DIRECT WIRE TO THE TIMES.]

BOSTON, Jan. 11.—[Exclusive Dispatch.] Thomas W. Lawson's advertisement on Trinity copper, today, attacks Horace J. Stevens, the Houghton, Mich., copper expert, former assistant commissioner of mineral statistics and publisher of the Copper Handbook, practically accusing Stevens of blackmailing.

The attack arose over another controversy with a Philadelphia brokerage house, who quoted Stevens's handbook to one of their customers on Lawson's Trinity. Stevens says in his report on Trinity: "Lawson's mining career is malodorous," etc. "He did the 'dirty work' for Amalgamated," etc. "Combines polish Chesterfield with vocabulary fishwife," etc. "Those who follow him need not be surprised if any are robbed at some turn of the road."

This was quoted to a customer, who wrote to Lawson. The latter retaliated by using up some of the aforementioned vocabulary, excoriating brokers and attacking Stevens, saying:

"Stevens's character and business are well known in copper circles. His tirade was delivered because I refused to pay toll to him. I bluntly told Mr. Stevens that neither Trinity nor its president had any funds for him. He prints a book of copper statistics and derives his revenue from selling pages to those copper properties whose promoters do not wish to be harshly spoken of."

Stevens is said by lawyers to have strong grounds for a libel suit and heavy damages against Lawson.

SUPERIOR COPPER OPTIONS.

BOSTON, Jan. 11.—[Exclusive Dispatch.] An assessment of $1 per share is to be called on the stock of the Lake Superior and Arizona, whose property is located at Superior, Ariz., and is owned by the Calumet people. Options have been given the Cole-Ryan people, and to interests connected with the Calumet and Hecla people, but no deal has been made for the transfer of control, and the owners will continue to operate the property.

AT THE CITY HOTELS. ARRIVALS YESTERDAY.

WASHINGTON.

WHERE WAS M'LACHLAN?

Burton and Heuer Hold Important Conference.

Fate of the California Water Projects in Balance.

Geological Survey Has Big Plans for the State.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, Jan. 11.—[Exclusive Dispatch.] California members are greatly frightened, today, about the secret conference Chairman Burton of the Rivers and Harbors Committee had with Col. Heuer, the California district army engineer, who just arrived here. Heuer knows all about California waterway improvement projects, and is known to be opposed to some.

The California members fear Heuer filled Burton with ideas for use in opposing their claims for waterway improvements in the forthcoming bill.

McLachlan is supposed to have charge of the California projects before the committee, but he did not attend the Heuer-Burton conference, and knows nothing about what was decided.

Representative Knowland and other friends of Oakland harbor improvement are afraid that Heuer and Burton together will kill their plans.

Mr. Needham fears for the safety of the Monterey harbor proposition, and other members fear defeat for pet projects. Mr. Needham may be consoled, however, by the well-founded report that provision will be made in the bill for a survey of both the San Joaquin and Sacramento Rivers, with a view to establishing a 14-foot channel to Stockton and Sacramento.

McLachlan was opposed to the San Joaquin and favored the Sacramento survey, which is championed by Mr. McKinlay. He finally concluded he could not fairly include one and exclude the other from the bill.

DELEGATIONS HEARD DAILY.

[BY THE ASSOCIATED PRESS—P.M.]

WASHINGTON, Jan. 11.—The Rivers and Harbors Bill, it is now announced, probably will not be reported to the House January 16. Subcommittees are engaged in discussing projects assigned to them, and delegations representing various sections of the country are heard daily by the various subcommittees. Mr. Burton and his associates hold firmly to their decision not to have any hearings before the entire committee because of the shortness of the session.

GEOLOGICAL SURVEY WOFK.

BIG PLANS FOR CALIFORNIA.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, Jan. 11.—[Exclusive Dispatch.] Mr. Needham today discussed the cooperative work of the Geological Survey and the State of California with Chief Layton of the Hydrographic Division. He learned that the department has good plans for the ensuing year, and immediately telegraphed to legislative members to favor the usual $10,000 appropriation for cooperative work by the State.

Needham told Layton that the people of Madera county were anxious to know what is the best source of water supply from which they can irrigate the land. Layton promised to undertake the investigation desired.

There will also be other investigations of water sources in California.

Mr. Needham was also promised that topographic work will be undertaken during the ensuing year in San Joaquin Valley, in addition to similar work in the Sacramento Valley.

Investigation of underground waters on the west side of San Joaquin Valley is nearly completed, and the department promises a special bulletin on the subject soon.

CHINA BOUGHT LESS GOODS.

STATISTICS OF LAST YEAR.

[BY THE ASSOCIATED PRESS—A.M.]

WASHINGTON, Jan. 11.—That the importation of cotton goods into China suffered a heavy falling-off during the year just closed is the assertion made in a statement issued today by the Bureau of Statistics in the Department of Commerce and Labor. This reduction, however, is general, and not aimed exclusively at this country. The reason for this marked decline in China's importation of cotton products is due, it is explained, to the fact that the Flowery Kingdom bought more of these goods than she could consume a year ago.

Kerosene oil, the second article of importance of American export trade to China, also shows a marked decline for the last year. During eleven months in 1905, the export trade in that product amounted to 71,500,000 gallons, while in the like period of the past year the exports to China had fallen to about 44,000,000 gallons.

CHEROKEES ASK RELIEF.

COMPLAIN OF ATTORNEYS.

[BY THE ASSOCIATED PRESS—A.M.]

WASHINGTON, Jan. 11.—David Muskrat, Frank J. Boudinet and J. Henry Dick, representing the Eastern Cherokee Indians, have presented a petition to the Senate committee which is engaged in investigating the affairs of the Five Civilized Tribes, praying for relief on account of the payment of $147,000 made to attorneys on the authority of the Secretary of the Interior.

The payment was made in connection with an effort to recover funds from the government, and the Eastern Cherokees contend that the sum was far in excess of the amount called for by the contract. They therefore request that Secretary Hitchcock be asked to explain the expenditure, and that relief be granted, if it be found excessive.

The Cherokee committee says concerning the employment of attorneys that after the services of the late J. T. Springer had been engaged, the Indians met with objections from Secretary Hitchcock, and on his recommendation, made a new contract with the St. Louis law firm of Finkelberg, Nagel & Kirby. A member of this firm, they say, is a brother of the son-in-law of Secretary Hitchcock.

They also declare that Mr. Springer was induced by a secret agreement to withdraw from his position as counsel, and that after his death his estate received $17,000 from the moneys paid to the attorney.

It is also asserted that unfair means were used to secure the cooperation of Chief Buffington in carrying into effect the contract with the St. Louis firm.

The Senate committee has not taken up the petition, and the members decline to give out anything concerning it, or to forecast their course in dealing with it.

UNCLE SAM'S NAVAL OFFICERS.

BIG WARSHIP PROBABLE.

[BY THE ASSOCIATED PRESS—A.M.]

WASHINGTON Jan. 11.—Chairman Foss of the House Committee on Naval Affairs expects to have the Naval Appropriation Bill ready to report to the House February 1. Secretary Metcalf will appear before the committee next week and his statement will complete the hearings.

It is practically assured that the bill will not carry an appropriation for an additional battleship but it will reauthorize the building of the vessel of the proposed Dreadnaught type which is the equal of any vessel afloat. There is some doubt as to whether that ship was properly authorized at the last session. In the opinion of the members of Congress this was so "juggled" between the two bodies of Congress that merely the drawing of plans was provided for.

PACIFIC COAST'S NEEDS.

Although the suggestion has been made that, on account of the weak reputation of armored ships on the Pacific Coast, several such vessels should be sent there at once, it was stated today that the Naval General Board has no present intention of disturbing the plans made long since for the maneuvers which are about to begin at Culebra and Guantanamo. The programme of exercises covers a period of six weeks, during which time the entire Atlantic fleet will undergo rigid drills and target practice.

It is not improbable, however, that after the fleet reaches these waters for the final scraping and minor repairs, and is ready to be dispersed, some ships of the heavy armored class may be sent around the Horn for station in the Pacific waters, along the United States Coast. This, is is said, can be accomplished without seriously affecting the composition of the Atlantic fleet, because of the fact that several new battleships and armored cruisers will be commissioned within the next few months, which can take the place of the vessels withdrawn.

FORTIFICATION BILL.

[BY THE ASSOCIATED PRESS—A.M.]

WASHINGTON, Jan. 11.—In presenting the Fortification Bill to the House in committee of the whole yesterday, Representative Smith of Iowa stated that only once in 13 years had so small an amount been carried in a fortifications bill. The bill carried $132,000 to make 14-inch guns, which, he said, was largely in the nature of an experiment.

He said the members of the Appropriations Committee found themselves between two conflicting elements, the one thinking that the country is progressing too rapidly in the defense of our insular possessions, and the other contending that it is proceeding too slowly. Since the plans adopted by the so-called Endicott board, created in 1885, $4,201,042 has been appropriated.

SMOOT'S RIGHT TO A SEAT.

SENATOR HOPKINS OF ILLINOIS SPEAKS IN DEFENSE.

Maintains That Members of the Senate Are Not Federal Officers to the Extent That They Are Open to Impeachment — Claims Record Is Against Polygamy.

[BY THE ASSOCIATED PRESS—P.M.]

WASHINGTON, Jan. 11.—The first speech in defense of the right of Reed Smoot to a seat in the Senate was delivered today by Senator Hopkins of Illinois.

Mr. Hopkins took the position that Senators were not Federal officers to the extent that the Senate could pass upon their qualifications and eligibility, or impeach them for high crimes or misdemeanors. If a Senator was to be punished, it must be done by the State or Federal courts. Only the Federal officers, he maintained, were impeachable, and this impeachment must be for acts committed as such Federal officers.

The precedent cited was the unsuccessful effort to impeach Senator Blount of Tennessee, charged with treasonable correspondence with a foreign nation more than one hundred years ago. The conclusion then, Mr. Hopkins said, had never been reversed, and that was that the Senate had no right to try the case, as Senator Blount was not an officer of the United States. Referring directly to Mr. Smoot, he continued:

"It is conceded by the chairman of the Committee on Privileges and Elections that Senator Smoot possesses all the qualifications spoken of in the Constitution itself.

"That he is not a polygamist, that he has never married a plural wife, and has never practiced polygamy; that he is a man in his personal relations as son, as husband, father and citizen, above reproach; that in all of the relations of citizenship he has lived a singularly pure and upright life.

"Why then," he asked, "should he be expelled from this body, disgraced and dishonored for life, a stigma placed upon his children, his own life wrecked, and the happiness of his wife destroyed?

"He is a Christian gentleman, and his religious belief has taken him into the church of Jesus Christ of Latter Day Saints, commonly called the Mormon church."

Mr. Hopkins said he felt sure those representing the protestants would not contend that there was an apostolic oath which had been taken by Mr. Smoot which would prevent him from discharging his duties as Senator. Mr. Hopkins sympathized, he said, with the denunciation of polygamy made by Mr. Burrows in a recent speech. It was, he said, a relic of a barbarous age and a destroyer of the ideal American home, and he had no sympathy with the practice.

"If members of any Christian church were to be charged with all of the crimes that have been committed in its name, where is a Christian gentleman in that body who would be safe in his seat."

An extended history of the Mormon Church was given by Mr. Hopkins, who concluded that the testimony taken before the committee showed a radical change for the better, and that Senator Smoot represented the higher and better Mormonism.

Mr. Beveridge supplemented Mr. Hopkins's speech by the statement that the country should be informed that Mr. Smoot was not or never had been a polygamist.

Senator Fulton asked Mr. Hopkins whether the Mormon Church has recognized the polygamous marriages which the evidence shows have taken place since the manifesto of 1890.

Mr. Hopkins said the church had not recognized these marriages; that under the laws of the Mormon Church today such marriages are not permitted, and that the parties contracting them knew that they were violating both the civil law and the church law, and for that reason all of these marriages had been consummated in Canada.

Mr. Dubois wanted to know where and when Mr. Smoot had ever publicly placed himself on record as condemning polygamy.

Mr. Hopkins replied that Senator Smoot had twenty or forty times stated his position before the committee, and that his whole life and every fiber of his being was a protest against polygamy.

JAPAN IS ADVISED.

MIKADO WITHHOLDS FLEET.

[BY THE ASSOCIATED PRESS—A.M.]

WASHINGTON, Jan. 11.—In advices for the State Department from Tokio and through the Japanese Ambassador here regarding the abandonment by the Japanese government of the projected dispatch of the fleet of naval training ships from Japan to San Francisco, no reason is officially given for the change of programme, and it is learned that the State Department extended a cordial invitation to the Japanese navy to visit the country.

It is, of course, understood that the Japanese government has taken notice itself of the agitation in San Francisco, and deemed it prudent to avoid any possibility of disagreeable international incident.

FIFTY-NINTH CONGRESS.

CLOSING SESSION.

[BY THE ASSOCIATED PRESS—A.M.]

WASHINGTON, Jan. 11.—SENATE.—The Senate today, without division, passed the McCumber Service Pension Bill. The bill was so amended as to make it applicable to the survivors of the Mexican as well as the Civil War, and to prohibit the payment of fees to pension attorneys.

Senator Hopkins addressed the Senate at length today in defense of the right of Reed Smoot to retain his seat as Senator from Utah.

HOUSE.—The House today adjourned until Monday, after breaking all records so far as pension legislation is concerned. Six hundred and twenty-eight private pension bills were passed in one hour and thirty-five minutes.

WASHINGTON BRIEFS.

President's Brownsville Papers.

WASHINGTON, Jan. 11.—The President had a conference today with Milton D. Purdy, and the latter turned over the testimony and affidavits secured by him at Brownsville. These, with a special message, are to be sent to the Senate Monday next.

Honduran Revolt Quelled.

WASHINGTON, Jan. 11.—Señor Calvo, the Costa Rica Minister, received a cablegram from President Bonillas of Honduras today, stating that the Honduran revolutionary disturbances have been quelled.

Lighthouse Tender Bill Quashed.

WASHINGTON, Jan. 11.—[Exclusive Dispatch.] The bill was quashed by the House today, through the efforts of the Californians, increasing the limit of cost of the new lighthouse tender for the Pacific Coast to $215,000.

Promotes Private Secretary.

WASHINGTON, Jan. 11.—Arthur F. Statter of Walla Walla, Wash. at present private secretary to Secretary of the Treasury Shaw, will be appointed Assistant Secretary of the Treasury, to succeed Charles H. Keep, when the latter retires on February 1 to become Bank Commissioner of the State of New York.

Reports Famine Funds.

WASHINGTON, Jan. 11.—Consul-General Rodgers of Shanghai, who is representing the American National Red Cross, cabled to the State Department today that the Shanghai Relief Committee up to date had received in money for the famine sufferers about $150,000, Mexican.

McKinley Talks in Illinois.

WASHINGTON, Jan. 11.—Representative McKinlay of California has accepted three invitations to speak in Illinois next month. On February 8 he will address the Business Science Club of Springfield on "The Japanese and California." The following day he will speak at Evanston on "Oriental Trade." On February 11 he will address the Chicago Commercial Association on the "Panama Canal."

Limiting Seed Distribution.

WASHINGTON, Jan. 11.—Representatives of seed and nursery stock concerns were granted a hearing today by the Senate Committee on Agriculture. They indorsed the proposition of the department to confine the free distribution of seeds to rare varieties.

LABOR.

STATE UNIONS HEAR REPORTS.

Determine to Assist Woodsmen and Mill Workers.

Convention Asks Speedy Trial of Moyer et al.

Police Commissioner Denies Favoring Unionists.

[BY THE ASSOCIATED PRESS—A.M.]

STOCKTON, Jan. 11.—This morning's session of the Labor Federation convention began with a further report of the Resolution Committee.

The committee reported favorably upon the proposition of in every way assisting the Woodsmen and Sawmill Workers' organization and the convention pledged its support.

A resolution favoring uniformity of color of buttons for each month as used by several unions was approved.

A resolution pledging the assistance of the executive board to the organization of the sugar workers at Crockett, was adopted.

A resolution to the effect that the government be asked to establish a ferry service for Mare Island employés between there and Vallejo, without discrimination in favor of certain government officials on the island, was adopted.

A resolution recommending that efforts be made to secure a speedy trial for Moyer, Haywood and Pettibone, charged with complicity in the murder of ex-Gov. Steunenberg of Idaho, recommending financial aid for them and all publicity possible regarding the progress of the case, caused considerable discussion, as the committee had amended the original resolution and made it less radical than in its original form. Action was postponed until after the election of officers.

The election of officers completed the sessions of the seventh annual labor convention this afternoon. The following were elected for the ensuing term:

President—George A. Tracy, San Francisco; first vice-president, S. D. Simmons, San Francisco; second vice-president, A. M. Thompson, Oakland; third vice-president, D. D. Sullivan, Sacramento; fourth vice-president, L. W. Butler, Los Angeles; fifth vice-president, M. T. Murray; sixth vice-president, Miss Anna Burkhart, San Francisco; seventh vice-president, J. W. Cunningham, Stockton; eighth vice-president, James W. Lynn, Vallejo; ninth vice-president, Perry Burlingame, Eureka; secretary-treasurer, James H. Bowling; delegate to A. F. of L., Walter MacArthur.

COMMISSIONER DENIES CHARGE.

SAYS HE WAS FAIR IN STRIKE.

[BY THE ASSOCIATED PRESS—A.M.]

STOCKTON, Jan. 11.—Police Commissioner W. R. Hagerty of San Francisco, a delegate to the State Labor Federation in session here, from the Machinists' Union of San Francisco, stated to the Associated Press today in reference to the charges of the Automobile Livery Company of San Francisco that he has used his official position to aid the striking machinists, of having threatened the company officers and instructed policemen not to interfere with the pickets in their attacks upon non-union machinists, that there was absolutely no truth in the charge, whatsoever.

He said he had endeavored to effect a peaceable settlement of the strike, but his proposals were met by the company with indifference.

HOLD UNIONISTS FOR MURDER.

THREE ARE ARRESTED.

[BY THE ASSOCIATED PRESS—A.M.]

EUREKA, Jan. 10.—As a result of the evidence adduced in the Coroner's inquest today into the death of Albert Jenks, who was killed last Tuesday evening in an encounter between union and non-union longshoremen, Dist.-Atty. Gregor caused warrants to issue for the arrest of three union men, Peter Gillis, Harry Myers and Frank Sidleinger. Twelve witnesses were examined today by the Coroner.

Gillis, Myers and Sidleinger were arrested late tonight.

LABOR BRIEFS.

Shea Testifies Briefly.

CHICAGO, Jan. 11.—Judge Ball today decided that Chief Shea could testify only in reply to specific questions. Shea was asked but a single question and the defense declared it had finished its case.

DEATH OF WORK.

PHILADELPHIA, Jan. 11.—George S. Work, who was sent to prison for wrecking the Bank of America and the American Life Insurance Company 16 years ago, died here today, aged 67 years. The collapse of these institutions caused a big sensation.

INSURANCE PRESIDENT SAILS.

NEW YORK, Jan. 11.—Charles A. Peabody, president of the Mutual Life Insurance Company, is to sail for Europe on Saturday, January 19. It has been known for some time that Peabody was to make a trip abroad, but the date was not definitely announced.

JAPAN COURTS THE FILIPINOS.

[BY THE ASSOCIATED PRESS—A.M.]

TOKIO, Jan. 11.—A Philippine-Japanese Association has been formed to cultivate commercial relations between Japan and the Philippines, develop navigation between Japan and the islands and found a Japanese bank and an insurance company at Manila. The men of the Progress party of Japan will publish a paper printed in Japanese, English and Spanish.

Hargis and Edward Callahan induced him to kill Cox, and that he, Spicer and Abner shot Cox, firing simultaneously.

Sick Sheriff Delays Hanging.

NEW YORK, Jan. 11.—The New Jersey Legislature will probably be asked to pass a special act to make it possible to execute Frank Banusek, the convicted murderer of Thomas Hoff of Bloomfield. The law specifies that the Sheriff must carry out the death sentence in person, but he is ill in Florida, and the county prosecutor fears that the execution will not be legal unless the Sheriff is present. Banusek is to be hanged this month.

Relations Offer Reward.

PORTLAND (Or.) Jan. 11.—Relatives of Dr. Philip Edwards Johnson, the New York physician, who was murdered on Monday night by being thrown from the Rexford-street bridge, have offered a reward of $1000 for the arrest and conviction of the murderer. Five hundred dollars is offered for information leading to the arrest and conviction of the guilty parties.

Unknown Woman Poisoned.

CHICAGO, Jan. 11.—It has been determined that a woman, whose body was found yesterday in a room in the Hotel Whitcomb, was poisoned. She came to the hotel with a man, who registered as "M. Friedman and wife." He has disappeared. The woman's real identity is not known.

MRS. SAGE IS MUCH SOUGHT.

SCORES OF BEGGARS LIE IN WAIT AT HER HOME.

Besieged by Applicants for Alms and Other Favors, She Is Practically Without Outdoor Recreation—Special Messengers and Mails Resorted to.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, Jan. 11.—[Exclusive Dispatch.] Mrs. Russell Sage is practically in a state of siege in her country home at Lawrence, L. I. because of the importunities of applicants for her bounty.

So persistent have been the demands upon her, not only by special messengers and by mail, but by those who hope to obtain a personal interview, that she is almost deprived of out-of-door recreation.

Scores of these beggars, who would extort from her some promise, or gift, of money, either for real or fancied needs, lie in wait outside the grounds. Mrs. Sage has been in a quandary whether to remain in Lawrence or to come into the city to live, but close personal friends have advised her to remain where she is.

TEXAS MILLERS WANT CARS.

FORT WORTH (Tex.) Jan. 11.—[Exclusive Dispatch.] A meeting of the Texas Milling Association was held here today for the purpose of discussing the car-shortage question. A committee was appointed to take the matter up with the railways, and if necessary, carry the fight before the Interstate Commerce Commission.

It is probable that the association will act in conjunction with the Texas Cattle Raisers' Association and grain dealers in carrying the fight before the commission.

HILL-HARRIMAN COMPROMISE.

SEATTLE, Jan. 10.—[Exclusive Dispatch.] Approval of the Hill officials at St. Paul is the only thing now lacking to complete the compromise between the Hill and Harriman interests at Seattle. Local representatives of both systems have agreed upon a general programme.

Property owners who agreed to co-operate with Hill and Harriman representatives in securing a new right of way for both roads have fallen down. Of the 70 or 80 per cent. of property owners whom they claimed to represent in the plan to sell right of way at a fair figure but 48 per cent. has signed up.

LONG BEACH'S NEW BANK.

WASHINGTON, Jan. 11.—The Exchange National Bank of Long Beach has been authorized to begin business with a capital stock of $100,000. A. J. Wallace is president; Martin V. McQuigg, vice-president and William H. Wallace, cashier. It was chartered on January 10, and is approved as a reserve agent. The First National Bank of Los Angeles and the Crocker National Bank of San Francisco are correspondents for Exchange National Bank of Long Beach, and the Farmers and Merchants Bank of Los Angeles and the Wells-Fargo Nevada National Bank of San Francisco are correspondents for the California National Bank of Sacramento.

The gold output in the Transvaal for 1906 was £24,576,987, an increase of nearly four million pounds over 1905.

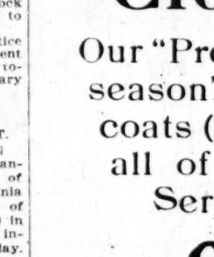
Clearance Sale Children's Dresses $2.48 $4.48 $5.98

Been thinking about a new wool dress for the little girl? You can share in this clearance and save from a third to a half. Fact is, we've grouped all our children's dresses into three lots for quick choosing. They are all neatly made, materials are all wool serges, poplins, fancy mixtures. A large variety of patterns, a good range of sizes.

GROUP 1, $2.48

Includes girls' dresses of the $3.98 kind. Splendid for school wear, made of small checked and fancy mixed materials, pleated skirts, waists trimmed with braid, buttons and tucked yokes. Some sailor suits. Sizes 6 to 14 years. $3.98 values at $2.48. second floor.



GROUP 2, $4.48

Sample line of girls' dresses. They are made from serges, cheviots and fancy weaves, prettily made and trimmed with silk and braid. An unusual assortment of sizes. $5.98 the regular value. This clearance price $4.48.

GROUP 3, AT $5.98

Embracing girls' wool dresses. They are made of fine wool goods, fancy yokes and berthas. Have silk braid trimming, full pleated skirts. All new styles and best materials. Mostly 8 and 10-year sizes. $6.98 values for $5.98. Second floor today.

Just an Even Hundred Children's Coats $2.48

The manufacturer was right to make them, in one sense, among the best $3.50 coats we have seen.

He was wrong in another—for they left him in a tight fix financially. He had to have money—he has now—and you can share the coats Saturday at $2.48. Long, double-breasted styles of tweed, full back, yoke effect, full sleeves trimmed with velvet and steel buttons. Sizes 6, 8, 10, 12, 14 years. $2.48. Don't miss sharing them. Second floor.

HARRIMAN PAYING "FREIGHT" FOR CARS.

[BY THE ASSOCIATED PRESS—A.M.]

CHICAGO, Jan. 11.—The Record-Herald today says:

"The management of the Harriman lines is paying $32,500 'freight,' on cars in order to get them out of the East into the coal fields of Illinois, where they can be loaded with coal for the West.

"This extreme and unusual method was adopted by the officials here, after a wire consultation with E. H. Harriman, who gave his consent to the expenditure necessary to relieve the coal shortage in several portions of the West, especially in Kansas and Nebraska.

"Added to the loss in paying the 'freight' on the cars, the Harriman system will lose at least $6000 revenue—and possibly three times that amount—which they would have obtained had they permitted their cars to be loaded in the East with merchandise or coal for the territory about Chicago.

"As a result of this sacrifice of revenue, 65,000 tons of coal soon will be distributed along the lines of the Union Pacific road in Kansas and Nebraska. More than two hundred and fifty carloads are on their way there now, and the remainder of 1300 cars will be forwarded at the rate of ten or twenty daily.

"The question arose of how to get the cars to the mines without having some roads steal them for temporary use, en route. The management finally decided to ship them as 'freight,' and is paying $25 for the delivery of each car."

GREAT NORTHERN'S BOOKS.

ARE STILL KEPT OPEN.

[BY THE ASSOCIATED PRESS—A.M.]

NEW YORK, Jan. 11.—Owing to no decision having been handed down by the Minnesota courts in the action by which the Attorney-General of that State would enjoin the Great Northern Railway Company from issuing its proposed $60,000,000 of new stock, the company is again obliged to postpone closing its books, relative to the issue.

The books were to have been closed yesterday, but they will now be kept open until January 15. The date of the first payment on the new stock has been changed from January 14 to January 18.

The Stock Exchange issued notice yesterday that the day for settlement of Northern Pacific rights, set for today, had been put over until January 14.

PENNSYLVANIA STOCK.

INCREASE AFFECTS MARKET.

[BY THE ASSOCIATED PRESS—A.M.]

NEW YORK, Jan. 11.—The announcement of an intended issue of additional capital by the Pensylvania Railroad Company to the extent of $100,000,000 in bonds and $100,000,000 in stock served to shock speculative investment in the stock market today. Pennsylvania shares sold down four points from yesterday's close, under enormous unloading.

St. Paul, Atchison, Northern Pacific and Baltimore and Ohio were the most acutely affected of the stocks in the general list.

The sharpness of the break invited profit-taking by bears, and supporting orders were put into the market, also, as a protective measure by inside interests. The result was a substantial rally in the course of the first hour. Trading then became quieter.

Twenty persons perished yesterday in a fire which destroyed the book bindery of Hudert & Co., an English firm, near Strassburg, Germany. A vat of boiling celluloid exploded and the flaming liquid caused such instantaneous destruction of everything with which it came into contact that all the exits were cut off in a very short time. Some of those who escaped from the burning rooms were badly scalded.

MAC TRIES TO WHIP ATTELL.

Uncle Tom Posts Money for Rough-and-Tumble.

Featherweight Champion Becomes Sarcastic.

Jeffries May Referee the Next Big Battle.

Tom McCarey offered to whip Attell, in his private office, yesterday morning, and posted $2000 that he could turn the trick. Attell aroused Uncle Tom's ire in the discussion over the referee question and became personal in his talk with "Mac." The latter called the turn, and but for the restraining hands of friends would have mixed it with the featherweight champion.

McCarey pulled out a wad of cash and securities and placed them in Frank McDonald's hands. Then he cried:

"Now you men all get out of here and shut the door on Attell and me. The one who walks out of the room gets the money."

It was then that friends interfered, and after "Mac's" Irish temper cooled off he and Attell exchanged mutual apologies, shook hands and agreed to forget the incident. Every man in the room promised secrecy, but five minutes after the men left the office the story was floating without a rudder up and down Spring street.

The trouble arose over Referee Herget. Attell insisted that he would not allow Gus to officiate, and incidentally made some uncomplimentary remarks. McCarey told Attell he would not say that if Herget were there, and Attell replied that he could take care of several Hergets at once. Strong words brought on others until McCarey informed Attell that he could not whip him (McCarey,) let alone Herget. That started activity in the scrap market. Attell was ready for the row and McCarey was willing, but the spectators were not, and stopped the impromptu bout.

JEFF AS REFEREE.

The upshot of the "negotiations" was that Attell and Baker agreed to accept Jeffries as referee, and McCarey called upon the big fellow at the Jeffries homestead out Highland Park way. While Jeffries did not definitely promise to be the third man in the ring, he half-way consented, and it is believed he will act.

Most of the contention over the referee was brought about by the actions of the fighters in attempting to assume dictatorial powers. Attell believed that he, as champion, should have the most to say about the arrangements for the bout. Baker tried to insist on several things. Between them they began to tell McCarey what they demanded until Mac "got on his ear" and informed the men that he was running this show and would take no dictations from any of them. This applied especially to Attell, who tried to insist that Robinson or no one else should referee.

Now that obstructions have been levelled off and all parties have learned to respect the others, there may be little difficulty. The only sure things seem to be that Robinson and Herget will not referee. If Jeffries can be secured, everything is all right. If not, the fighters must agree on another man who is acceptable to Manager McCarey.

WALSH AND WEEKS.

In case there is further hitch, Jimmy Walsh and Freddie Weeks, the latter of Colorado, stand ready to take the place of Attell and Baker. Weeks has been beating all the little fellows in Denver and other northern places during the last few months, and is one of the best little fellows in the country. He is rather heavy for Walsh, but agrees to make 120 ringside for him. Walsh is ready to meet Weeks either here or in Denver.

Then there are plenty of other fighters in Los Angeles who would be willing to go on in a main event should the Attell-Baker match flunk out. The try-out card could be antedated, thus preparing for a larger show for January 29, or some other arrangements could be made.

Jack O'Brien did not reach San Francisco yesterday. He is expected to arrive there tomorrow, according to Jack Cribbins, his 'Frisco representative. O'Brien appears to have some scheme up his sleeve and may be ready to spring it shortly.

Jimmy Coffroth denied, in a special dispatch to The Times yesterday, that he had any interest in the Tonopah club, as was reported in Los Angeles. "I have no interest with Riley," he says, "except to boost his coming show between Britt and Gans. I hope he makes a success of it and to that end will boost the show as though it were my own."

Harry Lewis and Rube Smith have been matched to meet at 142 pounds January 22, at Denver.

LEWIS HUNTS OPPONENT.

Mike (Twin) Sullivan could not do the weight demanded by Harry Lewis at Denver and their match for January 22 is off. Rube Smith next was taken into consideration, but could not do the 146 pounds asked by Lewis. Now they are talking of bringing Joe Walcott West to meet Lewis. Walcott made 140 for Gans at San Francisco and the battle went twenty rounds to a draw.

Billy Hogan of Chicago wants to match Flynn with Mike Shreck with the Denver fight club. Flynn, however, would have to be shown a pretty good purse to leave Los Angeles.

MURPHY AND HERMAN.

RILEY OFFERS BIG PURSE.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, Jan. 11.—[Exclusive Dispatch.] Thanks to the good work he did at Philadelphia on Wednesday night against Young Corbett, Tommy Murphy today received an offer from Manager Riley of the Casino Athletic Club of Tonopah, Nev., of a $10,000 purse to meet Kid Herman, the Chicago youth who very recently divided a $20,000 purse with Jone Gans, taking the short end.

Riley is now in Chicago, where he undoubtedly is in touch with Herman. This seems evident from the fact that Riley's wire to the east stated that the fight was to be for a $10,000 purse, the fighters weighing in at the ringside at 133 pounds, on March 18.

Wille Wants to Come.

John Wille, from the Chicago stock yards, wants to come to Los Angeles to meet Jim Flynn. Wille is one of those big fellows with a punch, although he is not very clever. He is heavier than Flynn and once met Jack O'Brien and worsted him in Philadelphia in a six-round bout, it is said. There have been charges that the referee allowed Jack all the time he wanted to recover from a blow Wille delivered. If the Chicago lad is in good condition he would make a good card for Mike Shreck or one of the other big fellows.

Cyclone Thompson is cocky over his several victories of late, and has telegraphed Manager McCarey asking if his season of probation is at an end. He wants to come to Los Angeles to fight with some good man.

Barney Gilmore, the New York theatrical man, has unearthed a giant named Major Roderick MacKenzie of Toronto, whom he wants to pit against Jeffries. Mackenzie is seven feet two and a half inches tall and weighs 327 pounds.

GOOD THINGS ARE KIDNAPED.

"SPECIAL COMMISSIONERS" HAVE VERY HARD DAY.

Many "Sure Winners" Go Very Much to the Bad—Gambling Sports Have All Kinds of Surprises and But Two Public Picks Come in First.

A lot of "special commissioners" had the time of their lives at Ascot yesterday trying to "get onto" the curves of one or two bad actors, but these had evidently been put off at some water hole. It is pretty near a cinch that they were really kidnaped for a large number of the gambling sports say they didn't come into port.

There were certainly a number of surprises, and form players were blown clear out to sea. The hot favorite, Renraw, in the first just managed to finish second; the odds on favorite Lord of the Forest, in the third was beaten half a block and the last race was won by the impossible Critic at 20 to 1, who was beaten over ten lengths on his last race. This startling form reversal was no more surprising than that of Kinsman, the winner of the fifth race, who was beaten off over six lengths on his last start. Favorites won two races and the books got nearly all the money as a consequence.

Results:

Five furlongs: Greeno, 105 (Kent,) 3 to 1, won; Renraw, 107 (Koerner,) 3 to 5, second; Kilter, 105 (D. Riley,) 20 to 1, third. Time, 1:02. Illusion, Susannah, Colewort, Cyclops and El Cazador also ran.

Six furlongs: Cotillion, 102 (Harris,) even, won; Col. Jewell, 104 (D. Riley,) 10 to 1, second; Mountebank, 104 (Fischer,) 15 to 1, third. Time, 1:16¼. Foncasta, Desmages, Rama, Hostility and Suavita also ran.

Futurity course: Succeed, 107 (Fischer,) 6 to 1, won; Sly Ben, 112 (Preston,) 5 to 2, second; Lord of the Forest, 109 (Koerner,) 3 to 5, third. Time, 1.11¼. Two Bills and Cadischon also ran.

Mile: Uncle Henry, 110 (Bullman,) 6 to 5, won; Bauble, 102 (Preston,) 10 to 1, second; Sherry, 104 (D. Riley,) 10 to 1, third. Time, 1:44½. Viona, Netting, Van Hope, Rodolfo, Gillon and I'm Joe also ran. Ikki scratched.

Mile: Kinsman, 102, (Kunz,) 7 to 1, won; Komombo, 97 (Sullivan,) 7 to 1, second; Roman Boy 104 (Boland,) 20 to 1, third. Time, 1:45. Aucassin, Myrtle H., Parvo, Turkey Foot, Lydia Wrouseman, Rosi Ni Ni, Lady Travers, Seed Cake and Frank V also ran. Black Gem and Pink Garter were scratched.

Seven furlongs: Critic, 107 (Talbert,) 20 to 1, won; Confessor, 108 (W. Riley,) 11 to 5, second; Sir Caruthers, 105 (Coane,) 5 to 1, third. Time, 1:29¼. Azora, Bill Curtis, King of the Mist, Miss Martha and Revolt also ran.

RACING AT OAKLAND.

SLOW TIME IS MADE.

[BY THE ASSOCIATED PRESS—P.M.]

SAN FRANCISCO, Jan. 11.—The fine weather attracted a large crowd to the Emeryville track today. Several good things went wrong in the third race, among them being Judge Angleta and M. A. Powell, the event being won in rattling style by Yellowstone.

Seven furlongs: Meade, 105 (Graham,) 16 to 5, won; Rotrou, 107 (Horner,) 6 to 1, second; Jim Pendergast, 98 (Wilson,) 30 to 1, third; time, 1:32. Sir Carter, Elba, Pachua, Queen Alamo, Avonella, Limatar and Achilles also ran.

Futurity course: Yellowstone, 110 (Brown,) 15 to 1, won; Procrastinate, 107 (Horner,) 6 to 1, second; Hedgethorn, 107 (Knapp,) 12 to 1, third; time, 1:14 1-5. Angleta, Judge, M. A. Powell, Jake Ward, Warte Nicht and Captain Burnett also ran.

Five and a half furlongs: Handmaiden, 107 (Horner,) 1 to 3, won; Alaric, 109 (Graham,) 40 to 1, second; Silver Lin, 107 (L. Williams,) 4 to 1, third; time, 1:10 2-5. Joyful, Maia, Menden, Pescadera and Sharper Bawn also ran.

One and one-eighth miles, selling: Lone Wolf, 107 (Sandy,) 4 to 1, won; Trapsetter, 110 (Graham,) 4 to 1, second; Briarthorpe, 107 (Loague,) 12 to 1, third; time, 2.00. Jake Moose, Canejo, Lelia Hill, Sinner Simon, Tarrigan, Chestnut and Pay Me also ran.

Mile, selling: Metlakatla, 107 (L. Williams,) 1 to 2, won; Swagger, 104 (Horner,) 8 to 1, second; Kogo, .90 (Kirschbaum,) 9 to 1, third; time, 1:46. Dotterel, Dora L, Hainault and Baker also ran.

Futurity course: Ramposal, 102 (Sandy,) 7 to 2, won; Lissaro, 108 (Brown,) 8 to 5, second; Nonie Lucille, 103 (L. Williams,) 5 to 1, third; time, 1:12 1-5. Boloman, Cocksure also ran.

TEAM SELECTED BY CATHOLICS.

DATES MADE WITH LEADING SOUTHERN COLLEGES.

Players Picked for Positions on the Strength of Showing Made in Interclass Games—Preparations for Baseball Team Under Way—Track Athletics Tabooed.

St. Vincent's College coaches have selected the team that will represent the Catholics in the coming games for the intercollegiate basketball championship, and have announced a partially completed schedule of games.

The team is composed of Lamer and Cunningham, guards; Dolan, center; Halloran and Fulsom or Wall, guards.

Dates have been set with all of the colleges in Southern California, except Pomona, and within the next two or three days the schedule will be completed by the addition of two games with the Congregationalists.

The schedule, as far as completed, reads as follows: January 19, Occidental College; January 22, University of Southern California; January 25, Whittier College; January 30, University of Southern California; February 2, Whittier College; February 6, Occidental College.

The team has been chosen on the basis of the showings made by the players in the games of the interclass basketball series, concluded just before the close of school in December. The two forwards, Lamer and Cunningham, are the only two men on this year's team that are veterans of the crack aggregation of last year, which defeated the champion team of Meteors by the score of 25-16. However, the new men have shown great ability in the game, and the Catholics expect their team to put up a strong bid for the championship.

St. Vincent's will devote herself entirely to basketball and baseball during the coming spring. The interclass baseball series has been delayed on account of the rain, but it will be run off inside of a week. The 'varsity will be chosen on the showings the players make in this event. The team will make a northern tour, and negotiations are now on with Stanford, California, St. Mary's and Santa Clara College for games, the schedules for which will be announced later.

The track will be entirely eliminated from the programme this season, and rowing will also be stopped on account of the lack of support the colleges have given in furthering the movement to inaugurate rowing as an intercollegiate sport in Southern California.

SENIOR PLAYERS ARE CHAMPIONS.

OCCIDENTAL PREPS BEATEN BY COLLEGIANS.

Silver Trophy Given by President Baer Won for First Time—Sophomores Take Measure of Freshmen in Hot Contest—'Varsity Squad of Fifteen Men Begins Work.

The senior five had no difficulty in defeating the third-year team in the final game of the Occidental basketball tournament for President Baer's trophy cup yesterday afternoon. The score was 20 to 6.

After the senior-third year game the freshmen and sophomore fives met in a hardly fought contest, the latter team winning, 18 to 14.

The game for the championship of the college and academy was not as interesting as was expected, as the seniors outclassed the "preps" in all departments of the game. The academy guards were not able to cover Roth and Beal effectively, and the senior guards kept so close to McKenny and Muncy that the "prep" forwards were only able to shoot two goals from the field.

The silver trophy will be awarded to the senior class, which will hold it until the winner in next year's tournament is declared. The cup will then be turned over to the winning class, and will become the property of the class winning it in three consecutive years.

The freshmen-sophomore game was fiercely contested, and it was anybody's game until the end. The teams were evenly matched, and Thomas won the game for his team by splendid goal throwing from fouls. Conrad and Rush scored all the field goals for the "sophs," and McDowell and Hillery made all the tallies for the freshmen. McDowell missed several easy goals from fouls.

As the football game between the two lower classes, which was played in October to decide class honors resulted in a tie, the sophomores are claiming complete supremacy over the freshmen by virtue of the basketball victory.

A 'varsity squad of about fifteen men will begin work Monday for the intercollegiate games. The first game is with U.S.C. next Wednesday, January 16.

Yesterday's line-ups:

FIRST GAME.

Seniors.		Third Year.
Roth	forward	McKenny
Beal	forward	Muncy
Cleveland	center	Burke
Blee	guard	Ayres
Beard	guard	Carver

Length of halves 15 minutes. Fouls, third year, 15; seniors, 11. Goals from field, Roth, 5; Beal, 2; Blee, 1; McKenny, 1; Muncy, 1. Goals from fouls, McKenny, 1; Muncy 1; Roth, 4. Referee, Goheen.

SECOND GAME.

Sophomores.		Freshmen.
Rush	forward	Hillery
Thomas	forward	McDowell
Conrad	center	F. Thompson
Clarke	guard	W. Thompson
Sharp	guard	Wady

Length of halves, 15 minutes. Fouls, freshmen, 12; sophomores, 14. Goals from field, MacDowell, 2; Hillery, 4; Conrad, 5; Rush, 2. Goals from fouls, Thomas, 4; McDowell, 2. Referee, Goheen.

SCHEDULE FOR BASKETBALL.

WHITTIER HAS HARD GAMES BEFORE HER.

Players and Track Men Unable to Do Outside Work on Account of Wet Weather — Quaker College Hopes to Defeat Other Southern Californian Institutions.

With the opening of college on last Monday, activity in the various branches of athletics at Whittier was resumed. On account of the inclemency of the weather the track men have been compelled to work in the gymnasium. Most of the men ran a mile or so each day around the floor, and the sprinters practiced starts. The high jumpers, hurdlers and shot putters also did very effective work. As soon as the weather permits, the entire squad will be taken to the field and work will be begun in earnest.

The main interest of the student body now centers around the basketball team, which is fast rounding into magnificent form, and all are waiting anxiously for the opening of the season. Manager Perry has completed the schedule. Two games have been arranged with each of the other colleges, except Pomona, with whom only one game is to be played. The schedule is as follows:

January 18—Los Angeles Maroons at Whittier.

January 25—St. Vincent's College at Whittier.

January 30—Occidental at Whittier.

February 2—St. Vincent's at St. Vincent's.

February 9—Crescent Athletic Club of Evanston, Ill., at Whittier.

February 12—U.S.C. at Whittier.

February 13—Occidental at Occidental.

February 16—U.S.C. at U.S.C.

February 23—Pomona at Pomona.

All eyes are turned on Osburn, the crack forward of last year's team, who has returned to college after an absence of several months. Osburn played on the 'varsity basketball team the past three years and was one of the best forwards in Southern California. He is also one of the best track men in college, and his return will greatly strengthen the Quaker team's chances. His best performance is the high jump, where he has cleared the bar with ease at five feet eight inches. He should do close to six feet by the time of the conference meet. As a sprinter he is also very good, and will be a great help to Peeler in the dashes. In the fall interclass meet he won the 100 yards and was second in the 220. He had done but very little training at that time and should run the 100 in 10 1-5 or better, and the 220 close to 22 seconds.

So far the past week Osburn has been playing on the second basketball team, but he probably will round into form by the time of the intercollegiate games and be placed at his old position of forward on the 'varsity. This will allow Capt. Todd to return to his old position at the other end of the field, where he and Marshburn will make a practically invincible pair of guards, and with Osburn playing in his old-time form, as a team mate for Mill's, there will be nothing lacking on the forward end of the Quaker team.

Tebbetts returned Monday from Pacific Grove, where he was attending the Y.M.C.A. conference, and immediately resumed his training for center. On account of his greater height and weight Peeler is giving Tebbetts a hard run for his position, but Tebbetts will probably win out, as his team work and goal throwing abilities are superior to that of Feeler. Taking the team as a whole, the coaches are greatly pleased with the outlook for a successful season.

New Orleans Card.

NEW ORLEANS, Jan. 11.—City Park results:

Five furlongs: Prince Ahmed won, Coltness second, Kaiserhoff third; time 1:00.

Seven furlongs, selling: Reside won, Sir Vagrant second, Refined third; time 1:29.

Mile and a sixteenth, selling: Marvin Neil won, Dr. McClure second, Evie Green third; time 1:46 4-5.

Mile: Juggler won, Peter Sterling second, Zleznap third; time 1:39 1-5.

Five and a half furlongs: Colloquy won, Glamor second, Charlie Eastman third; time 1:05 1-5.

Six furlongs, selling: Penryhn won, Alsono second, Airship third; time 1:13 2-5.

Mile: Gold Mata won, Royal Breeze second, Florizel third; time 1:40 2-5.

Rifle Association.

NEW YORK, Jan. 11.—At the meeting of the directors of the National Rifle Association, on Wednesday night, a number of offices were filled after the election of Col. James Drain to the presidency. The members of the association voted to have the secretary arrange a match with Great Britain as soon as convenient.

GERMANS RENDER JUSTICE.

Hold That Insurance Company Must Pay Its Fire Losses in San Francisco.

[BY THE ASSOCIATED PRESS—P.M.]

HAMBURG (Germany) Jan. 11.—The North German Fire Insurance Company, according to a decision rendered by the court of Hamburg, in a test case yesterday, must pay the losses which it incurred as a result of the San Francisco earthquake last year.

The court held that the earthquake clause in the policy was too ambiguous to justify the company seeking to escape liability. The court also ordered the Trans-Atlantic Fire Insurance Company to reimburse two English companies which had insured the San Francisco risks when the fire losses were adjusted. The court refused to sustain the Trans-Atlantic Company's contention that the English companies exceeded the limit of generosity in settling the losses so rapidly.

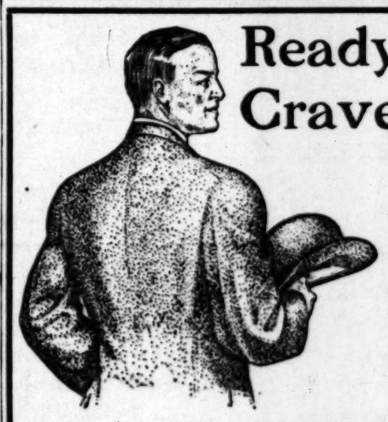
The case against the North German Fire Insurance Company was found by San Francisco lawyers, including Sutro, who came to Germany in the autumn for the purpose of pressing the claim.

BRYAN'S TRAIN WRECKED.

Collides With Switch Engine and Stone Cars in Great Falls Railway Yard.

[BY THE ASSOCIATED PRESS—A.M.]

GREAT FALLS (Mont.) Jan. 11.—The Montana Central west-bound train containing Mr. and Mrs. W. J. Bryan, who left here this morning, after Mr. Bryan's lecture last evening, collided with a switch engine and stone cars at 7 o'clock in the Great Falls yards today. The engine of the passenger train was badly damaged, and the baggage car wrecked, and several people shaken up. Mike Connelley of Glasgow was injured severely about the head and shoulders, but not fatally, while several others were bruised considerably.



Ready-and-Right Suits
Cravenette Overcoats
20 % Discount

Sales of this sort are a bit unusual. These same suits and overcoats never would have sold at a reduction, under ordinary circumstances—but that matters little now—they came in late and are going out fast. Regular prices $15 to $35, now 20 per cent discount.

R. D. ROBINSON CO.

ANNOUNCES HIS COLONIAL PLAN.

KAISER SAYS BREAD OF MILLIONS DEPENDS ON IT.

He Designs to Make Germany's Foreign Possessions Tributary to Teutonic Trade and Use Them as Strategic Weapons in Negotiations for Reciprocal Tariffs With the Fatherland.

[BY THE ASSOCIATED PRESS—A.M.]

BERLIN, Jan. 11.—Colonial Director Dornburg explained the foundation of Emperor William's so-called "Weltpolitik" (world policy,) this evening at the German Chamber of Commerce. Herr Dornburg said:

"The German colonial question is the question of the future of national labor, the question of the bread of millions of industrial workers and the question of employment of German capital in trade, production and navigation."

In presenting the facts leading up to these conclusions, Herr Dornburg said that the English-speaking nations of the middle of the eighteenth century numbered nine millions, while the German-speaking nations numbered twenty millions. Today, 120,000,000 speak English and only 70,000,000 speak German.

On the subject of colonization, Herr Dornburg said that while the greater part of the African colonies were not adapted to colonization by Europeans, German Southwest Africa and the highlands of East Africa contained areas twice as large as Germany, which could be settled by Europeans, and large areas were also available in the South Sea colonies. The rest of German's colonial possessions must remain so-called "plantation colonies."

"With the necessary patience and persistence," said Herr Dornburg, "a great part of Germany's requirements in raw materials can be obtained from her colonies. Germany, necessarily, is becoming an 'industrial State, owing to the lack of agricultural lands. Hence it is necessary to export part of the goods manufactured. Our colonies can supply cheap raw materials and German manufacturers and working people can thus be assured of being able to influence prices throughout the world, as against foreign monopolies and high tariffs."

Herr Dornburg added that the colonies were powerful strategic weapons when it became necessary to make arrangements with other countries for reciprocal trade in raw materials and finished products.

To Cure a Cold in One Day

Take Laxative Bromo Quinine Tablets. Druggists refund money if it fails to cure. E. W. Grove's signature is on each box. 25c.

EVERYBODY has heard of the Smithsonian Institution, but few know much definitely about its history, its functions or its official head. These things will be explained in The Times Magazine the coming Sunday.

"BUSINESS in the Philippines" is the topic of a letter from Hamilton Wright, which will appear in The Times Magazine the coming Sunday. It is full of valuable and interesting information.

A STENOGRAPHER will, in The Times Magazine the coming Sunday, reveal some interesting things about men she has met in her business.

FLASHES FROM WIRES.

A score of employés were injured, some fatally, in an explosion in the works of the Alliance Gas Company, Thursday, at Dublin, Ireland.

The submarine boat Algerian sank at her moorings at Cherbourg, France, Thursday night. There was no one on board the vessel when she went down. Divers found the boat lying on her starboard side at the bottom of the harbor.

It is reported at Rome that the Duke of Abruzzi intends to make another attemp to reach the North Pole. It will not be made, however, until the result of the Wellman-Chicago Record-Herald expedition is known.

The Senate at Nashville, Tenn., yesterday adopted a resolution indorsing the President's stand on the discharge of the negro soldiers.

Baltimore and Ohio passenger train No. 1, westbound, the Royal Blue Express, ran into a large rock that had fallen on the track near Potomac, ten miles west of Cumberland, Md., Thursday night. The passengers were shaken up but no one was hurt.

F. H. Pope and Edward Schiebner were instantly killed and a dozen persons were injured Thursday night by the explosion of a gas plant in Woodman Hall, at Wilmington, Ill., during the progress of a card party. Among the most seriously injured is Father Dwyer, a Catholic priest.

What is believed to have been an earthquake shock, was felt at Arkansas City, at 1:45 this morning. The shock lasted a few seconds. Persons were awakened and dishes rattled but no damage is reported.

An unusually severe sleet storm in Western Kansas and throughout Oklahoma and Indian Territory crippled wires south from Kansas City yesterday. Train service has suffered severely.

Western North Dakota is experiencing one of the heaviest snowstorms in its history. Never have the trains had such difficulty in getting through. The snow banks in places are so high that some trains are even lost track of. Great Northern trains are from twenty-four hours to two days late. Several trans-continental trains are delayed twenty-four hours.

HALF A MILLION OF REFUGEES IN CHINA.

[BY THE ASSOCIATED PRESS—P.M.]

SHANGHAI, Jan. 11.—Capt. Kirton, Foreign Relief Commissioner in the famine camp at Tsing Kiang Fu, describes the refugee camps as consisting of sheds arranged in rectangular groups, in street formation, two miles long and a mile wide.

In other camps in the vicinity of Tsing Kiang Fu of nearly half a million refugees, 30 per cent. show signs of distress and among 10 per cent. the suffering is acute. The roads are thronged with rice peddlers. Women tear up the roots of grass for food, and are cooking leaves and twigs.

One hundred thousand men are absolutely idle. Though it would not be difficult to organize relief work, none has yet been started. If the inaction there continues, there will be a gigantic problem to face. The end cannot be foreseen.

ROUTING OF FREIGHT HAS "ALTERNATIVES.'

[BY DIRECT WIRE TO THE TIMES.]

KANSAS CITY (Mo.) Jan. 11.—[Exclusive Dispatch.] A Kansas City freight official has just brought to light the fact that two members of the Interstate Commerce Commission, Judson C. Clements and Franklin K. Lane, have given opinions upon the subject of routing freights, which are directly at variance with each other.

Clements says that when a shipper consigns freight, it is his place to specify the route to be used, and that in case the agent of the road sends the shipment by the longest or the most expensive of two possible routes, then the fault lies with the shipper, in that he did not give specific instructions as to routings, and that he has recourse.

Commissioner Lane says it is incumbent upon the road to select the best and most advantageous route, and that the shipper is not liable to any additional charge which could have been avoided by using a shorter route.

BIG CANADIAN COAL AND IRON MERGER.

[BY DIRECT WIRE TO THE TIMES.]

BOSTON, Jan. 11.—[Exclusive Dispatch.] Henry M. Whitney, the Boston millionaire, founder of the Dominion Coal and Dominion Iron and Steel Companies, has about completed negotiations for the merger of several companies in the maritime provinces which will save one Cape Breton Coal, Iron and Railway Company from bankruptcy or receivership. The latter company has defaulted $500,000 interest on bonds due January 1.

This company, backed by English capital, through Mayhew, director of the Bank of England, and Gladstone, son of the late Prime Minister, has spent $100,000,000 on an elaborate plant and the model town known as Broughton. A new shipping pier was built at False Bay Beach, five miles from the mines.

The new combination will rival in size the Dominion Coal Company and control vast coal lands.

TAKE TO BOATS FOR THEIR LIVES.

SANTA MARIA RIVER BECOMES A RAGING TORRENT.

Residents of Garey Fly at Midnight to Escape Flood—Railroad Tracks at Ellwood and Naples in Very Bad Condition—May Take Week to Repair Damage.

[BY DIRECT WIRE TO THE TIMES.]

SANTA BARBARA, Jan. 11.—[Exclusive Dispatch.] Residents of Garey, east of Santa Maria, had to flee at midnight to high ground to save themselves from the flood. Indications at Santa Maria are for more rain and if it comes the situation will be very serious. No loss of life is reported from that section, so far.

No relief in the railroad situation is hoped for in less than four days. Railroad officials claim that they will be able to relieve present conditions by next Monday, but little credence is given this statement by members of the wreckage crews. Every cut and fill above Naples, 16 miles north of this city, for a distance of 40 miles is in an impassable condition.

Fills are badly undermined or washed away entirely, leaving the track suspended in the air. At some points the track itself has been washed away. A big slide that will require much time to remove occurred about a mile and a half north of Ellwood Cooper's olive ranch, about 12 miles from Santa Barbara. No damage was done to the tracks of the Espee in this city or for five miles on either side of the city.

M'ADAMS AND GRIFFIN HEROES.

There is little change in the situation in the Lompoc Valley except that the water in the Santa Ynez River is going down. Three inches of rain fell at Lompoc last night. The people who were marooned on the north side of the river when the Robinson bridge collapsed were the following: Mrs. H. Poland, wife of the Mayor; her two sisters, Mrs. C. E. Carter and Mrs. M. C. Laughlin; Mrs. J. C. Lind, Emily Dietzman, Q. R. McAdams and J. G. Griffin. They arrived at Lompoc at dark last night, coming across the railroad bridge at Surf on foot.

McAdams and Griffin were the heroes of the party, having rescued Mrs. Carter and Mrs. Lind from the river after the collapse of the bridge. The report that Mrs. Carter's leg was broken is not correct, but her foot and ankle are badly crushed.

The first boat crossed the river about noon today. A cable was stretched this afternoon and ferry-boat communication established to transport supplies to the people on the northern side of the river. The bodies of Mrs. Sherman Huyck and Young Lind, who were drowned when the bridge went down, have not been recovered.

The Santa Maria River, which is usually regarded as a harmless creek, was swollen to the size of a raging stream and did much damage on its course. Thousands of acres were flooded, the water in many places being several feet deep. The wooden bridge of the Pacific Coast Railway Company is washed out and that road is severely damaged. It will require two weeks' time to make repairs. Several people living near the river were taken from their homes in boats.

BOAT CROWDED.

One hundred and seventy-six passengers left this city on the steamer State of California, this morning, for the south. About fifty others were refused passage on the steamer on account of the crowded condition of the boat. The butter famine will be relieved tonight on the arrival of the steamer Bonita from Port Los Angeles, where the vessel was detained three hours to await a butter shipment.

UNDELIVERED TELEGRAMS.

There are undelivered telegrams at the office of the Western Union for J. O. Royer, M. Manor, Embree McLean Carriage Co., Miss C. B. Henderson, Hy Ellers, Lulu K. Miller, V. C. Musgrove, H. H. Sherwood, Roy Stonehocker, S. H. Woodbury, Mrs. S. J. Lord, F. C. Van Cleave, Mrs. R. Delzalle, J. C. Brown, Mrs. Oscar S. Levis, W. H. Nash, J. L. Williams, J. V. Baker, J. R. Comly, W. H. Wyman, E. Smith, F. L. McNaughton, W. V. Connor, Will Hull, Mrs. W. Norman, A. L. Davis, Mrs. Clara F. Bonner, Mrs. C. W. Norris, Mrs. G. B. Lendrum, Miss May B. Decker, A. D. Wright, Miss Jessica Bruce, and Charles C. Eichleberger.

SHARE WEALTH AFTER DEATH.

So Say Andrew Carnegie in Article in Wealth and Duty of Millionaires to Society.

[BY THE ASSOCIATED PRESS—A.M.]

LONDON, Jan. 11.—An article by Andrew Carnegie in the Review of Reviews, regarding great fortunes is attracting attention here. In Carnegie's article he expresses the belief that a millionaire ought to share his wealth with the poor, but with the limitation that his fortune should not be divided before the millionaire's death. Then the community should exact a large share.

Further he discussed the "alarmingly unequal distribution of wealth arising from the new industrial conditions of our day," and says:

"We shall ultimately have to consider the adoption of some such scheme as a progressive tax on all fortunes beyond a certain amount either in life or bequeathed at death so that it will be impossible for the owners of enormous fortunes to hand more than a certain amount to any individual."

In the coming day, Carnegie says brains will stand above dollars and conduct above both. The making of money as an aim will then be rated as an ignoble ambition.

LOCKED UP FOR SAFETY.

M. C. Kennedy was arrested as he was leaving a saloon last night by a patrolman, and is held in the City Jail on suspicion. The officer saw that two suspicious characters were loitering about Kennedy, and attempted to send him home. Kennedy claimed that the officer was attempting to rob him. On his person was found $306.70 and a certified check for $177.40. He was intoxicated.

GIRL BABY'S AWFUL ECZEMA

Sight of Eye Destroyed by Disease—Tried Five Doctors but Grew Worse—In Agony Eight Months—Parents Discouraged, Until They Tried Cuticura Remedies

IN ONE WEEK ALL SORES DISAPPEARED

"Our little girl, one year and a half old, was taken with eczema or that was what the doctor said it was. We called in the family doctor and he gave some tablets and said she would be all right in a few days. The eczema grew worse and we called in doctor No. 2. He said she was teething, as soon as the teeth were through she would be all right. But she still grew worse. Doctor No. 3 said it was eczema. By this time she was nothing but a yellow, greenish sore. Well, he said he could help her, so we let him try it about a week. One morning we discovered a little yellow pimple on one of her eyes. Of course we 'phoned for doctor No. 3. He came over and looked her over and said that he could not do anything more for her, that we had better take her to some eye specialist, since it was an ulcer. So we went to Oswego to doctor No. 4, and he said the eyesight was gone, but that he could help it. We thought we would try doctor No. 5. Well, that proved the same, only he charged $10 more than doctor No. 4. We were nearly discouraged. I saw one of the Cuticura advertisements in the paper and thought we would try the Cuticura Treatment, so I went and purchased a set of Cuticura Remedies, which cost me $1, and in three days our daughter, who had been sick about eight months, showed great improvement, and in one week all sores had disappeared. Of course it could not restore the eyesight, but if we had used Cuticura in time I am confident that it would have saved the eye. We think there is no remedy so good for any skin trouble or impurity of the blood as Cuticura. Mr. and Mrs. Frank Abbott, R. F. D. No. 9, Fulton, Oswego Co., N. Y., August 17, 1906."

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults consists of Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Resolvent (50c.), in the form of Chocolate Coated Pills, 25c. per vial of 60) to Purify the Blood. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass. Mailed Free, On Humors of Skin and Scalp.

Classified Liners

Times Classified Rates: The rate for inserting "Want" ads in The Daily Times is 1c per word for each insertion; in the Sunday issue 1½c per word each insertion; minimum charge 25c. The Sunday circulation of The Times exceeds 70,000 copies, and more "liners" are regularly printed in its columns than in the five other Los Angeles newspapers combined.

"Liner" (classified) advertisements for Sunday insertion received over the counter or by telephone after 11 o'clock Saturday nights will be inserted under heading "Too Late to Classify."

Sunday real estate advertisements, to be classified properly, must be in The Times office before 10 o'clock Saturday nights. Rate 1¼ cents per word.

Telephone your want advertisements. Ring up "The Times" any time of day or night, and secure prompt and careful attention.

The Times cannot guarantee accuracy or assume responsibility for errors of any kind occurring in telephoned advertisements.

FOR SALE—

FINE BARGAIN IN MODERN BUNGALOW.

$3200. $3300.

This beautiful, up-to-date bunglow contains five elegant rooms— is located one-half block from the W. Adams car line, in the splendid southwest section.

SIGHTLY LOT, beautifully improved with flowers, lawn and shrubbery.

LIVING-ROOM is exceptionally charming—has built-in bookcases, beamed ceiling, panelled walls, golden oak floor, built-in cosy corners and seats, artistic, large windows.

DINING-ROOM contains unusually artistic built-in buffet, golden oak floors, beautiful windows, panelled walls, and is a most cheery and airy room.

KITCHEN is convenient and is fitted up with plumbing of the most modern type and built-in cupboards.

The reason for the great sacrifice in the price of this home is the owner's necessity for immediate selling. This is really a bona fide bargain and we urge on you the necessity for prompt action. See us today in regard to it.

$5500. $5600. $5500.

LOCATED on W. 24th st., close to Adams and east of Normandie.

BEAUTIFUL and complete residence—built for a home a little over a year ago.

SEVEN unusually large rooms and reception hall. This house has hardwood floors, natural finished; large cellar, barn, lawn, improved with flowers and shrubbery and many other details which go to make a perfect home.

LOT is large and elevated above the sidewalk. This house was thoroughly constructed from the best materials—as the structure will show. As an investment it cannot be surpassed—or will make an equally charming and ideal home. See it immediately.

FOR SALE—

AFTER A GOOD HARD RAIN,

Is just the time we want you to visit Bowen's Number 10,

VERNON AND HOOPER AVENUE TRACT,

on Vernon and Hooper aves.

No mud, no wading, no sloppiness; fertile loamy, well drained soil. An ideal spot for a comfortable home, with the best of improvements.

GOOD FOR PROFIT-MAKING, TOO.

In the best part of the southeast, where values are increasing rapidly. Note the prices, 50 feet, no lower than are asked for property not so good as ours.

Why people should tumble over each other to snap up these lots; there's money in them for every homeseeker, and investor.

Go out today. Take Hooper-ave. on South Spring to Vernon ave. and get off at branch office on tract.

Lots as low as $300; terms to suit purchaser.

FOR SALE— WHERE IS THE BUYING THEM! WELL, I GUESS THEY ARE!

$500—$50 down, $10 per month.

So would you if you took the trouble to see them. I've sold 350 already. Those left are just as good as any gone before. Take a look at the Figueroa Boulevard Tract and you will understand why they sell so fast. In the new city limits at Florence ave. Two car lines and another ready to run cars in a few days. A 5c fare. All improvements completed and paid for. Neighborhood select and refined. Nothing else just as good there at any price. There's ready money in them for wise investors right now and they are the handsomest homesites in the southwest. Free tickets and particulars.

EMIL FIRTH (OWNER.) 319 W. 4th st., bet. Broadway and Hill st. Home A8105. Main 2542. "You're safe at Firth's."

FOR SALE— WHERE ARE YOU SAFE? "You're safe at Firth's."

All my clients make money. My prices are lower, my selections are better. My lots are larger. My improvements are higher grade. My terms are easier. I buy in the most popular sections and I sell at for quick sales and small profits. My lots in Figueroa Boulevard at $500 are worth $750 today. My lots in Athen Heights at $375 are worth $550, measured by values of adjacent property. When you buy of me you get prices so low that you are assured a good profit. Let me give you free tickets to go and see some of my lots in the southwest.

"You're safe at Firth's."

EMIL FIRTH (OWNER.) 319 W. 4th st., bet. Broadway and Hill st. Home A8105. Main 2542.

ACREAGE.

ACREAGE.

ACREAGE.

Eighty acres of the best subdivision property in the southwest for $1650 an acre. Nothing adjoining can be had for less than $2500 an acre.

The Grand avenue extension on 48th st. runs through the center of the property, making 40 acres north and 40 acres south of the electric railway. Five cent fares and 5 minutes to all Los Angeles railway lines. Quick and regular service, fast time. Only 25 minutes to center of city. A large pumping plant and artesian well on the property. Improvements completed and paid for. Deliver this for a few days only at $1625 an acre on very easy terms.

See us at once for the biggest bargain in acreage in the city of Los Angeles.

M. E. JOHNSON & CO., SOLE AGENTS. 302 H. W. HELLMAN BUILDING. 15

ENTHUSIASM CROWNS WORK.

Y.M.C.A. Directors Pleased Over Reports.

Secretary Luther Tells of Accomplishment.

Perils and Possibilities Are Ahead Yet.

The board of directors of the Young Men's Christian Association met yesterday to hear the annual report of General Secretary D. E. Luther and elect officers for the year 1907, and the greatest enthusiasm was manifested over the work accomplished.

An incident of the meeting was the warm expression of confidence in the work of the general secretary by O. T. Johnson and other members of the board, and the general congratulations upon the advancement made in every direction by the association.

The following new directors were elected: Curtis D. Wilbur, E. C. Lyon, C. M. Staub, T. H. Oxnam. The others are W. E. McVay, E. P. Clark, James G. Warren, O. T. Johnson, George I. Cochran, W. H. Booth, Gregory Perkins, Jr., E. T. Earl, J. Ross Clark, D. K. Edwards, J.

CHURCH SERVICES.

SUNDAY, JANUARY 13.

FIRST BAPTIST CHURCH, FLOWER ST., between Seventh and Eighth, the church home of tourist, traveling men and young men. Dr. Northrop urges the commercial traveler, the members of the U.C.T., and the Gideons to attend the morning service. Men who are lonesome and away from home, and do not know where to put in their time, will be royally received at all services. No person can enter our church home without the gland hand of welcome. Sunday-school at 9:30, and Young People's meeting, 6:30. Stereopticon song service precedes the sermon, 7:30. Baptist newcomers and trunk Baptists, those who have their letters hidden away somewhere, are also heartily invited at 11 and 7:30. 12

TEMPLE BAPTIST CHURCH, IN TEMple Auditorium, corner Fifth and Olive. Preaching at 11 and 7:30 by the pastor, Robert J. Burdette, topic of morning service, "In the Beginning;" evening, "The Valley of Decision." Music under direction of Dr. Bruce Gordon Kingsley. Bible school at 9:30; Dr. J. C. McCoy, superintendent. Come and hear the "Chimes" which open every service, come and hear the great Austin organ; come and make the Temple your church home. There are 2500 free seats, and a cordial welcome for every one. 13

SECOND CHURCH OF CHRIST, SCIENtist—Simpson Auditorium, 734 S. Hope st. Services Sunday, 11 a.m. and 8 p.m.; sermon from the Christian Science Quarterly. Subject, "Sacrament." Children's Sunday-school, 9:30 a.m. Wednesday evening meeting at 8 o'clock. Reading-rooms, 516-511 Herman W. Hellman Bldg., Spring and Fourth sts., open daily, Sundays excepted, from 9 a.m. to 9 p.m. 13

ST. PAUL'S PRO-CATHEDRAL, 522 S. Olive st. (near many leading hotels.) the Rev. J. J. Wilkins, D.D., dean and rector. Services, 7:30 and 11 a.m.; 7:30 p.m.; Sunday-school, 9:30 a.m.; Young People's meeting, 4:45 p.m. The rector will preach. Subjects, "The Purpose of Foreign Missions;" "What Doest Thou Here?" Desirable sittings and a cordial welcome for all who may come, especially strangers. Please tarry for a moment to meet the clergy. 2

FIRST CONGREGATIONAL CHURCH, HOPE st., near Ninth. Seats free. Rev. William Horace Day, D.D., pastor. Rev. Warren F. Day, D.D., pastor emeritus. Mr. Harry Clifford Lott, choir master. Dean, Walter F. Skeele, organist. Morning service, 11 o'clock, the pastor emeritus will preach on "Foreign Missions: Their Appeal to the Men of the Twentieth Century." Evening service, 7:45 o'clock the pastor will preach on "Ezra, the Lawyer." 13

FIRST UNITED PRESBYTERIAN CHURCH, Ninth and Figueroa sts. (Services in chapel.) Rev. Will W. Logan, the pastor, will preach tomorrow at 11 a.m. on "Spiritual Poise," and at 7:30 p.m. on the "Whole of Man." Strangers are always welcome. Choir, Mrs. Maude Nichols Lyon, soprano; Mrs. E. A. Ponda, contralto; Gail Edmiston, tenor; R. A. Campbell, basso; Prof. Theodore Irwin, organist. 13

IMMANUEL PRESBYTERIAN CHURCH, corner of 16th and Figueroa sts. Rev. Hugh K. Walker, D.D., the pastor, will preach tomorrow at 11 a.m. and at 7:30 p.m. Subjects, morning, "The Strength of a Man." Evening, "Providing Against and Empty Heart." The chorus will assist the quartet in the evening service. Strangers are especially invited to attend the service of our church.

KNOX PRESBYTERIAN CHURCH. Preaching at 11 a.m. by Rev. W. S. Young, D.D. Commemorative of tenth anniversary of the organization of the church; 3 p.m., installation of Rev. E. J. Harper as pastor. The Rev. H. K. Walker, D.D., will preach. Rev. H. A. Newell, D.D., will give the charge to the pastor. The Rev. W. S. Young, D.D., will give the charge to the people. 13

ST. JOHN'S EPISCOPAL CHURCH, 514 W. Adams, (near Figueroa.) Rev. Lewis G. Morris, rector. Holy communion, 7:30 a.m. Sunday-school, 9:30 a.m; morning prayer and sermon, 11 a.m.; evensong and sermon, 7:30 p.m. A hearty prayer-book service. The pews are free and all are invited. Take Grand-ave. car to Adams st., or University car to Chester Place and walk south to Adams st. 12

MAGNOLIA AVE. CHRISTIAN CHURCH, W. 25th st. and Magnolia ave. Jesse P. McKnight, pastor. Sunday-school, 9:30 a.m.; church services, 11 a.m. and 7:30 p.m.; morning sermon, "The Experience of a Day;" evening sermon, "Man's Sin; God's Promise." Good music. Cordial welcome.

BROADWAY CHRISTIAN CHURCH, OPPOsite Courthouse. Sunday-school, 9:30; preaching, 11 a.m., by B. F. Coulter; Young People's meeting, 6:30; preaching, 7:45, by J. W. Utter, subject, "A Threefold Pledge and Charge." You are cordially invited. 13

GOSPEL TABERNACLE CHURCH, 1709 S. Hope st. J. Hudson Ballard, pastor. Sunday-school, 9:30 a.m.; preaching service, 11 a.m.; young people's meeting, 6 p.m.; Bible class, 7 p.m.; prayer meeting, Thursday, 7:45 p.m. A cordial welcome to all.

FIRST PRESBYTERIAN CHURCH, Figueroa and 20th sts. The pastor, Rev. Frank De Witt Talmage, D.D., will preach at 11 a.m., subject, "Spiritual Wonder;" also at 7:30 p.m., subject, "The Conquering Locust." 13

BENJAMIN FAY MILLS, PERMANENT minister of The Los Angeles Fellowship, will speak Sunday at 11 a.m. at Blanchard Hall on the subject, "Faithful Failures." Good music. A cordial invitation is extended to all. 13

THE INDEPENDENT CHURCH OF CHRIST, 18th and Figueroa sts. Rev. J. S. Thomson, pastor. Services Sunday morning at 11 o'clock, subject of sermon, "Our Burdens." Every one welcome. 13

SALEM CONGREGATIONAL CHURCH, Paloma ave. and 28th st. N. L. Rowell, D.D., pastor. Morning, "Feeding Five Thousand." Evening, "The Young Moralist." Seats free. Strangers invited.

FIRST CHURCH OF THE NAZARENE, Sixth and Wall sts. Preaching at 11 a.m. by Rev. C. F. Bresee. Knee holiness meeting at 3 p.m. Preaching at 7:30 p.m. by Rev. C. V. Lafontaine.

REV. D. F. HOWE, D.D., PASTOR OF Westlake M.E. Church, will preach Sunday morning at 11 o'clock; evening at 7:45. The public is cordially invited to these services.

TRINITY METHODIST EPISCOPAL Church, South, corner Ninth and Grand ave. Preaching at 11 o'clock and 7:30 o'clock by the pastor, Rev. J. J. Pritchett. All welcome.

SECOND UNITED PRESBYTERIAN Church, Washington and Santee sts. Rev. Henry W. Crabbe, pastor. Services at 11 a.m. and 7:30 p.m.

Omniverous Senator Knox.

Senator Knox, it is believed, subscribes regularly to more magazines, newspapers and other periodicals than does any other man in public life. He receives through the mails every month every popular monthly magazine published in the United States and receives most of the daily newspapers of Pittsburgh and Philadelphia, besides the morning papers of Washington and some of those of New York and Baltimore. In addition to these sources of information and entertainment he is a subscriber to nearly every weekly of both parties in Pennsylvania. He is an early riser and manages to skim through the most of the morning papers before breakfast.

William E. Corey authorized the Associated Press at Paris to state he will not marry during his present European trip.

Christian Endeavor.

THE MIGHT OF MANHOOD.

Terse Comments on the Uniform Prayer-meeting Topic of the Young People's Societies for January 13: "How God's Image Is Preserved in Us—or Lost." (Gen. i, 26; Col. iii, 1-10. (A temperance topic.)

By William T. Ellis.

All intemperance is nothing but evil. There is certain to be a runaway and a wreck whenever a person loosens the reins of appetite. At the root of all the world's woes is sure to be found some form of intemperance.

We make much of the loss of friends and fortune that follows intemperance in drinking. Yet these are really only a minor trouble. The real loss, and the loss that makes the actual paupers, and that is worse than all other calamities, is the loss of self-respect. Esau's bargain was noble beside that of a person who sells his self-respect for a draught of pleasure.

God made men lords over all the earth, but many have become slaves to the earth's products.

None but the self-restrained and temperate person can know true riches. The divine record runs that "the drunkard and the glutton shall come to poverty"—the poverty that means a starved soul, an empty life. All that enriches his existence on earth slips from man's possession through the floodgates of intemperance.

There is no more uncomfortable person to live with than the one who, while abstaining from the wine-cup and all other forms of gross excess, is yet intemperate in his life. The unbridled tongue, the spirit of jealousy and pride that have full sway, the anger that is never controlled, the appetite for pleasure that is given first place in the life—these are common forms of intemperance that dwarf lives into meanness and unloveliness. And it is against these kinds of intemperance that Christians must exercise all their powers of will and grace.

Only they are masters among men, and acceptable followers of the great Master, who have first mastered themselves.

Intemperance is imbruting. Unrestrained passions dull the edge of all the sensibilities of the soul. A fine nature is impossible to one who indulges in any excesses. Ideals are lowered by intemperance, which seats on the throne of life the fleshly nature, and removes man farther from the divine estate that God designs for him.

Tempered speech is not common. Most of us do not weigh and consider the words that we utter. In an impetuous and measured stream our speech flows on, and the result is that every day we say rash and unkind and untrue things that we would give much to call back. In our fight against the evil of strong drink, let us not forget the evil of intemperate speech.

There are many young persons of upright and irreproachable lives to whom the word intemperate must be applied in relation to their pleasures. All their days seem to be given up to the pursuit of "a good time." No milder word than intemperance can describe these habits for the place of pleasure in human life—that is, pleasure when it is made a business—is only a subsidiary and unimportant one.

Intemperance is altogether weakness. If in any department of life we allow our inclinations or our appetite to get beyond our control then there is a corresponding loss of strength in our soul. We have power only when we keep our lower selves in complete subjection to our spiritual natures.

The self-mastered life masters the world.

Every one who has read Scott's novel, "The Talisman," remembers Saladin's marvelous exhibition of swordsmanship at the tournament. His delicate Damascus blade appealed to our imagination as being wonderful The feats the famous fighter performed, however, were due no less to his skill than the excellence of the sword itself. The latter was wholly a matter of tempering. This sword was tempered more exquisitely than any other, therefore it had more power. All the beauty, keenness and power that lie in a well-tempered blade are paralleled by the beauty, keenness and power of a well-tempered life. For the temperate life is the life that is well-tempered; it is the one that is fittest for its duties.

He who would be strong in his own soul must keep his spirit in control.

There is strength in self-denial. It is good to do hard things simply for the sake of learning how to do hard things. There is wisdom in the practice of some high souls who deal rigorously with themselves, just to keep their wills dominant over their wishes. None of us can safely trust himself always to follow his inclinations.

NEWS AND NOTES.

The Presbyterian Board of Foreign Missions has received a gift of $100,000 from Mr. Rockefeller for educational work in Egypt.

The sale or use of alcoholic liquors is forbidden in Turkey, as in all Mohammedan countries. In the Congo Free State also, no liquor is allowed.

President Roosevelt has received the Nobel prize of $40,000 in recognition of his services to humanity in promoting peace between Russia and Japan. This sum he will devote to establishing a fund to support conferences on industrial problems.

Rev. Dr. F. E. Clark will leave Boston next month to visit South America in the interest of Christian Endeavor. He will be absent about five months, visiting the West Indies and Panama on his way. This is the first visit of Dr. Clark to this section of the country.

The entire board of bishops and laymen who supervise Methodist Episcopal foreign missionary work have gone on record as opposing the race discrimination during the recent controversy regarding the education of Japanese pupils in the schools of San Francisco.

A formal protest to the New York Board of Education by the Union of Orthodox Congregations of Greater New York, an organization of Jews, has been entered, protesting against the celebration of Christmas as a religious festival in any of the schools of that city.

A remarkable assembly in China was that when 300 women recently came together to hold a convention, representing 200 villages. The meeting was held not more than 175 miles from the tomb of Confucius. Many of these women who at this time walked forty-fiv emiles to attend the conference, had never before been more than two miles away from home. During the sessions of the conference more than 200 of the women present unbound their feet, thus taking their place in the new China of the future.

POINTS TO IMPRESS.

1. That every one should look at himself from the standpoint of the divine and not of the dust.

2. That as man alone was given power to know himself and his God, he must be at one with God.

3. That man is regaining his likeness to God as he is renewed in God's image by Christ.

4. That man regains his rulership over the earth as fast as he recovers self-command through submission to Christ.

5. That our duty toward the lower orders is not destruction but development, not to reduce them to abject servitude, but to elevate them to useful service.

6. That God gave man special help for his task by establishing the family and the Sabbath day.

7. That the day has special sanctity because God Himself first used it.

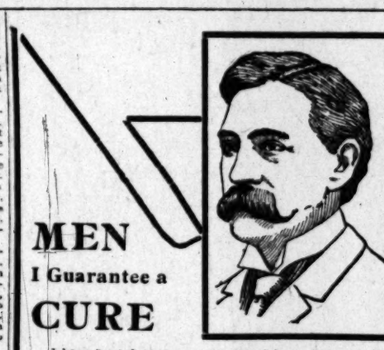
8. That it is historically true that our finest blessings, physical, domestic, intellectual, moral, spiritual, are injured by disregard of the Sabbath.

WHAT THE MASTERS SAY.

In his creative and originative power, enabling him to develop and make progress in civilization; in the power of rising superior to the impulses of sense, of mounting to the apprehension of general principles, and of conceiving intellectual and moral ideals; in the ability to pass beyond ourselves, and enter into relations of love and sympathy with our fellow-men; in the possession of a moral sense, or the faculty of distinguishing right and wrong; in the capacity for knowing God and holding spiritual communion with Him, man is distinguished fundamentally from other animals, and is allied to the divine nature. So that, wide as is the interval separating him from the Creator, he may nevertheless be said to be an "image" or adumbration, of Him.—[Driver.

If we would see God's conception of man, we must look upon the fact of His Son—Him of whom He said, "This is my beloved Son, in whom I am well pleased." That is man; that is the ideal humanity. It is useless to look in any other direction for God's purpose and thought. God does not ask us to imitate even our most perfect fellow-creature, except in so far as that fellow-creature imitates and exemplifies Christ. Do not let us mock one another, and tauntingly ask if we are made in the image and likeness of God, but let us steadfastly gaze on Christ, marking the perfectness of His lineaments, the harmony of His attributes, the sublimity of His purpose, and then, pointing to Him in His solitude of beauty and holiness, we may exclaim, "Behold the image of God!"—[Parker.

The seventh day, the day of rest, the Sabbath day of the earth, is the day now in progress, in which "God's work is," in Guyot's words, "one of live to man, the redemption," the creation of "the new man, born anew of the Spirit in the heart of the natural man," that the flow of love between man and his Maker, which was interrupted by man's debasement, again may be in perpetual interchange.—[Dana.



MEN PAY
I Guarantee a When you Are
CURE CURED

I have treated so many cases that I know just what I can do and what I cannot do, and I never promise or attempt too much. I accept no case in which I have doubt as to my ability to cure, and results are always equal to the claims I make. Following are some of the diseases I cure, and reasons why my cures are certain.

Contracted Disorders

In no other ailment peculiar to men is a prompt and thorough cure so essential. Contracted disorders tend to work backward until the most vital nerve centers become involved in the inflammation. Then follows a chronic stage that stubbornly resists all ordinary treatment. Safety demands that every vestige of infection be eradicated at the earliest possible moment. My treatment is thorough. The remedies employed have a more positive action than has ever before been attained, and so perfect is my method of application that even chronic cases yield completely.

Varicocele

This most prevalent of all diseases of men is also the most neglected, either through dread of the harsh methods of treatment commonly employed, or through ignorance of the grave dangers that accompany the disease. As varicocele interferes directly with the circulation and process of waste and repair throughout the generative organs, the necessity of a prompt and thorough cure cannot be too forcibly emphasized. I cure varicocele in one week by an absolutely painless process. My cures are thorough and absolutely permanent, and are accomplished without the use of knife, ligature or caustic.

I also cure to stay cured, "weakness," hydrocele, specific blood poison and all men's diseases.

Advice and Consoltation FREE. Write If You Cannot Call

DR. TAYLOR & CO.

MEN

It Costs You Nothing to Talk Over Your Case With Me

I'll tell you how I Cure just such cases as yours, what the cost will be and about the time it will take. MY SERVICES ARE THOSE OF AN EXPERT. I CHARGE NOTHING FOR CONSULTATION.

Varicocele Cured 4 to 6 Days

Many men suffer from varicocele and have many times treated without satisfactory results. I want to say to all such that my treatment, personally applied, will cure you in 4 to 6 days, and the cure will be permanent.

FUNCTIONAL DECLINE TERMED WEAKNESS BY SOME

The success I have had in restoring functional derangement has been a great surprise to many who have met with failure in former treatment. It's right treatment applied in the right way that brings the satisfactory results. By my direct method all inflammation is removed and free, healthy circulation is established.

CONTRACTED DISORDERS

Failure to quickly cure these conditions is due to harsh measures which are the direct cause for chronic conditions. My treatment is most cleanly and perfect.

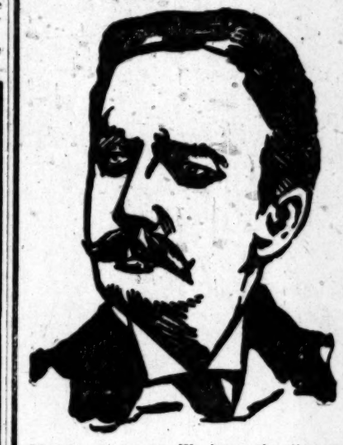
I cure Rectal, Kidney and Bladder Troubles, Piles, Fistula and Blood Diseases, Wasting, Nervous and Chronic Conditions, causing functional derangement, impairing strength and vitality.

HOURS—9 TO 4, 7 TO 8. SUNDAYS, 9 TO 12.

Dr. Morton, 316 S. Broadway

MEN—Save time and money by patronizing experts in special diseases. Varicocele and Hydrocele positively and forever cured by ONE treatment. No blood, no chloroform, no detention from business. We cure every case perfectly and quickly without danger or the use of barbarous methods. Our office is not conducted by hired substitutes; every case we handle personally and guarantee a cure or charge no fee. Special attention given to the cure of all Genito-Urinary and Chronic Diseases of Men and Women. 28 years' special experience. Consultation at office or by letter FREE. DRS. MERRILL, 205½ SOUTH BROADWAY.

Men's Maladies



Our Specialties are Pelvic Diseases, Skin and Blood Diseases, and Nervous Debility.

If you lack ambition and energy, unable to concentrate your thought, lack vim, vigor and vitality, come to us at once, and by our scientific treatment be restored to health. Remember, our charges are reasonable and in reach of any workingman. The best is none too good for any man who is a sufferer from any one of these diseases below mentioned, to which we have devoted exclusively the best years of our life.

We cure Vital Weakness, Enlarged and Knotted Veins, Blood Poison, Skin Diseases, Swollen Glands, Rupture, Kidney, Bladder and Rectal Disease and all urinary diseases of men.

Pay Us For Cures

MEN, READ We know the diseases and weaknesses of men like an open book. We have devoted our lives to it, and thousands upon thousands of men, restored to robust, vigorous health, are today living monuments to the skill, knowledge and success of Dr. Greene & Co.. We never undertake a case that we think we cannot cure. We have made so thorough a study of all diseases of men and have cured so many cases that if there is a cure for your disease you will find it here. We charge nothing for consultation, and our knowledge, skill and experience are at your service. We will explain to you how and why we can cure you; why the diseases of men require the knowledge and skill of Master Specialists. Come personally if you can, but if you cannot call, write us fully in the strictest confidence.

CONSULTATION FREE. We are perfectly willing to wait for our fee until our patients are cured to stay cured.

AWARD PRIZES FOR WINNERS.

Humphries Gets "The Times" Eagle Trophy.

Many Special Cups Given at Poultry Exhibit.

Complete List of Fanciers of Best Birds.

Not until late last night was the list of special prizes in the Poultry Show completed, though the officials of the Los Angeles County Poultry Association worked at it night and day after the work of the judges had been done. Occasionally, while the work was in progress, some anxious exhibitor would make his way into the little office and insist on presenting an original interpretation of the rules under which the prizes were to be awarded. Hope died hard in many cases.

The crowd at the show yesterday was bigger than at any time before, and its character was different. Earlier in the week the poultry fancier predominated in the attendance, but yesterday there was a falling off of this element and a large increase in the number that came, with little or no technical knowledge, to view the vast concourse of all sorts and sizes and colors of fowls.

Many women stopped before the pen which holds an old warrior of the southern cockpits, reading the record of the fierce fowl and gazing at him with awe between the bars. Some of them thrust a timid finger at him to see if his fighting spirit would resent the insult; but the old pit-fighter sulked, doubtless wondering why he was walled off from rival fighting cocks which he could hear uttering their war chant in pens on either side.

At the far side of the building the African ortrich was trying to stretch his snaky neck a little, that he might reach and eat the blue ribbon awarded to him.

So great has been the increase of general interest in the show that last night the promoters held an earnest confab on the advisability of continuing it for another week. An alternative proposition was to keep it open Sunday instead of bringing it to a close tonight. Both were abandoned, and the original plan will be adhered to.

Aside from the silver trophies and special ribbons, a number of association bronze medals were awarded.

The following is the complete list of special awards:

Times Eagle Trophy, William M. Humphrey.

Los Angeles Chamber of Commerce cup, for best display of California-bred birds, M. E. Dillingham.

First Los Angeles Produce Exchange cup, for best display of table fowls on hoof, F. A. Mason.

Second Los Angeles Produce Exchange cup for best display of Black Minorcas, in the interest of egg production as to size and quality, Harry E. Rose.

Association president's cup, William M. Humphrey, for best pen of White Rocks exhibited by a member of the American White Plymouth Rock Club, Arthur J. Little.

Cup for best cock and hen, Golden Sebright Bantams, exhibited by one person, Mrs. A. E. Halsey.

Winsel challenge cup from Charles Winsel, for best display of White Wyandottes in the show, F. A. Mason.

Black Minorca challenge cup, from Arthur Letts, for best pair of Black Minorcas shown by one exhibitor; a silver challenge cup valued at $30, offered by Black Minorca fanciers of Southern California; this cup to be won three times at the Los Angeles County Poultry Association show before becoming its property in fee simple of the winner, Harry E. Rose.

Mrs. T. R. Griffith, Blue Andalusian cup, for best display of Blue Andalusians—C. A. Lyon.

Riverside fanciers' challenge cup, for best display of California bred birds in the Mediterranean and Asiatic classes—Harry E. Rose.

Robert A. Rowan loving cup, for best display of Hamburgs or Polish—Mrs. D. A. Robertson.

F. A. Mason loving cup, for best cock, hen, cockerel and pullet in the American class—Fred Esterwold.

Superintendent's cup, M. E. Dillingham, for best pen in the Asiatic class, to Mrs. C. L. Hogue.

The Eugene Germain cup, for best pen of White Leghorns—Holmby Poultry Farm.

The Arthur Letts Orpington cup, for the best exhibit of Orpingtons, any variety in the showroom, three to compete, award to be made by points—Holmby Poultry Farm.

Banker's cup, from W. D. Woolwine, for best cock, hen and cockerel in the Orpington class—Holmby Poultry Farm.

Barred Plymouth Rock trophy, for the best Barred Plymouth Rock cock, cockerel, hen and pullet in the show—Charles E. Smith.

The E. M. Butler Plymouth Rock cup, for the best White Plmouth Rock cockerel and pullet in the show—W. M. Humphreys.

The San Gabriel loving cup, from the breeders and fanciers of San Gabriel and Alhambra, for the best cock, cockerel, hen and pullet, Columbian Wyandottes, in the show—M. E. Dillingham.

Luckenbach cup, for the best Black Orpington cock, cockerel, hen and pullet in the show, shown by one exhibitor—Holmby Poultry Farm.

The Rowan cup, for best display in the Mediterranean class made by one exhibitor, to be won three times to possess—awarded for this show to Harry E. Rose.

The Henry Albers Co. cup, for the best display of turkeys, Holmby Poultry Farm.

The California Plymouth Rock cup, a friend and breeder of White Plymouth Rocks offers for best White Plymouth Rock pullet in show, W. M. Humphreys.

The Live Stock Tribune cup, annual challenge cup, for best display in the American class of any single variety, W. M. Humphreys.

Grand $25 pullet trophy, association cup for the best exhibit of ten pullets of any class or variety shown in specially constructed pens, awarded to W. M. Humphreys.

Pen—A. L. Pinkerton, 1-2; Dillingham, 3; Church, 4-5.

STREET FLUSHER TESTED.

New City Washing Machine Works Like a Charm on Vitrified Brick and Smooth Pavement.

The new St. Louis street flushers recently purchased by the city were tested last night. Broadway, from First to Fourth streets, was washed. Street Superintendent Edwards watched the operation of the big red tank. Wherever a smooth surface offered, the pavement was thoroughly cleansed.

The flusher consists of a tank, with a capacity of 750 gallons, propped on a carriage drawn by two horses. A nozzle beneath the tank reaches to within a few inches of the street surface. A stream of water is forced from the center of the street to the curb and dirt and slush is washed into the gutters. The machines cost $1000 each.

The city will probably purchase several more machines, according to Deputy Laws, who was in charge of the cleaning last night. Before the downtown streets can all be cleansed, several other flushers will be needed.

"The flusher has not been thoroughly tested yet," said Deputy Laws last night. "We can clean the streets where the pavement is smooth. It is harder where the surface is uneven. We will try this method of street cleaning for several nights before we report on the experiment. We will need many more machines in the event of these proving satisfactory."

As a later experiment, the vitrified brick surface on Fourth street, between Spring and Main streets, was washed. The machine worked better here than on any other section of the city streets.

KILL THE ENGLISH SPARROW.

The Advice of an Illinois Expert Who Says That It Is Only a Pest.

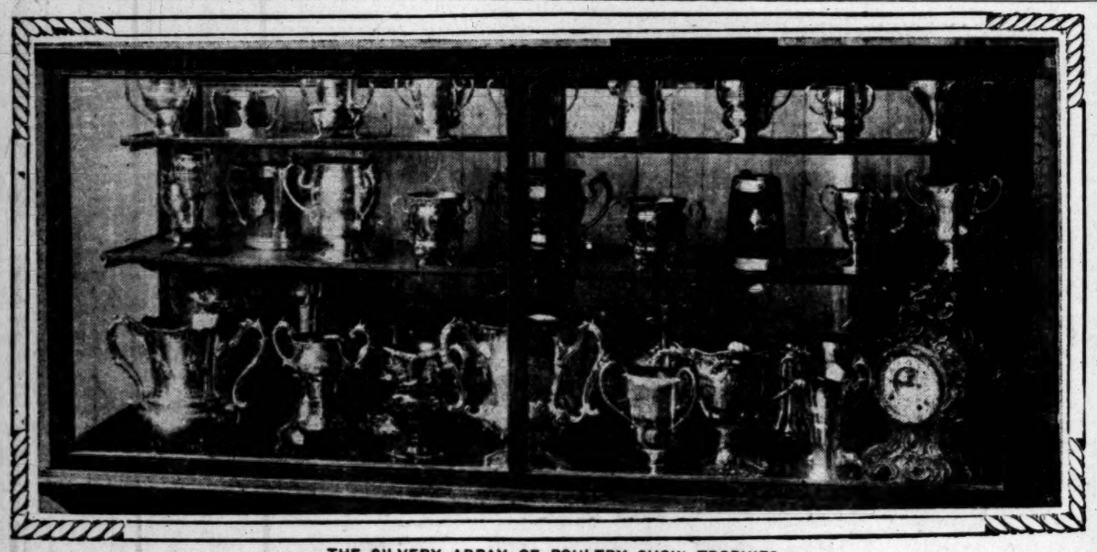
Prof. S. A. Forbes, State entomologist for Illinois, after devoting more than thirty years to the study of birds, declares that the indictment against the English sparrows was properly taken and the bird should be destroyed. He is now telling the farmers' institute of each county in the State the results of his observations, and his discoveries are attracting much attention. He has killed in all 10,000 birds, justifying his action by the knowledge that a scientific investigation of what birds ate would save the lives of multitudes of their kind. He is said to know more about birds than any other man in the world.

During the last year Mr. Forbes took a census of a farm in order to determine about how many birds existed to the acre. He was surprised to find that the average was less than three—about 2.8, to be exact. A total of 54 kinds of birds was recognized, although there are supposed to be more than 300 species common to this State. The estimate was 1,267 birds to each quarter mile. In dividing the birds seen while this census was being taken it developed that 41 per cent. were blackbirds, 19 per cent. English sparrows, 11 per cent. cow birds, 4 per cent. meadow larks, 3 per cent. mourning doves, 2 1-2 per cent. robins, 2 per cent. brown thrushes and 2 per cent. horned larks. Four per cent. of the birds, following an analysis of the stomachs, were found to be purely useful; 4 1-2 per cent. decidedly useful and 2 per cent. moderately useful, while 55 per cent. were of rather doubtful utility. Nineteen per cent., the English sparrows, were found to be decidedly injurious.

Winter birds were found to be more largely useful than the summer birds, as they destroyed noxious weeds, while the summer birds live more largely on insects.

The meadow lark was found to be the most useful of all birds on the farm. Of the 238 specimens killed in various portions of the United States, it developed that 73 per cent. of their food was insects and the remainder grub-worms and caterpillars. The meadow larks upon a square mile are worth $900 to the farmer. The robins were found to have eaten seventeen quarts of caterpillars to each twenty-four quarts of fruit. Prof. Forbes favors the destruction only of the English sparrow, which he brands as the "outlaw" bird. He believes that the only efficacious method of destruction is to destroy the eggs as rapidly as they are laid.

Plans for the reconstruction of the Almendral quarter of Valparaiso, Chile, have been presented to the President by the Citizens' Committee, formed after the recent earthquake and fire. Wider streets and more open spaces, public gardens and squares are provided for.



THE SILVERY ARRAY OF POULTRY SHOW TROPHIES.

RELIGIOUS.

MISSION TO OUR MARKET.

Methodists Will Adopt the Yuma Indians.

Strenuous Life of Young Missionary's Wife.

Montgomery Memorial in Cathedral.

A bright young missionary, accompanied by his wife and child, arrived in this city yesterday from the Yuma Indian reservation, which is in this State, across the river from Yuma, Ariz., practically bringing with them an Indian mission for sale to any denomination that would agree to take proper care of it, and the Methodists have responded.

The missionary is Rev. Frank T. Lea, who has been acting under the National Indian Association for the past two years, among the Yuma Indians.

REV. FRANK T. LEA, missionary among the Yumas, who has turned an Indian school over to the Methodists.

When he arrived there, he, with his own hands, built the mission-house, living meanwhile in a "cottage" such as the Indians occupy. Finally the health of Mrs. Lea gave way under the hard strain of responding to the endless calls from the Indian maidens, and they were compelled to relinquish the work.

Mr. Lea is a medical missionary as well as a preacher, and his house was a sort of a hospital for the healing of bodily ills, along with spiritual guidance, and he can only recall one instance in which he received a word of thanks for his pains.

Mrs. Lea, in order to get a good hold on the Indian girls, kept several sewing machines, for the purpose of teaching them to sew, with the ultimate purpose of having them adopt American clothes. They accepted freely of the use of the machines, made the most exacting demands upon Mrs. Lea as their dress-maker, but they made only such garments as they have been accustomed to wear as wild Indians. They would visit the mission cottage at 5 o'clock in the morning, each trying to get ahead of the other, and in their anxiety to make their bright "duds," with Mrs. Lea's aid, would go as late as 11 o'clock at night. She stood up under it for two years, and then was compelled to come away, for she dared not refuse to do the work.

The Leas are no novices in the mission work. For four years they labored in Africa, under the "Philafrica Liberators League," spending three years in Portuguese West Africa, and then went 1000 miles up the Congo. Their little girl, now between 6 and 7 years of age, was born in Africa, and was the first white child ever taken up the Congo River.

The policy of the National Indian Association, after it has thoroughly established a mission, is to present the property to the church that seems best able to handle it, and agreeing to maintain a missionary at the point where the organization may have been formed.

Mr. Lea interviewed the Methodist Home Missionary Society, as they have the only church organization at Yuma, and they have agreed to appropriate $1100 a year for its maintenance. Mr. Lea also interviewed Bishop Johnson of the Episcopal church, with the idea of offering the mission to him in the event of the Methodists declining to accept the trust.

For the present Mr. and Mrs. Lea will reside in this city, and the great quantity of lantern slides that the former has made in different parts of the world, will cause him to be sought for by churches of all denominations to stir up interest in missions. He will deliver a lecture on the Yuma Indians, in Memorial Baptist church on Sunday evening, illustrated with a stereopticon, and will go to Long Beach Christian church on Tuesday evening.

In addition to their work in the places mentioned, Mr. and Mrs. Lea were two years in the slum district of New York, and they are most interesting talkers on all phases of their diversified work.

MONTGOMERY MEMORIAL.

ST. VIBIANA'S CATHEDRAL.

Honor will be paid to the memory of the late Archbishop George Montgomery by special memorial services in Los Angeles, where this prelate spent many busy years.

A solemn high mass of requiem will be celebrated at St. Vibiana's Cathedral, South Main street, at 10 o'clock next Thursday morning, with Mgr. P. Harnett, V.G., as celebrant. The sermon will be delivered by Bishop Conaty.

An invitation has been issued to all the priests in the diocese of Monterey and Los Angeles to be present at these services, and it is expected that there will be a general response, as Archbishop Montgomery was beloved by all under his authority.

Bishop Conaty will also deliver the sermon at the bier of the Archbishop on Monday forenoon at San Francisco. The services there will be held in St. Mary's Cathedral. Bishop Grace will pontificate.

Bishop Conaty, Mgr. Harnett and Rev. Raphael Fuhr, O.F.M., will leave on the "Owl" this evening for San Francisco. Revs. Clement Malony, John J. Clifford and D. W. J. Murphy, who were assistant priests at St. Vibiana's Cathedral while Archbishop Montgomery was stationed as bishop at that point, left last night for San Francisco to assist in the funeral arrangements and attend the obsequies. Several other priests, long-time friends of the deceased, will go from Southern California to San Francisco for Monday's services.

Bishop Conaty and Mgr. Harnett will return to Los Angeles immediately after the funeral services, to make final arrangements for the special services to be held here Thursday morning.

There were many expressions of sorrow heard yesterday from both Catholic and Protestant over the death of Archbishop Montgomery, a man who had endeared himself to the best elements of this city, regardless of their religious affiliations.

Fire that started in the tobacco warehouse of S. R. Moss & Co., of Lancaster, Pa., yesterday morning, spread to adjoining property and caused a loss estimated at $1,000,000. The Moss warehouse, filled with tobacco, and the Moss cigar factory adjoining, were destroyed causing a loss of $500,000. The warehouse of the American Cigar Company and the contents of the warehouse of Morris Levy, Kramer and Goldberg and John Brimmer were all damaged by smoke and water.

DRINKS ALL HE WANTS

And Drinks It Whenever He Wants It

"I want what I want when I want it."

A Michigan man, who perhaps never heard Pruette sing the song, wrote the other day concerning Postum Food Coffee, "I am well and hearty. I drink all the Postum Cereal coffee I want and whenever I want it—the more I drink the better I feel.

"I was broken down in health with acid dyspepsia, as the doctors called it; had been sick for five years and failing all the time. I would drink coffee for breakfast and then bloat up, my stomach would be so full of acid I'd belch up gas and have the water brash.

"Then would come heartburnr, and a rumbling and cramp in my stomach all night would keep me awake. Then I'd go two or three days without eating, with some improvement. But as soon as I would eat something and drink coffee, I'd be as bad as ever.

"About three months ago I got so bad I thought I'd have to stop everything. I had read about coffee being hurtful, so I told my wife not to make any for me for a while. I thought I'd see for myself.

"In two days I was lost without coffee—was so sick I couldn't eat anything. (The reaction of the coffee drug.) I bought a package of Postum and my wife made it strictly according to directions. You should have seen the change. The whole family now use Postum, and I haven't sour stomach or bloating, rest well at night, am well and hearty. I drink all the Postum I want and whenever I want it. The more I drink the better I feel.

"Since I left off coffee and began to use Postum my nerves are steady, my head feels clear, I don't get stupid, tired and lazy any more.

"I positively know that coffee was the cause of my trouble and I positively know that quitting it and using Postum Food Coffee has cured me." Name given by Postum Co., Battle Creek, Mich. Read the little book "The Road to Wellville" in pkgs. "There's a reason."

Drug Clerk WANTED

First class positions, short hours, three nights off one week, two nights and one forenoon week following. Store closed every Sunday except between 9 a.m. and 2 p.m. Easy Sunday hours. Good salaries, no grafting. Good references required.

boulder weighing several tons rolled on top of it. The buttress of the Downey-avenue bridge had stopped the further progress of the great stone.

WATER CARRIES BOULDER.

Several days after the rain had stopped, in 1889, the writer, driving across the Arroyo Seco, above where the Salt Lake Railroad bridge to Glendale is, encountered a boulder coming down the still swollen stream of the old Arroyo sufficient to seriously threaten wrecking a light buggy in which he was riding. The water ran sufficiently high to pour into the bed of the piano-box buggy. By good luck, rather than any other cause, he managed to keep the horse's head up stream and reach the opposite bank. This was early on a Sunday morning, and when he returned in the evening the water was so low that one could have waded the little stream.

During each of these storms several persons were lost in the different rivers of Southern California. Newcomers who have never seen these dry beds or small streams in their wild rush, after a heavy rain, are often very much deceived by appearances. The Los Angeles River in each of these flood years was running at least twelve, perhaps fifteen feet deep, and at a speed of not less than twenty miles an hour from the upper city limits down to Seventh or Eighth street. These floods broke the levee far down the river in both years, and since then the Los Angeles River has been lost about the region of Vernon. It spreads out there into a vast lake, and in ordinary weather the railroad bridges are little affairs that many people fail to notice at all. But there are few things on earth which need letting alone and keeping away from more than a Southern California stream in what New England people know as a freshet.

WOMEN'S CLUBS.

An exquisite morning of poesy and pleasure, of song and serenade, was experienced at the Friday Morning Club yesterday, one of the white stones of the year, to entrance with many a backward reverie.

Mrs. Shelly Tolhurst, who has managed the musical matters for the club this season, arranged a morning of comparative songs to be given by Miss Estelle C. Heartt, with Mrs. Hennion Robinson at the piano. Music always has charms for this particular club, and every seat in the auditorium was filled.

Miss Heartt read a short paper at the beginning of the programme, which gave the keynote of the whole, explaining the different musical interpretations which different composers have given the same theme, and to which they have set the same poetic lyrics, the rich, splendid contralto voice of the singer later telling more than mere words the artistic value of each conception.

That sweet old poem by Bourdillion, "The Night Has a Thousand Eyes," furnished the first number, Hawle's "When Love Is Gone" being compared with our own Miss Kathleen Lockhart's beautiful "When Love Is Done." Miss Lockhart was a special guest of the morning, this talented young musician's song, written all alone when she was but 14 years of age, being the only local composer's work on the programme. Heine's "Du Bist Wie Eine Blum," as interpreted by Lizst and by Chadwick, was sung in the German, the next number, "When the Birds Go North Again," with Warren and Willoughby's musical compositions, was especially appealing, with: "Oh, every year hath its winter; And every year hath its rain;

"But a day is always coming, When the birds go north again."

Two artistic numbers were rendered by Mrs. Robinson—a serenade by Seeboeck and one by Pierne—the comparative values being clearly shown, but the pure pleasure of the music overshadowing even that.

Goethe's incomparable "Kennst Du Das Land" was translated into the French in the composition of Thomas, "Dost Know That Sweet Land," while Lizst's "Know Thou That Sweet Land" was given in English. The Indian love lyrics of Laurence Hope awakened a great appreciation in the audience, and they applauded again and again, but Miss Heartt had too many numbers to repeat or give an encore. Woodforde-Finden and Hubn were the renditions given with so much feeling by the singer. Jensen's "Woodland Whispers" and the "Lorelei" of Schumann were scarcely less appreciated, while the closing group included the dainty "White Rose Lover" by Spross, and Chadwick's nocturne.

—o—

State Federations.

The State Federation of Women's Clubs will hold its annual meeting in Bakersfield February 6, 7 and 8.

Plans are being made to insure an interesting and successful meeting.

An evening reception will be given to the delegates in the Woman's Club House, but the regular meetings will be held in the Methodist Church, which is well arranged for such a gathering, and convenient of access by car line.

Lunches for each day are being planned for by some of the Aid Societies of the different churches. The club women of Kern county will endeavor to maintain the reputation already gained for hospitality.

—o—

Outdoor Art Matters.

"Outdoor art" is beginning to include so much of the live work of the city that it is become a collective term. Thursday morning this section of the Civic Association arranged for an Arbor Day celebration; it heard the present status of the playground movement; it decided to save the Arroyo Seco; it passed a resolution by which the members pledged themselves to refrain from ever wearing the plumage of the snowy heron on their hats, which means no aigrettes in the future and less money on the millinery bills; it received an offer from a real estate firm of the city which advertises on billboards to give the sum of $500 yearly to the city for street improvements if the billboards are banished, and it passed a resolution requesting the City Council to appoint a tree warden.

Mrs. Matthew Robertson presided over the Outdoor Art meeting and later turned it over to F. W. Blanchard, who acted as chairman of the Arbor Day Association. He had a hard time on that line, for the whole sentiment of the meeting was determinedly in favor of taking measures toward preserving or rather saving the arroyo while yet there is time. All roads led to the arroyo yesterday, and several speakers waxed most eloquent in describing its transcendent beauties that are rapidly being marred. Arbor Day, set by the Mayor for February 15, or March 1, according to the state of the weather, is to be made a means for calling the attention of the public to the Arroyo Seco. The exercises will be held at Sycamore Grove, if the sentiment of the meeting prevails, the matter being left to a committee of two—Mrs. Willoughby Rodman and Mrs. Robertson—to assist the chairman in making arrangements.

No definite action was taken toward the preservation of the arroyo, but the matter was set in motion, Mr. H. Jevne being appointed chairman to start a movement to get advice on the subject, and to get donations of money and of property in the arroyo itself, so that the city may acquire control over the flats on either side, from Avenue Thirty-seven clear up to the county line, and then to arrange for coöperation with Pasadena to control it still further.

Warm, nay fervid sentiment was shown by the people present to get the Arroyo Seco for the city of Los Angeles and for Southern California at all costs, and it is certain that the movement will crystallize into action, not soon, but immediately.

LOSE WATCH AND JEWELS?

Guests at Hollenbeck Say They Are Robbed—Sensational Features in Case Alleged.

W. W. Trigg and wife were robbed of jewels valued at between $500 and $600 in the Hollenbeck Hotel on the night of January 5. The theft was not given out by the police, to whom it was reported Sunday morning. A detective has been working on the case since then.

Trigg is interested in a Mexican banana plantation. He and his wife left their room for a few moments Saturday evening, and when they returned, they say, a jewel box containing several diamonds and a gold watch was gone.

Several unusual features are said to attend the case. It is said that suspicion attaches to a woman who had a room near the Triggs, who is said to be the wife of a well-known Los Angeles business man.

The North German Fire Insurance Company, according to a decision rendered by the court of Hamburg, in a test case yesterday, must pay the losses which it incurred as a result of the San Francisco earthquake last year.

Miramonte Park

MIRAMONTE is not and never was a barren project. Its development has been along natural lines. People went to MIRAMONTE, bought land, built homes, started stores, secured postoffice and schoolhouse, organized a church, established social clubs, and began to enjoy life. There are handsome large trees, wide streets, good walks, all modern improvements, and good homes.

MIRAMONTE is just 400 yards outside the city limits on the Huntington Electric Railway System to the beaches; affords frequent cars, 12 minutes' time, 5c commutation car fare.

Where can you match MIRAMONTE?

Prices $600 and Up--Terms Easy

Come to our office for descriptive pamphlets, maps, prices, and general information, or take a Pacific Electric south-bound car to Spalding Station, where you will find representatives to show you the lots.

PHILIPPINESS OFFER BUSINESS.

Says Americans Neglect Chances Offered by Archipelago for Making Money.

[BY THE ASSOCIATED PRESS—A.M.]

NEW YORK, Jan. 11.—Percy M. Moir, judge of the Court of First Instance in the Philippines, who is on a visit to this country after an absence of five years, said here yesterday in an interview that American merchants are neglecting extraordinary opportunities for business in the archipelago. He declares it lamentable that, with the islands entirely pacified, a general system of railroads in course of construction and the rich resources of our Far Eastern possessions being well developed, the business men of the United States, as a whole, are paying virtually no attention to what will be, in the course of time, one of the great industrial markets of the world.

STILLMAN IS DECORATED.

PARIS, Jan. 11.—[Exclusive Dispatch.] James Stillman, who sailed from New York Tuesday, has been decorated Chevalier of the Legion of Honor by the French government.

COPPER COMPANY'S MEETING.

BOSTON, Jan. 11.—[Exclusive Dispatch.] Notice is given that the annual meeting of the Old Dominion Copper Company will be held at Portland, Me., January 30, to elect a treasurer, clerk and seven directors. The transfer books will be open from January 14 to January 30, inclusive.

PAY CHECK MISSING.

Mrs. S. Mustain of No. 116 West Forty-fifth street notified the police last night that she had lost a pay check issued by the Los Angeles-Pacific Railroad Company to S. Mustain. The check was made out for $120.

LOSES CLOTHING.

Fred Tremble, who lives at the Hoffman House, on North Main street, reported to the police last night that several suits of clothing and underwear had been stolen from his room.

THIEF GETS CASH.

G. B. White of No. 623 Towne avenue reported to the police yesterday that a thief had taken $30 and some articles of minor value from his room.

OLD IN CRIME, THOUGH BOYS.

NEGRO LADS MAKE STARTLING CONFESSIONS.

Arrested for Taking Money from Pockets of Long Beach Man and Admit Guilt, Say Police—Cash Is Found on Vacant Lot—One Youth Tells of Twenty Robberies.

William Simpson and Norris Stapler, thirteen-year-old negro newsboys, were arrested last night on the charge of having picked the pockets of William Kitchen of Long Beach on Wednesday, securing $85. The police learned that Simpson has been in the Detention Home four times, and that he lives at No. 1558 West Twenty-seventh street. Stapler lives at No. 2900 East Second street.

After Kitchen had been robbed he went to the Central Station and reported his loss. He told the officers that while he was standing on the corner of Fifth and Main streets he amused himself by seeing a number of newsboys scramble for pennies, which he tossed to them.

Kitchen also said that two young negroes did not seem anxious to run for the pennies, but kept close to him. Working on this slight clew, the police were making slow progress. But yesterday new light was thrown on the matter.

Two young negroes were seen digging in a vacant lot on Sixth street, between Wall and San Julian streets. An officer went to the lot and recovered four $20 gold pieces and a $5 gold piece.

The lads were promptly arrested and confessed that they had robbed Kitchen. Kitchen will confront the boys today and see if he can identify them.

In discussing his past with the officers Stapler said that he had assisted men in stealing money from drunken men. He said that he had participated in about twenty such crimes, he thought.

The police sent the boys to the Detention Home last night and will charge them with grand larceny. An effort will be made to find out if any one has been prompting the young negroes to rob.

OFF FOR FRESNO.

Two Hundred Shriners Depart for the Raisin City to Attend an Elaborate Festival.

A special train, bearing four cars full of enthusiastic members of Al Malaikah Shrine pulled out of the Arcade Depot shortly after 12 o'clock last night en route to Fresno, where the Shriners' festival is to take place today, and tomorrow. The special is due to arrive at the Raisin City before noon today, and 200 or more Shriners from Los Angeles will greet about an equal number of their brothers from the Islam Shrine of San Francisco.

This afternoon there will be a Shriners' parade, and in the evening the "ceremonial sessions" will be conducted by the San Francisco Shrine, followed by a "traditional" banquet. Islam will be the hosts of the occasion, and the local Shriners are assured of a festive forty-eight hours.

Sunday will be given over to a bullshead breakfast and jollification at Recreation Park. The Los Angeles party will reach home at 8 a.m., Monday.

FLOWER STREET HOLD-UP.

George W. Dorr of No. 915 South Flower street reported to the police last night that he had been held up and robbed by a masked highwayman between Eighth and Ninth streets on Flower street about 10:30 o'clock. Dorr told the police that when the robber approached him, he thought the man was about to ask him for a match. The highwayman secured a wallet containing $40, but overlooked some other money and a watch and chain.

VITAL RECORD — BIRTHS, DEATHS, MARRIAGES.

Births.

BARRY. To the wife of Dick Barry, Baldwin Park, January 6, a daughter.
NOWLIN, January 9, to the wife of George Nowlin, a son.

Deaths.

DEAN, At No. 2818 Downey avenue, January 9, 1907, Mary J., beloved wife of Joshua Dean and mother of Emma H. Dean. Funeral from residence, Saturday, January 12, 1907, at 10 a.m. No flowers.

TAYLOR. In this city, January 9, 1907, Hugh, beloved husband of Mrs. Margaret and father of Robert A. Taylor, age 94 years. Funeral from Dexter Samson Co., 1122 S. Flower street, today, at 2 p.m. Friends invited.

NISBET. In this city, January 10, Henrietta Nisbet. Funeral from the residence of her son, Henry W. Nisbet, 2108 South Union avenue, Sunday at 2 p.m.

SHE HOLDS THE GUN, HE BEGS ON KNEES.

Woman Central Figure in Sensational Drama of Desert.

"Lucky" Baldwin's "Favorite Niece" Deserts Robert Johnson at Funeral Range, After Picturesque Prospecting Trip—King of Arcadia, "Scotty," Lawson, "Whispering Kelly," and Mythical Gold in It.

HELEN JOHNSON, "favorite niece" of E. J. ("Lucky") Baldwin, deserted her husband, Robert Johnson of Los Angeles, in Death Valley last Monday, creating a sensational drama of real desert life that threatens to result in tragedy.

Upon his knees in the desolate sands, sobbing like a lost child, "Bob" Johnson begged his wife not to leave him, while she, revolver in hand, backed off, passed over a small divide, and climbed into the slow-moving wagon of "Andy" Lawson, who wore two six-shooters, carried a Winchester, and defied Johnson to follow them.

Claiming that he had been robbed of his wife, of all his firearms, and of the major portion of his prospecting outfit, Johnson, stung by the taunts of a little group of prospectors, later mounted a mule, and, unarmed, disappeared across Death Valley in pursuit of his lost love.

Saratoga Springs, at the extreme southern end of the Funeral Range, was the scene of this dramatic incident, which is but one chapter in a story replete with gun play, intrigue, and mythical tales of lost mines and hidden treasure.

Mysterious "Scotty" of Death Valley notoriety, "Lucky" Baldwin and his flashy protegé, W. A. Kelly, known as "Whispering Kelly," and a dozen or more prospectors form the cast of characters.

HELEN JOHNSON,
"Lucky" Baldwin's "favorite niece," and central figure in a sensational desert drama.

Some time ago Johnson met "Scotty" in Los Angeles. Thrilling tales of gold-bearing ore shoots told by "Scotty" over the flowing bowl fired the adventurous "Bob" with a desire to prospect in Death Valley. He went to Baldwin and formulated a trip which was to bring wealth greater than an amount represented in the big Santa Anita ranch. Pretty Helen Johnson, picturing herself attired in a broad sombrero hat, leather leggins, cartridge belt and six-shooters, smiled approval of the scheme and coaxed her doting uncle to supply the cash for the venture. A box car was chartered and left Santa Anita loaded with four mules, a sorrel thoroughbred mare, four saddles, a wagon, provisions galore, in case lots, and several cases and kegs of assorted wines and liquors.

FINEST OUTFIT EVER.

The outfit as it landed at Saratoga Springs was unquestionably the finest that ever came into the desert. The car was packed with hay and grain, tents, cots, and all "comforts of home." Several trips were necessary from Daggett to convey the outfit to the Death Valley camp, and guides and swampers found lucrative employment.

"Lucky" Baldwin, for the time being, forgot his schemes of a second Ascot Park, Monte Carlo and pleasure resort, in his zeal for the new venture. With a "God bless you my children," and tears in his eyes he witnessed the departure. Mr. and Mrs. Johnson were met at Barstow by "Scotty" and a few days were spent wining and dining as a campaign was mapped out. Then "Scotty," accompanied by his wife and Mrs. Johnson, skipped to Daggett, instructing his partner, Bill Keyes, to inform Bob that they had just gone off on a little time."

GUN DRAWN ON "SCOTTY."

Bob's troubles began. Armed with a revolver he rode to Daggett, found "Scotty" in the hotel with the two women, drew his weapon and threatened to kill them all. "Scotty's" hands were swathed in bandages as the result of having been bitten by a pet coyote and a skunk. He laughed at his assailant, persuaded him to put up the revolver, and smoothed over the affair. Once more before leaving Daggett for the front Johnson found occasion to pull a gun on Scott and when, a few days later, both outfits were camped at Saratoga Springs, the two men ignored each other.

Johnson had employed Charles Baker, an old prospector, known as "Deaf Baker," as a guide, and Baker promised to lead him to some rich ledges in the vicinity of Saratoga Springs. At the springs it was found that the ledges had already been located by one W. A. Kelly, who had also located the springs as a mill site, and who was on the ground in possession of the property. This was Bob's next great disappointment. Here he met Lawson, who told him that a prospector named Rhodes had seen Scotty meet an Indian at the Confidence mine and that the two had driven burros across Death Valley and that he had seen them return with the burros laden with wonderful gold specimen rock. Lawson was out to find the source of this ore. Johnson begged to be taken along and so Deaf Baker was left in charge of the camp, and Mr. and Mrs. Johnson made the trip on saddle animals. Upon their return Lawson and Helen's husband were not on speaking terms. "Scotty" passed by the springs and openly denounced Johnson as "a four-flusher," and said that he had turned Johnson down "because he did not come through with the coin."

BOB FILES OVER KELLY.

Disheartened over the failure of the mythical ventures, Bob left for San Bernardino to get something tangible to work upon, and filed a homestead claim over Whispering Kelly's holdings at Saratoga Springs. In so doing he had to make affidavit that the ground was unoccupied. When he returned to camp he was threatened with prosecution by Kelly and was forced to tear down all monuments which he had erected on the mill site property. Johnson apologized profusely to Kelly and tried to start anew with the world by offering the hand of friendship to Lawson and inviting him to his tent to dine.

All Sunday night the big tent of "Lucky" Baldwin's outfit glimmered with candle light, and laughter and song rang across the lake that is fed by the mineral springs. In the early morning hours high words ensued, and Mrs. Johnson announced that she would leave her husband and Death Valley forever. Lawson hurriedly harnessed his mules and prepared for departure. Everybody in camp at once assembled to witness the "get-away."

As the writer, a representative of The Times, joined the little group of men, Mrs. Johnson was removing her effects from the tent, and Lawson was loading them into his wagon. Drawing one of his six-shooters, Lawson fired at an empty syrup can, and kept it rolling for the entire six shots. He then took his rifle, and, designating the face of a rock about 200 yards away on the mountainside, he emptied the chamber in quick succession and each time struck the mark.

"Be wise, and don't try to follow us," he said to Johnson. The group of prospectors murmured.

"Oh, my darling, don't leave me. Think of the babies, little Bob and tiny Helen. I don't want you to come back to me, but come back to the babies. Oh, Helen, my darling, don't

(Continued on Third Page.)

SCAFFOLD COLLAPSES.

Two Men Hurt in Wreck of Flimsy Structure, Including the Contractor—Narrow Escapes.

With a crash which startled over a thousand people, a scaffold above the entrance to the Citizens' National Bank building fell, a mass of tangled debris to the street, burying four of the five workmen perched upon it level with the second story.

Stephen Cressey of No. 505 Wall street jumped for a rope when he felt the scaffold give way, and remained perched upon a single supporting beam, which was the only one standing.

Kurt Wetzel, proprietor of the Sunset Iron Works, who was inspecting the work, was caught in the wreck and an iron frame fell upon his right leg above the ankle and fractured it. He was taken to the Receiving Hospital.

John Noll of No. 782½ Kohler street was bruised about the arms and his right side, but was able to go to his home. The other men escaped with slight bruises.

The iron works has the contract for putting up a fancy iron framework for a glass canopy, extending from the building over the sidewalk above the main entrance. The scaffolding erected to enable the men to put the heavy iron girders in place was built of flimsy second-hand and rotten lumber and in many cases the scant scantling was held together with only one nail.

There is usually a continuous stream of people entering and leaving the big office building and bank, stock exchange and drug store through this entrance and also a group of men about Frank Jones's cigar stand. By a seeming miracle, the entrance to the building was empty when the crash came. A few seconds earlier some fatality would have been almost certain.

The weight of the iron girders caused the scaffold to collapse.

CHINESE PLOT, OFFICERS SAY.

MERCHANT AND FIVE SMUGGLED ONES ARRESTED.

Two Make Break at Jail Door and One Escapes—Santa Ana Believed to Have Been a Principal Station, and Pacific Electric Cars Means of Distribution.

A long-continued practice of smuggling Chinese into the United States from Mexico, using Santa Ana as one of the principal stations, and the Pacific Electric cars as the means of distribution, is thought to have been unearthed by the arrest yesterday morning just before 1 o'clock of five celestials, charged with being in the country unlawfully, and Lou Quong Shue, one of the best known commission merchants of Chinatown, as an accessory.

The arrest was made just as the Chinamen were leaving a Santa Ana electric car at the Huntington Building by Inspector J. C. McClinnent. They made no resistance, and the six were placed on a car and taken to the County Jail.

Just as the group of Chinamen and two officials were standing in front of the barred jail entrance two of the Chinamen bolted. They ran in opposite directions, and as only one of the officials could leave the other celestials, one of the Chinese escaped. The other, Pow Gong, was recaptured after a hard chase.

The merchant, Shue, was held as a witness but it is hoped to prove that he has either been active in the business of smuggling Chinese to the city, or has known of it. The others gave the names of Quong Way, Fong Foo Lee, Pow Gong and Lee Sip Ming.

Yesterday morning they were arraigned before J. H. Jenkins, inspector in charge of this district, and after a preliminary examination were held for an examination before United States Commissioner Van Dyke.

How these Chinamen succeeded in getting into the United States is a story of frightful hardship. The immigration officials say that for a full month the five were locked in a freight car, and only for a little coarse food they carried with them they would have starved. It is not known whether they crossed the border at El Paso or near San Diego, but the length of time they were in the freight cars leads to the belief that they came from El Paso.

It is claimed by the immigration officials that Santa Ana has been made the distributing point of scores of Chinamen smuggled into this country from Mexico. On the outskirts of the little city there are many Chinese truck gardens, and it is stated that one of the Chinamen who owns a farm has been doing a large business in getting others into this country.

A peculiar feature of the case is that Shue was one of the strongest witnesses on the stand Thursday in a case for the deportation of a little Chinese lad who is said to have been smuggled in from Canada. Shue made an impression on the court by his explicit answers as to where the lad was born in this country, and his testimony almost secured freedom. Now, it is said, that within half an hour after leaving the Federal courts Shue started for Santa Ana with the intention of conducting these five Chinamen to this city and safety.

Shue acknowledges boarding the car about two miles on this side of Santa Ana, where the other Chinamen also got on, but says that he did not know them and did not speak to them during the trip to this city. He claims he was in Santa Ana on business.

Deputy U. S. Atty. McCormick tried to bring out in his examination of Shue that he had been in the habit of going to Santa Ana for the last six months, always in the evening, returning on the last car. United States Commissioner Van Dyke continued the case until this morning, when more testimony will be heard.

VERY BUSY BURGLAR.

Enters Five Places on Central Avenue but Gets Little for His Pains.

A busy burglar entered five places on Central avenue early yesterday morning. All that he secured was a very small sum in cash and a gold watch and chain. The watch and chain he found at the home of Patrolman L. W. Marden, No. 3312 Central avenue.

The other places visited were: D. B. Jeffries's grocery store, No. 2701, George Berg's residence, No. 2514, G. A. Townsend's grocery store, No. 4402, and A. B. Woodside's grocery store, No. 3813. In each instance the thief entered by cutting a hole through a rear door, by which means he reached the lock.

Wearying of his work on Central avenue, the burglar ended his labors by breaking into J. J. Reeve's grocery store, No. 1221 East Twenty-eighth street.

COUNTY LANDMARK BOOM-SACRIFICED.

HAVING weathered the voyage around the Horn and half a century of life in El Monte, the old Masonic Hall of Lexington Lodge is to perish in a real estate rush.

Seized with the thrill of the new trolley boom, the lodge members are about to put up a new Masonic Temple; the Baptists, who have shared quarters with the Masons of El Monte for more than fifty years, are also said to be ambitious for a new place.

It's rough on romance.

THE PASSING OF A LANDMARK.
El Monte Masonic Temple, which was brought around the Horn. Elkenna Parrish, one of the charter members of the lodge, and one of the oldest in the country.

This combined church and Masonic Temple has long been one of the quaint landmarks of the county.

It is on the long street down which the sleepy old town of El Monte—now wide awake—has long been straggling. That street used to be on the trail of the argonauts. It was the California end of one of the routes across the plains.

Some of the forty-niners got disgusted with the search for gold and stopped off at El Monte, which is in one of the most fertile regions of Southern California.

Most of them were fine old Southern people. One of the first things they thought of when they got enough people together to make a hamlet were a Baptist Church and a Masonic lodge.

They formed the lodge first. A few of those rugged pioneers got together one day in May, 1862, and organized the Lexington Lodge. In those days, before the argonauts had absorbed the poetry of Spanish life, they called the place Lexington.

Their first meeting place was in the garret of a little whitewashed house down by the river bottom, among the willows.

One of the men who met that day and launched "Lexington, No. 104," is still a figure on the streets of El Monte. His name is Elkenna Parrish. He is now an interesting old gentleman with a flowing white beard. His old horse and buggy are daily to be seen carrying him around the streets to exchange the lively gossip of the day.

Having organized their lodge, this little group of Masons sent East for regalia, and had it brought by the slow route around Cape Horn. The picture of the arrival of that regalia is one to imagine! That must have been the great day in the history of El Monte.

By the time it arrived they had a temple. One of the toiling ox teams disgorged a Baptist parson who had come all the way across the plains. That was another occasion in the life of the place.

They resolved that they would have a Baptist church like they did down South. The lumber had to be hauled with ox teams from San Bernardino. In those days the little church was admired as something pretty fine.

Across the front is the date of its founding—1853. Services are held in the building to this day, and the old regalia and Masonic furniture brought round the Horn are still in operation.

The plans of the lodge are all perfected, however, for the immediate erection of a fine new temple to keep pace with the progress the town is making.

"SUBJECTS" IN POTTER'S FIELD.

REMNANTS FROM DISSECTING TABLES BURIED.

Secretary Babcock of Medical College Says It Won't Happen Again. "Someone" Supposed to Have Sold Coffins and Thrown Bodies on Garbage Pile "Will Lose His Job."

No mourners followed the rough box containing the remnants of three human beings yesterday afternoon when the burial took place in the Potter's Field of what the pigs and medical students left of a man, a woman and a little child.

A man went down to the city's dumping grounds yesterday, and collected from the garbage heaps, where the hogs root, the bones and pieces of flesh of the three "subjects" cast away there by some one supposed to be an employé of the Medical College on Buena Vista street.

The police, Coroner Lanterman and the Sheriff were supposed to have made an "investigation" of the circumstances by which three mutilated corpses were thrown like offal on a public garbage pile. It was also stated that President George F. Bovard, of the University of Southern California, and Dr. William D. Babcock, secretary of the Medical College, which is connected with the university, were making "investigations."

President Bovard disclaims all responsibility on the ground that the Medical College is only affiliated, and he has nothing to do with it.

Sheriff Hammel asserts that it is a case for the police, and is without his jurisdiction. The police say there is nothing in it and place the responsibility up to the Medical College.

The Coroner says simply that it is a case now for the courts.

Dr. Babcock states that he is making an investigation, and that it will not happen again.

The man who threw these bodies on the garbage heap will LOSE HIS JOB.

No arrests will be made.

The college of medicine is supposed to furnish coffins for all its discarded "subjects." Dr. Babcock said last night that he believed that "some one" threw the bodies where they were found and "sold the coffins for a dollar or two."

Who were the unfortunates? Once they were cuddled to some mother's breast.

Next!

LOVED TEACHER PASSES AWAY.

SHE IS SURVIVED BY ELEVEN CHILDREN.

Mrs. Henrietta Nisbet, for Five Years Connected With Sixteenth Street School, Dies After Brief Illness—Graduate of Wellesley and Authority on Methods of Teaching.

Mrs. Henrietta Nisbet of No. 1427 Bond street, who had been a teacher in the Los Angeles schools for more than ten years, died at the California Hospital at 9 o'clock Thursday night. She was 60 years old.

She was connected with the primary department of the Sixteenth-street school until a week before her death. She had taught there for the past five years. Mrs. Nisbet had taught also in the Cambria-street and Sentous-street schools and was considered an authority on methods of teaching in the lower grades.

Deceased was a sister-in-law of the late Prof. Joseph Le Conte of Berkeley and a sister of Attorney Byron Waters of San Bernardino. She was educated at Wellesley College.

Deceased was born in Mississippi in 1846, and after reaching young womanhood removed to Georgia, where she was married. With her husband she journeyed to San Bernardino in 1867. Mr. Nisbet died there in 1901. Since she came to Los Angeles Mrs. Nisbet has been an active worker in Immanuel Presbyterian Church.

Eleven children survive. The sons are Henry W. and Byron of Los Angeles, Emmet of Bakersfield, James of San Francisco, Edwin of Tucson, John of Mexico and Wesley of Fort Duquesne. The daughters are Mrs. George L. Sanders of No. 113 West Thirty-first street and Mrs. Phillip B. Riggins of No. 1427 Bond street, this city, and Mrs. Louisa Atwater of Bakersfield.

FOR WHARF AT VENICE.

The Abbot Kinney Company has made application at the United States engineer office, 537 Citizens National Bank Building for the construction of a breakwater and wharf at Venice. A map showing location of proposed breakwater and wharf will be on exhibition until 11 A.M., January 29, and interested parties are invited to inspect it and submit in writing any objections they may have, based on navigation interests, to the work proposed.

THE PUBLIC SERVICE.

SUMMARY OF THE DAY.

Legions of the Royal Arch descended on the Mayor's office yesterday, making a combined attack on the rules of the police board; Chief Kern has been warning saloon-keepers against the violation of the rules of the McAleer board, which are still in force.

O. T. Johnson, treasurer of the Chamber of Commerce, called on the Board of Public Works yesterday to offer some friendly criticism on the care of city streets.

Councilman Clampit is leading a north-end movement to secure a sidewalk through the proposed Sunset boulevard subway.

Sparring for legal points was the order of the day in the election recount before Judge West yesterday. Today the court may finally decide whether the double circling of the Independence and Non-Partisan tickets renders them illegal. On that point practically hangs the contest.

J. W. White demanded money to help him to town, where he wanted to pawn stolen goods, but his demand was made so loudly that a policeman heard, and the thief went to the City Jail. He pleaded guilty to petty larceny in Police Court.

Justice Fredericksen made the police angry by discharging two men who had knocked down an aged pedestrian on South Los Angeles street. The victim lies in the County Hospital with a broken thigh.

AT THE CITY HALL.

NEW RULES FOR POLICE BOARD.

CHIEF'S WARNING STARTS A ROYAL ARCH STAMPEDE.

Novel Plan Might Disclose Traces of Graft, if Any Exists—Enforce Present Laws and Observe the Effect, Then Make New Ones, Say Commissioners.

A rumor to the effect that the Police Board is considering a revision of the rules affecting the conduct of saloons and cafés sent the forces of the Royal Arch scurrying to the City Hall in great bunches yesterday. A week ago Mayor Harper told Chief Kern that laws and rules are on the statute books for enforcement, and the Chief has been sending forth warnings against violations of laws that were ignored by the McAleer commissions.

Some of the Police Board rules are much too drastic for the liking of the liquor interests; but in the past these interests have succeeded in staving off the enforcement of the law by the police. One object of the present movement on the part of the administration is to discover traces of graft, if graft exists. The Mayor and the commissioners have concluded that a strict enforcement of the ordinances and commission rules for a few weeks will be very likely to disclose whether there are any protected places.

Anticipating a friendly commission, the speculative value of saloon licenses advanced about $2000 each within a week after the mayoralty election. The election of a Democratic Mayor of known liberal views was worth, at this estimate, at least half a million dollars to the liquor interests.

Then came the reminder from the Chief of Police of the rules prohibiting chairs and tables in bar-rooms, doors on boxes and providing that drinks may be sold in restaurants only with full meals. When the Chief warned saloon and restaurant keepers about the violation of these rules, the speculative market broke. All day yesterday the liquor forces besieged the Mayor's office to protest against such unprecedented and unwarranted interference.

"Probably we shall adopt some new rules and revise the present ones," said a Police Commissioner last night, "but before we act we would like to observe the practical effect of enforcing the rules of the last commission."

It has been generally understood in official circles that the present commission would amend the rules proabiting chairs, lounges or tables in saloons. This rule is a remnant of the purity crusade of the McAleer commission. That was when the commission was very young. The rule was permitted to remain on the minutes after the commission fell from grace, but it was not enforced against the saloons friendly to the administration.

Mayor McAleer objected to chairs and tables only east of Main street; on Spring, Broadway and the intersecting streets the lounge seats were permitted to remain. Now has come the cry that the workingman in the Eighth Ward has as good a right to sit at a table and drink his beer as the capitalist of the West Side has to rest in a lounge seat while he sips his wine.

"On one thing we are agreed," says a member of the select four; "card playing in saloons will not be tolerated. It has not been decided to bring the chairs and tables back, but we are opposed as a unit to permitting cards to return. On that there is no division."

But all this is a secondary issue; the leading question is: "What is to follow Chief Kern's warnings about violations of commission rules?"

Mayor Harper and Chief Kern made their first investigation yesterday of a location asked for as a site for a wholesale liquor store. Together they rode out on West Washington street "to the old forty-acre section line," for the purpose of investigating a protest against Dicky Weisbart's application for a wholesale license.

Their verdict is against the liquor store; the Royal Arch has lost its first case. This is not received as a good omen by the liquor interests, and it may have had something to do with moving the legions of the Royal Arch to visit the Mayor yesterday afternoon.

"We have no fear that the Mayor will be more stringent than his predecessor," said an attorney with a large liquor clientage, "but we had good reason to suppose that he would be more liberal. Those rules of the old commission are just like the cinch bills that get before the Legislature; they are an aggravation and an annoyance, and it costs money to keep them inoperative."

Chief Kern comes in for a portion of the censure from the liquor men. He has been indiscreet enough to send his plain-clothes men to places supposed to be unknown to the police.

The rough necks and wide plains stated off the year frisky as lambs "gamboling on the green;" the Chief's warning has occasioned a sudden fall in the temperature.

There is one ray of sunshine; Eddie Morris and Ben Cohn have sent word that it will be all right, "just as soon as we get back from Sacramento."

WORK MISDIRECTED.

FOR BETTER STREETS.

O. T. Johnson, treasurer of the Chamber of Commerce, called on the Board of Public Works yesterday to offer a little neighborly advice about caring for the city streets. As Mr. Johnson rode up Figueroa street yesterday morning he spied a crew from the Street Department filling holes in the surface of the thoroughfare with loads of adobe mud.

"They might just as well have been sitting on the curb, twiddling their fingers," said Mr. Johnson. "That certainly was an excellent illustration how not to improve the streets." Mr. Johnson's advice was offered not as a protest, but as friendly criticism. He is a warm friend of Inspector Edwards and he desired to see him make good as inspector of public works.

Mr. Johnson talked with the commissioners about oiled streets. He is of the opinion that Riverside has the best oiled thoroughfares in the State and he recommended that the board spend a day driving over the oiled roads in and about Riverside.

Cobblestone gutters are regarded by Mr. Johnson as an abomination. He thinks that brick should be used; cobblestones form too fine a bed for weeds.

MUST HAVE SIDEWALK.

MORE SUBWAY TRIALS.

Councilman Clampit has taken up Percy Hammon's fight for a sidewalk through the proposed tunnel connecting Hill street and Sunset boulevard. Yesterday afternoon Mr. Clampit led a delegation of Second Warders to the Mayor's office to urge the Chief Executive to veto the North Hill street subway ordinance.

"There is to be a sidewalk through the subway south of Temple street," said Mr. Clampit; "why not one through the north end tunnel, too? I understand the Mayor is going to stand for a $10,000 bonus from the railway company in return for the privilege of passing under the old city cemetery. We think it would be no more than right that the money should go toward defraying the expense of a sidewalk through the subway."

Property owners south of Temple street are equally interested in the Sunset-boulevard subway. The railway company says that it will have no use for a tunnel south of Temple street unless the one between Temple and Sunset boulevard is also built. Neither will the Harriman interests desire a franchise for a railway on Hill street from First to Fourth unless the tunnels are built.

A number of technical objections have already been made to the Sunset-boulevard tunnel. The City Attorney will ask that a clause be inserted in the new ordinance providing that the fares shall be regulated by law; also that a modification be made in the clause relating to freight carrying.

AT THE COURTHOUSE.

COUNSEL FIGHT OVER RECOUNT.

COURT'S DECISION ON BALLOTS EXPECTED TODAY.

Only Four Precincts Handled Yesterday and Disputes Over Two of These Arise — Attorney Noyes Makes Final Shot With Motion to Declare Ballot Law Unconstitutional.

The contest over judgeships and the office of Coroner is progressing very slowly before Judge West. So far the fight has been a losing one for Milton K. Young, who is seeking a position on the bench of the Superior Court, and for Dr. James P. Booth, who is seeking to oust Coroner Lanterman from office. Yesterday noon Mr. Young's attorneys, Lowenthal & Denis, retired from the scene. They did not appear again during the day, and their client was left to fight his own case.

After his decision that all the ballots that were "double circled" should be thrown out, Judge West consented to hear further argument. He may give his final decision today.

There were only four precincts counted yesterday, and if that rate should be maintained, the full count will take about three months.

So far, Precincts 8, 33, 64, 110, 2, 23, 17 and 34 and Monrovia have been counted. The result is as follows: For judges, Rives, 1063; James, 659; Houser, 574; Bordwell, 1095; Hutton, 591; Young, 508; McNutt, 468, and Groff, 535; for Coroner, Lanterman, 574; Booth, 552.

When the ballots in Precinct Twenty-three were counted it was discovered that on the outside of each ballot was a number and certain initials. A challenge was at once interposed and a motion made that the entire precinct be thrown out. But it occurred to some one that in San Francisco this plan of numbering and initialing is followed. The election officers of Precinct Twenty-three were summoned and testified that they were responsible for the lettering. The votes of the precinct were saved.

The ballots of Precinct Sixty-four were inclosed in an unsealed package, and contestants' attorneys demanded that all the ballots in that precinct be thrown out. Attorney Ben Hunter, who is representing Judge Hutton, stated that unless all parties would agree that all the ballots in the care of the County Clerk are correct, so far as their package make-up is concerned, he would move to wipe out all the count so far as it had gone. No attempt, he stated, had been made to prove that the ballots had been properly delivered in the first instance, or had been cared for since in accordance with the requirements of the law. All the attorneys consented to throw away a week's count and expenses for the sake of a technical point that would advantage no contestant was not to be thought of.

As the final shot of the day Attorney Noyes moved to have the present ballot law declared unconstitutional, on the ground that it imposes an additional burden on electors desiring to vote a different county ticket than that inscribed on the State ticket. Judge West promptly denied the motion. He said that he was in no hurry to declare a law unconstitutional.

The recount will proceed today, and if the contestants should desire to continue it, even after Judge West reiterates his decision of Thursday—if he should do so—then night sessions will probably be begun next week.

COURTHOUSE NOTES.

BREVITIES MISCELLANEOUS.

ADJUDGED GUILTY. C. L. R. Bolden is a colored man who has been living an infamous life in the city, and was yesterday convicted in Judge Smith's court of having debauched a young colored girl, Emma Macfarlane. Next Wednesday he will be sentenced.

DUO OF DIVORCES. Alanson Swain was granted a divorce from Jeannette B. Swain on the ground of adultery. Gertrude G. Goodwin was granted a divorce from James F. Goodwin on the ground of failure to provide. The parties had been married five years. The husband made excellent wages, but preferred to use the money for drink rather than for the support of his wife and baby.

"TIRED HIM." W. H. Flory married Fannie Flory in Colorado in 1882, and they have grown-up children. Yesterday the wife was granted a divorce on the ground of desertion. A married daughter stated that the father was good to the children, but that their mother "made him tired," and that he left her.

THE INFERIOR COURTS.

TRIES HOLD-UP, LANDS IN JAIL.

POLICEMAN HEARS HIS DEMAND FOR CAR FARE.

J. W. White, After Stealing Tools, Tries to Force Money from Pedestrian — Admits Guilt in Police Court—Spooner and Kelly Discharged—Newsboy Fined.

J. W. White found his way into jail by trying to hold up a pedestrian for car fare yesterday morning. The attempt happened on Pasadena avenue, and during the afternoon White, in the Police Court, pleaded guilty to petty larceny. He had stolen a lot of carpenter tools from the residence of Dr. F. G. Yoakum.

According to the police White was captured with the loot on his person. He wanted to get into the city to sell the tools, but he had no money. He saw a pedestrian near the Garvanza car line. He approached him from behind, laid a heavy hand on his shoulder and said: "Gimme 5 cents for car fare or I'll knock off your block."

So loudly did White speak that a policeman half a block away heard, and hearing, ran to the spot. Then White went to jail. His plea of guilty will be followed today by sentence.

Evidence Insufficient.

Justice Fredericksen yesterday discharged Roy Spooner, alias Callahan, alias Kelly, and James Kelly, alias Callahan. The pair, who were accused of battery, were suspected, the police say, of being highway robbers. Spooner has served time for petty larceny.

P. E. Harland, the complaining witness, is in the County Hospital with a broken hip as the result of his encounter with Spooner and Kelly, who knocked him into the gutter on South Los Angeles street. Other witnesses say that the two young men knocked down Harland, who is an elderly man, deliberately.

The court held that there wasn't sufficient evidence to prove battery and the defendants left the room smiling.

Drivers in Trouble.

Five express drivers, who violated the hitching ordinance were in the Police Court yesterday and paid fines. Officers made the arrests in the morning in the retail section. Other prosecutions will follow, as Chief of Police Kern has expressed his intention of making drivers comply with the law.

Pays Woman's Fine.

Anna Fraser was fined $20 yesterday in the Police Court and this sum was paid for her by Contractor J. L. Berry. The trouble arose over the woman's failure to have filled up a sumphole on her lot. She did not appear in court when she should have been there, and a bench warrant was issued to secure her presence. Yesterday she told the court that the contractor had agreed to fill up the hole and that he had also promised to settle the legal case against her.

Conductors Fight.

T. A. Wilson yesterday paid $15 for assaulting C. H. Norgand near Ascot Park. The case was tried in the Police Court. Both men are street-car conductors. It developed that Norgand has remonstrated with Wilson, who was annoying some women. A fight resulted.

Begs from Policeman.

C. W. Welland, an Ascot tout in hard luck, begged from a plain clothes patrolman yesterday and will be tried for this today.

Scott Sentenced.

E. H. Scott, who was convicted of petty larceny after he had stolen some gold dust from P. H. McIntire, was yesterday sentenced to 120 days in the City Jail.

Stop Newsboy's Yelling.

The police are trying to stop newsboys from shouting. The leather-lunged youths were warned yesterday and one of them, Charles Olson, was arrested and fined $3 in the Police Court.

Claims Unfairness.

Attorney H. H. Appel declared yesterday that Justice Rose was treating him unfairly. The court finally quieted the lawyer and proceeded with the case of Calistro Chacon. Appel's client, who was accused of assaulting Alonzo Avilla. Chacon was fined $15.

Woman Called Vagrant.

Bessie Sawyer, a colored woman, asked the court for time to get a lawyer when she was brought before Justice Rose on a vagrancy charge yesterday. She will be tried on Monday.

Stadler Will Fight.

Frank Stadler, proprietor of the Mechanics' Club, No. 1466 Channing street, will fight the illicit liquor selling charge brought against him by plain-clothes officers. He pleaded not guilty before Judge Fredericksen yesterday. His case was set for January 24.

Bradley Bound Over.

William Bradley was bound over to the Superior Court yesterday to answer to the charge of assault with a deadly weapon. Bradley is accused of shooting Frank Osego in the cheek on the night of January 5. Bail was fixed at $1500.

MOLOKANE DISAPPOINTED.

Because of Their Ignorance They Are Not Allowed to Make Citizenship Declaration.

A number of the Molokane, all second sons, appeared at the County Clerk's office yesterday for the purpose of making declaration of intention to become citizens of the United States. They hoped by this move to make themselves not liable to military service, even if they returned to Russia.

The applicants are members of the Russian colony here, and are cared for by the Bethlehem Church, under the guidance of which they were led to apply to the County Clerk. Their declarations were not received because of the gross ignorance of the men.

ONLY THE COAST LINE BLOCKED.

THROUGH TRAFFIC RESUMED ON ALL RAILROADS.

Valley Division of the Southern Pacific Opened for Travel and Regular Schedules Again Maintained. Main Line of Santa Fe and Salt Lake Roads Clear of Obstruction.

Through traffic was resumed over the Southern Pacific Valley line between San Francisco and Los Angeles yesterday, after an interruption lasting since Tuesday. The Coast Line, however, is still blocked and it may be a week before the obstructions at half a dozen different points are cleared away and the line reopened.

Until this line is ready again for operation the regular morning and afternoon Coast Line trains will probably remain annulled, as they have been for the past few days. An exception to this order will probably be made of trains Nos. 9 and 10, the through New Orleans trains running by way of the Coast. These trains will be sent through the valley until the other line is clear. The first train, No. 9 left Los Angeles on time last night for San Francisco by the open line.

With the exception of the Coast route the delays suffered by the railroads through the recent floods and landslides are things of the past. The Salt Lake and the Santa Fé are running their through trains on time after a delay of twenty hours, chargeable to the landslide near Summit in the Cajon Pass.

Perhaps one of the greatest sufferers from the floods, in a small way, was the Pacific Electric railway system. The heavy rains did considerable damage to the tracks, and portions of the Long Beach line not rock ballasted were damaged to such an extent as to require the cars fairly to crawl across in order to pass in safety.

Have One Doctor

No sense in running from one doctor to another. Select the best one, then stand by him. Do not delay, but consult him in time when you are sick. Ask his opinion of Ayer's Cherry Pectoral for coughs and colds. Then use it or not, just as he says.

We publish the formulas of all our preparations. J. C. Ayer Co., Lowell, Mass.

Los Angeles Times Midwinter Number Just Out

SIX 32-PAGE MAGAZINES

192 Pages of Text and Full-Page Illustrations

Handsomest Newspaper Publication Ever Issued.

It has taken months of preparation and the work of a score of expert writers and artists to collect the data and put it in presentable form for readers. The information contained is absolutely authentic, carefully condensed, profusely illustrated and presented in the most readable form.

The Times asks the co-operation of every citizen of the Southwest in the work of spreading the truths about the "Land of Sunshine" all over the world.

WHAT IT COSTS.

Brock and Feagans

Why You Should Buy A Flawless Diamond

Because it will give you a feeling of satisfaction and security to know that you can "match Diamonds" with any one. If it is for a gift you will not feel quite comfortable unless the Diamond is perfect and of fine color.

Should it occur that you wish to dispose of the Diamond, as not infrequently happens, it will be hard to sell a flawed Diamond even at a loss, while a perfect Blue White or Extra White Diamond sells readily on its merits at the market price anywhere the world over. These are some of the reasons why we deal in absolutely Perfect Blue White and Extra White Diamonds only.

"DANIA'S" HIGH JINKS.

Vitus Bering, the Danish Fraternity, Will Celebrate Its Annual Jubilee This Evening.

Tonight at Dobinson Auditorium Vitus Bering, No. 13, of "Dania," the Danish fraternal society, will hold its annual high jinks. The programme is termed a "variety show," and includes selections from Engsted's Scandinavian Orchestra, a skit by "three lightning sketch artists," Messrs. Knopf, Mahaffey and Dunning; Indian club swinging by Miss Ingeborg Hansen; cornet solo, Miss Ruby Miller, and other musical numbers. There is also listed a rope-pulling act, in which C. L. Jepsen is to pull against ten men, and Prof. Anders Kraft, "the great Dane," is to do a stunt. Mlle. Johanna Leal is to make her first appearance before a Los Angeles audience, and the closing song, "Dania's Greeting," is to be sung by Johan Haae Zinck, who is also the author of the song. After the programme there will be dancing and refreshments.

Dania still has in view the plan of establishing in or near Los Angeles a general hospital for the care of Danes on the Pacific Coast and through the Southwest. At one time the prospect for immediate action was promising, but the San Francisco fire and earthquake caused an expenditure of activities in that direction which sunk all other plans for the time.

It is expected, however, that definite action will be taken on the hospital project at the annual meeting of the local lodges, which is to occur in San Francisco early in the spring, and Los Angeles members of the order are confident that the institution will be secured for this city.

NOTABLE CAREER CLOSES.

Dr. J. A. Aldrich, Soldier, Physician and Lover of Good in All Mankind, Passes at Denver.

Dr. J. A. Aldrich died in Denver January 3, after fifty years of constant service in the interest of his fellow-beings. Throughout the West and to Colorado people in particular Dr. Aldrich was known and loved. For many years he was a familiar figure in Denver, where by his constant willingness to aid those who needed aid, and his ever-ready word of cheer to all with whom he came in contact, he had endeared himself to all who came within the sphere of his influence. He was aged 89 at the time of his death, and for more than fifty years he had striven to make the world happier and to relieve the sufferings of his fellow men. During the Civil War he was a surgeon in the Federal army, and after that war he served in a similar capacity at various army posts in what was then the Indian country. He also rendered distinguished professional services during more than one epidemic of yellow fever in New Orleans, giving to those who needed his services the best of which he was capable, and that, too, without compensation much of the time. Scores of persons now residents of Los Angeles knew him. He was the father of Mrs. Laura F. Hindale, formerly of this city, now a member of the staff of the Denver News.

DRIVER'S NARROW ESCAPE.

Wagon Overturned by Trolley and He Is Dragged Between Fender and Vehicle.

A. Seegert, a driver for the Berlin Dye Works, was dragged fifty feet between his wagon and an inbound Westlake car, near the corner of Third and Hill streets, yesterday. By a miracle the man escaped death in a collision which was caused, say witnesses, by the motormans' inattention.

Seegert's wagon was badly smashed and he was bruised and cut. The vehicle is an expensive affair, and its plate-glass mirrors were broken.

The driver was trying to cross the street ahead of the car, which was moving rapidly toward him. There was a crash and the wagon was overturned.

The motorman applied the air and shut off the current, but the car pushed the delivery wagon fifty feet or more. Between the fender of the car and the vehicle Seegert lay helpless.

When the coach was stopped bystanders rushed to Seegert's aid. The car's number is 573. The accident was reported to the police and details of the affair were gathered together with the names of a number of witnesses.

SHE HOLDS THE GUN.

(Continued from First Page.)

leave me," cried Johnson, as he fell to his knees in the sand.

"I'm going back to my babies and tell uncle what a false alarm you are. They aren't your kids, anyway," snapped Helen, as she drew her revolver and started up the trail that passes across a narrow spur of the point of the mountain. "Ta ta," she laughed, waving her hand at the cowering figure. "Don't try to follow me."

"Drive off," ordered Lawson, to his swamper, Robert McElwain, and then he left, walking beside the wagon, rifle in hand.

"They have robbed me of all my firearms. I cannot protect myself. They have taken all my money," cried the deserted man. "Is there a Mason, an Odd Fellow, a K. of P. man or a Woodman of the World in the crowd who can lend me $5," he added, facing the prospectors.

"I'd lend you my gun, pardner, if I thought Andy wouldn't take it away from you," said one.

"Better scoop up a little sand, that's what you need," spoke another.

"But I just want money enough to get to the front so that I can tap the wires, boys; please help me out."

Whispering Kelly dug into his pocket and handed Johnson some silver pieces. At the sound of the money, a new gleam came into the eyes of the broken-hearted man. He moved quickly, saddled a mule, filled his canteen with steady hand, drew on his coat and prepared to leave.

"See here, I'll show you who I am," he suddenly interposed, as he took from his pocket a bundle of papers. "This will show you who's backing me," and he offered a paper for inspection. It was a power of attorney authorizing Robert Johnson to locate claims for the signer. The paper was signed E. J. Baldwin. Most of the cases in Johnson's outfit were stenciled "E. J. B., Arcadia."

"Now, I want you boys to search me and see that I'm not armed," said Johnson, throwing back his coat. "Feel my legs, look in my boots and see that I haven't even a knife. I'm going to overtake my wife and bring her back with me."

"That's the stuff. Go to it," shouted the crowd, as Johnson swung himself into the saddle and started off. The last sign of Lawson and his team had disappeared on the horizon.

SPECIAL TONIGHT

7 to 9 O'Clock

This Splendid Parlor Table $1.85

One of the best Saturday night specials we have ever offered. This table is well worth $4—more than twice the price we ask tonight.
You have your choice of quarter-sawed oak golden finish or mahoganized birch.
Phone orders will not be accepted but we will deliver free to any part of the city.

543-545-547 SO. BROADWAY

Mackie-Fredericks Co.

LOS ANGELES, CAL.

Price $4.00

The "Harry Gray" ...Shoes for Women...

Price $4.00

The fairest test for any line of shoes is general satisfaction to wearers; without such a verdict, no shoe business would continually grow--no line could become favorably known "Harry Gray" shoes have been on sale in Los Angeles for over ten years; sold at first in small quantities, their sale has constantly increased until now there are sold in Los Angeles more women's shoes of this make than of any other. The large expansion of our business has been due in a great measure to the superlative qualities of this splendid line.

"Harry Gray" shoes are more choice in material---more original in design---more perfect in fit--more thorough in workmanship ---and more satisfactory in service than any other similarly priced line. We are sole agents for Los Angeles.

Alterations on our Spring Street Store rapidly nearing completion. Store will be just twice original size. You will find same assortments and same careful attention at either of our locations.

Price $3.50

PUBLISHERS OF

Los Angeles Daily Times

Daily, Weekly, Sunday, and Weekly Magazine. Vol. 51, No. 40 Founded Dec. 4, 1881. Twenty-sixth Year.

EVERY MORNING IN THE YEAR.

NEWS SERVICE:—Full reports of the Associated Press, covering the globe; from 8500 to 20,000 words transmitted daily over more than 20,000 miles of leased wire.
TERMS:—Daily and Sunday, including Magazine Section, 75 cents a month, or $9.00 a year; Daily, without Sunday, $7.50 a year; Sunday, $2.50; Magazine only $2.50; Weekly, $1.50.
TELEPHONES:—Counting-room, Subscription Department, Editorial Rooms, City Editor and Local News Room, Sunset Press 1; Home ask for THE TIMES.
AGENTS:—Eastern Agents: Williams & Lawrence, Tribune Building, New York; 1324 Marquette Building, Chicago; Washington Bureau, 46 Post Building; telephone 7247 Main, where the latest copies of The Times may be consulted. San Francisco office, Midway Building, 721 Market street, between Third and Fourth.—J. H. Libbey, Representative.
SWORN CIRCULATION:—Daily net average for 1898, 18,901; for 1897, 19,258; for 1898, 26,14...; for 1899, 25,731; for 1900, 26,738; for 1901, 28,448; for 1902, 30,930; for 1903, 36,346; for 1904, 37,702 copies; for 1905, 43,150. Sworn daily average for every day of the first six months of 1906, 51,594 copies; Sunday average for same period, 71,520 copies.

Yesterday's Regular Edition 47,220

THE TIMES has a larger regular bona-fide circulation than any local rival. It circulates widely among the intelligent, industrious, substantial, forehanded classes. The greatest volume of business advertising, the finest display, the best classifications, the largest results to advertisers.

Offices: Times Building, First and Broadway.

Entered at the Los Angeles Postoffice for transmission as mail matter of the second class.

PART II: EDITORIAL, LOCAL AND BUSINESS SECTION

Pen Points

Guideposts and not billboards on the country road is what the people want.

Unfortunately, the "shake-up" in Pennsylvania has been terrestial and not political.

The burning of a $1,000,000 tobacco warehouse in Pennsylvania must have made a great smoke.

A dispatch states that "Senator Platt is improved." The reference, however, is to his health.

Japan will organize four new army divisions, but upon whom she intends to use them has not been stated.

The suspicion is growing that between long hauls and short hauls the railroads made a lot of big hauls.

Thus far the dispatches from the State capital consist almost solely of the "additional list of appointments."

Italy reports a lawyers' strike. The inhabitants of that far-away country will please accept our heartiest congratulations.

In order to dissolve the railroad combines it will first be necessary to separate Mr. Harriman from Mr. Rockefeller's money.

Red Men's Hall at Sacramento is thought to be unsafe. How could it be otherwise, and the Legislature holding meetings in it?

After a few more weeks of the Legislature the Treasurer of the State of California will wonder why he was required to give a bond.

One of the greatest mysteries in this western country is how so many mining companies manage to do business without employing miners.

The seismic disturbance in the East did not reach Chicago, probably for the reason that it was unable to butt in on the other disturbances.

There seem to be three political parties in the present Legislature—the Republicans, the Democrats and Senator Charlie Bell of Pasadena.

Nothing could better illustrate the fact that Ireland has become prosperous than the press dispatches, which report accidents in the factories there.

The prevalence of fat men in every community at the present time is undoubtedly due to the fact that there has been so much to laugh at right along.

It is now estimated that if the employés of the Assembly and Senate were to be strung out in a straight line they would reach from Siskiyou to San Diego.

Of course, the President can send a message to Congress on the subject if he sees fit to do so, but we warn him in advance that the Colorado River is likely to ignore it.

This fuss in the papers over the undue prominence that is to be given military matters at the Jamestown Exposition only proves that the management has secured a first-class press agent.

It is asserted that there are at least two railroads in this country which Mr. Harriman doesn't control, but it must be remembered that Mr. Harriman has been quite ill lately and unable to get down to his office.

The experience of James B. Lankershim of Los Angeles at Sacramento amply demonstrates that one of the most difficult feats of our modern civilization is to perform the duties of a colonel in times of profound peace.

The average business man in America must grow rather weary listening to those people who are pointing out opportunities that are overlooked, in the face of the fact that business can't keep up with the orders on hand as it is.

We note that several young men from Los Angeles have been given jobs at Sacramento at $5 per day. Such is the lure and the glamor of politics. The same young men could each earn $6 a day if they would stay at home and really work.

We have had our doubts from the beginning, but since the State Senate has already appointed thirty-three assistant sergeants-at-arms, we now throw up our hands and await the knockout blow that cannot be delayed longer than a few more rounds.

The importance of the rumored insurrection which has for its purpose the overthrow of the Manchu dynasty should not be exaggerated. The dynasty aforementioned will probably not even hear of it until a couple of years after the insurrectionists have all been beheaded.

Mr. Carnegie still publicly contends that "a millionaire ought to share his wealth with the poor." Then why, in heaven's name, doesn't this old windbag practice what he preaches? He is not sharing his with the poor by about $200,000,000 worth. The public is getting pretty sick of the free advertising that this funny little accident is giving himself.

VIRTUE AND COLOR LINE.

The dismissal by the President of certain negro troops and the contention in Congress arising therefrom call up once more the whole question of the future of the negro race in this country.

It is forty full years since the war closed. A whole generation of the liberated slave population has passed away. Their children and even grandchildren have still a great deal of progress to make to arrive upon a plane commensurate with the demands of American citizenship. There is still a great task to be accomplished by the Federal government and by State governments to do what only has barely been begun.

In this city, some few years ago, Bishop Dudley of the Episcopal church in the State of Kentucky delivered a powerful sermon in which he called attention to the necessity of greater effort on the part of the whites of this country to develop the intellectual and moral faculties of the negro race. Bishop Dudley was a statesman as well as a churchman, and coming from Kentucky he knew vastly more about the problem than we do here. His plea was for the moral and intellectual elevation of the black race, not merely for the sake of the black race itself, but quite as much for the sake of the white race. He declared that conditions in many parts of the South were so acute that unless the negro race could be raised to a moral and industrial plane much higher than has yet been achieved by the race generally, there was grave trouble in store both for the white and black races. Booker Washington, the greatest man with African blood in his veins that has appeared upon the scene, has at divers times expressed sentiments very like those of Bishop Dudley, and quite parallel to the views being expressed here.

Of course, when the heart of the question is touched this work of the future all remains for the most part with the negro himself. No efforts on the part of the whites and the expenditure of no imaginable sum of money will be effective to any appreciable degree unless the African joins sympathetically in the work of his own regeneration. There is no need to discuss the question of racial capacity or racial differentiation. Whatever differences may exist are not radical. The negro is human as the white is human. The apostle's rule applies here with direct force. "God hath made of one blood all men to dwell on all the face of the earth." It is no mere formula of speech to us that the negro is "a man and a brother." Under existing circumstances, he is both, and furthermore, he is our fellow-citizen. He has all the rights of that grand endowment within his reach, and they will not be taken away from him.

Now applying the question to the African race itself, what must it do to be saved? It must not do what these negro troops, dismissed from service by the President, were charged with doing. When the discussion in the Senate is at its end, it will be shown that these troops were guilty of gross and intolerable insubordination. They were banded together in a compact as close as if they were all one individual to cover up crime and shield criminals because the crimes had been committed by Africans. That was not good soldiership, it was not good citizenship, and it was not good manhood. If a white regiment should by chance be guilty of similar acts of insubordination, it would be dismissed from the service with the same promptness that happened to the colored regiments.

The trouble with too many of our fellow-citizens of African blood is that they are ambitious to advance themselves in politics and social life rather than in high cultivation, moral and intellectual, and in habits of industry and providence. These strictures apply by no means indiscriminately or universally to the descendants of the freedmen of a generation or two ago. In thousands of instances the black man and woman have applied themselves with the utmost diligence to acquire education, to labor assiduously and to save part of their gains. They have also made notable and gratifying progress in their own moral culture. But too many of them pursue a different course. Politics rather than handicraft appeals too strongly to their imagination. They are prematurely ambitious to invade the professions, law, medicine and theology, rather than devote their time and efforts to acquiring an education which would fit them for greater usefulness to the world. The political negro and the very imperfectly baked legal negro and still more poorly equipped theological negro are the worst enemies in the country to their own race.

The member of the African race who masters well the rudimentary branches of intellectual knowledge and skill in handicrafts and applies these mental and technical acquisitions to a useful pursuit in the industrial world, saves part of his gains, acquires property, brings up his family in habits of self-respect and respect for their fellows, white and black, does more for his race than a dozen poorly educated lawyers, doctors or preachers and "editors"—save the mark. The African man or woman who is ambitious to break into politics as a leader, into society, cheek by jowl with their white neighbors, and into the learned professions, should realize first of all that it is not color nor race which bars their way. These are all simply questions of ability and fitness. The time will come, must come under our form of government, when the really educated, refined and moral negro will stand upon a plane equally high with that occupied by the man or woman whose skin is white and in whose veins flows Caucasian blood. This result cannot be forced. It must come as a natural result of acquired fitness. As to social classification, there is absolutely nothing in that for white or black. It is a mere matter of taste.

As for the white race, there is call for, upon our part, much forbearance and sympathy with our African fellow-citizens. We must remember that they have but very recently, as these things go, emerged from debasing and degrading servitude, where they were kept generally in ignorance, but little attention paid to their moral cultivation and in numerous instances undoubtedly treated with great brutality which could result in nothing better than brutalizing the victims of such treatment. It is for the well-being of both whites and blacks that race and class prejudices should be kept in the background and that on the one hand every encouragement should be held out to the negro to improve his standing.

AN APPRECIATION.

A valuable illustration of the difference between yellow literature and matters of truth and fact has been rendered by the celebrated Dora Bennis case—celebrated by the Los Angeles Examiner in melodramatically absurd "news" stories and the screaming daily installments of a "novel" founded thereon. Wherever that sheet and its allied newspapers have made one of their wild plunges at what they conceive to be the sublime, they have leaped far beyond the line of demarcation into the ridiculous.

The present case, especially, recalls the lines written for one of those same publications, in parody on Kipling's "L'Envoi:"

"He sits in a sea green grotto,
With buckets of lurid paint,
And draws the thing as it isn't,
For the god of things as they ain't."

In the general scheme of things, however, there is nothing that has not its use. In chemistry the most virulent poisons are counter-poisons to others, and have medicinal value. In the field of biology one foul creature destroys a worse one. In the field of journalism the extreme of melodramatic absurdity finally results in public revolt against all bizzarre shams. And so, through the law of reflex action, the Examiner-Journal-American combination, working with the material of emotional insanity, may finally awaken to entire sanity the very persons it has lured farthest from their native common sense. They awaken, like Titania, murmuring, "Methinks I was enamored of an ass."

A BLOODLESS CAMPAIGN.

A number of persons in Europe seem bound to have it that there shall be a war between the United States and Japan. Recently a French statesman of some reputation has written an article which would do credit to the most wildly sensational newspaper in America. Japan, he says, is not only to take from us the Philippine Islands and the Hawaiian Islands, but is to invade and colonize the whole west coast of America from Bering Strait to Cape Horn. Colonies are to be planted along this western coast of America so thick that the country will be under the government of His Majesty the Mikado. Preparations are going on now for this very purpose. The thousands of Japanese who are flocking into Hawaii are not laborers but soldiers. The fate of the Suez Canal is to befall the new cut across the Isthmus of Panama. The French dug the one and England controls it; America is to dig the other, but Japan will control it. Now there we have an exceedingly interesting picture of the future evolved from the fertile imagination of this French statesman.

Then there is that other plan which seems to contemplate the possession of not only the west coast of the continent, but the entire territory of the two Americas eventually by the Japanese. The programme by which this is to be brought about involves the coalition of nearly every country in Europe with Japan for the downfall of the American republics. France is at once to sell to Japan certain islands in the Atlantic in order to provide the Asiatic empire with coaling stations and naval bases on our eastern coast. Italy falls into this wonderful plan because some years ago a few members of the Mafia were killed in New Orleans and the Federal government declined to take cognizance of the matter, inasmuch as they were killed upon the soil of a sovereign State and that punishment was therefore delegated to the State courts. Germany, Austria, France and England are to be drawn into it, by the way of their own free will for the sole purpose of knocking the underpinning from under the Monroe doctrine.

Part of this Frenchman's programme is, should England become reluctant, for Japan to propose to its ally the alternative of losing either Canada or Australia. It is presumed that this brilliant vision of the imagination implies that if England should enter into the conflict against us, we must take Canada; and should England not help her Asiatic ally, then the said ally would proceed to capture Australia. The two pictures will hang beautifully on the same wall as companions.

It happens that England is as earnest a supporter of the Monroe doctrine as we are. The result of the conquest of all the Americas by Japan, as set forth in this brilliant feat of the imagination, would be the conversion of the great Pacific, the largest body of water on the globe, into a mare clausum or Japanese lake. Another obstinate fact in the way is that France has always been particularly friendly to the United States and never more so than today. The selling to Japan of French possessions anywhere along the coast of North America would certainly be an act of hostility to us and could not be avoided being so construed.

No doubt at some time in the future there is likely to arise serious difficulty between the United States and Japan. The wars of the past were fought for conquest first, for religion next, and after that for more or less abstract opinions. A war for conquest in America is an idea too absurd for discussion. The world has become too wise to go to war over religious doctrines or abstract ideas. The wars of the future will be carried on for the protection of already established over-sea commerce or for the acquisition of new commerce of this character. The commerce of the Pacific will be controlled for the most part by the United States and Japan. The industrial struggle will be intense and it is quite possible to conceive of hostilities between the two countries. The United States cannot too quickly realize the gravity of this possibility. There ought not to be one moment's relaxation in the enlargement of our naval power, and the work of fortifying the Pacific Coast cannot be accomplished too effectively or too promptly.

WE'RE NOT ALONE.

A review of the newspapers from about two-thirds of the States of the Union makes it clear that in the misery of having a Legislature on her hands California has plenty of company. Not that a knowledge of this fact will lighten our own particular distress, but it will prove that Legislatures as institutions are general pests. Wherever they are there is grief, weeping, a wailing and a gnashing of teeth.

In all the other States where these grafting gatherings are busy the same howl ascends from the earth to high heaven that is making California one grand wail at the present fateful hour. The people of our sister commonwealths appear to have made the same mistake that has been made here, which is that in the hurly-burly of electing Governors, sheriffs, district judges, etc., they overlooked the cattle that were running for the Legislature, and allowed them to slip in. This is the mistake that is always made when a Legislature is to be elected.

It will never be different as long as the people allow the wool to be pulled over their eyes in regard to the caliber of the men who are almost invariably singled out for membership in these lawmaking bodies. The complaint is made that too many elections are held as it is; but for all that it might be well to hold a separate election when members of Legislatures are to be chosen. It might be so fixed that candidates for the Senate and Assembly could be dealt with alone. If this could be done the curse that biennially oppresses us might be headed off.

HERE'S HOPING HE'LL STAY OFF A WHILE!

THE INNOCENT BYSTANDER.

The Average Person Speaks.

They come in with little note books
With the pages ruled in red,
And they ask what time I get up and
what time I go to bed,
And they want to know my menu—if I
favor wiener wurst,
And what quantity of liquids I require
to quench my thirst.

They put down my eyes and whiskers
and my height and width and age,
And the number of my children and
figures of my wage,
And they ask about my parents and
ancestors till they reach
Back to where old Noah landed in the
ark upon the beach.

Then they jot it down and add it, and
subtract it once or twice,
And they shake my hand and give me
quite a lot of good advice—
Telling me that I should really find
some nobler work to do
And that there are lots of units in a
bowl of Irish stew.

I'm a column of statistics. I'm a
problem in per cent.,
They are using me to figure why the
landlords raise the rent,
And they tell me that calories may be
found in simple food,
And that floors of polished tiling hold
less germs than those of wood.

Oh, it's helpful, what they tell me!
Why, I find that daily baths
And the practice of deep breathing
keep us from the graveyard paths,
And I've learned that fifty chews to
every bite of food I eat
Makes a hard-boiled egg as helpful as
half a pound of meat.

Still, I don't like to be added, and I
don't like to be tabbed—
And I see that vivisecting every now
and then is jabbed
By some folks that think that dogs and
cats and mice should be let be,
So I wish the folks with notebooks
would stop vivisecting me.

Some Inventions.

Chargem Lotts, the well-known ice man, has perfected his ice box and refrigerator on which he has been working for several years. The invention is not only ingenious, but remarkable in its way. Beneath the ice chamber is placed a flat firebox, which has a smoke stack running up the back of the refrigerator. In the firebox may be burned coal or wood, or if desired, a gas burner may be connected. Mr. Lotts figures that by its use a hundred pound cake of ice may be melted in two hours.

Mr. Whizzan Bump, the renowned auto manufacturer, has completed his new phonograph attachment, for his 1907 model. The phonograph is concealed in the body of the machine, and is so regulated that whenever a breakdown occurs it will begin by saying, "Isn't this aggravating?" and will then go right along from "Can't you find out what is wrong?" to "Will we ever get home?" A concealed switch, known only to the chauffeur, makes it possible to turn on a cylinder of sotto voce profanity.

A. Strapp Hanger announces that he has devised a means of insuring comfort for those who have to ride on crowded trolleys. The invention consists of two full-size dummies, made of rubber, which are to be inflated and carried by the passenger. On boarding the car he will place one dummy in front and the other behind him, hooking them to the straps.

N. O. Buddy has applied for a patent on his "Model After-Dinner Speech." His claims for the speech are that it does not begin with "When the Toastmaster advised me that I was to speak upon this topic I was filled with trepidation," nor does it contain the phrases, "With so many really brilliant speakers on the list," "In my own weak way," "I am reminded of the story," or "Thanking you kindly."

WILBUR NESBIT.

[Copyright, 1907, by W. D. Nesbit.]

SOME MUNICIPAL OWNERSHIP FICTIONS.

[From the New York Tribune.]

A dispatch in the Tribune the other day related that the experiment of municipal ownership and operation of the lighting plant of Wilkesbarre, Pa., had proved unsatisfactory, the service to the public being poor, while the system was a source of financial loss to the city. The report was not at all surprising nor was it by any means unique. Instances of failure of the municipal ownership system are not as vigorously exploited as are the apparent and reputed examples of its initial success, but we believe they are growing in number as the first glamour and enthusiasm of the experiment wear off, and there is reason for suspecting that there is more truth in them than there has been in some of the rose-colored visions of utopian scenes which overenthusiastic advocates of municipal ownership have portrayed.

An instructive and suggestive example of propagandist fiction has recently come to hand from London, where the County Council had for some years, until the recent electoral revolution, been extending the municipal ownership system by the proverbial leaps and bounds. At a recent meeting of the Council it was made to appear, in vindication of the system, that the tramway service south of the Thames had been handsomely profitable. It was shown that the Inland Revenue Office had assessed income taxes on the profits of the tramways, the profits being $446,245 in 1899, gradually falling to $244,610 in 1902, and then steadily and rapidly rising to the splendid amount of $1,019,155 in 1905. Such a statement was calculated to mark municipal ownership and operation of the tramways as a great success. Literally accurate, however, the statement appears to have been altogether misleading, for the reason that these ostensible "profits" were simply the gross profits, or excess of receipts above working expenses. The net showing, after payment of interest, depreciation charges, sinking fund, etc., according to the County Council's own books, is very different. Thus in 1899 the actual profit, instead of $446,245, was $274,235, which was still a good showing. But at the low-water mark in 1902, instead of a profit of $244,610, there was a deficit of $11,255. The next year, instead of an increased profit of $388,865, there was an increased deficit of $41,415; and finally, in 1905, instead of the magnificent profit of $1,019,155, there was an actual profit of only $11,600—a pitiable showing on a capital expenditure of more than $15,000,000.

It would be interesting and profitable, though it might be disappointing and disheartening to some, to know how many other such fictions have been put abroad, ingenuously or otherwise, to promote the cause of municipal ownership. We know that in various other British communities the apparent success of the system at the outset has not been maintained, but has gradually subsided into failure.

ARMY AND NAVY MEN.

Rear-Admiral Charles D. Sigsbee, U. S.N., goes on the retired list on account of the age limit on January 16.

Rear-Admiral R. D. Evans has been selected to command the first squadron of the Atlantic fleet, and Rear-Admiral Charles H. Davis will command the second squadron.

Rear-Admiral Willard H. Brownson, now in command of the Asiatic squadron, will be the next Chief of the Bureau of Navigation, relieving Rear-Admiral Converse about May 1.

Pay Inspector R. T. M. Ball, U.S.N., who has been on duty as purchasing pay officer, Navy Pay Office, San Francisco, will assume the duties of purchasing pay officer at the Navy Pay Office, Philadelphia, relieving Pay Director R. Frazer on February 28.

Maj.-Gen Jesse M. Lee, U.S.A., who went on the retired list January 2, is said to have never evoked the aid of politicians to gain advancement. It was on account of his popularity that Brig.-Gen. J. Franklin Bell stood aside, September 18, 1906, that Maj.-Gen. Lee might be raised from the rank of brigadier-general. By the retirement of Gen. Lee, Gen. Bell now comes into his own by his promotion to major-general.

The results of the recent examination by the California State Board of Medical Examiners have just been announced. Among those granted a license to practice medicine in California were Capt. W. C. Chidester and Maj. W. L. Kneedler, both of the Medical Corps of the Army. In a class of fifty-four, Dr. Chidester passed No. 3, with an average of 88 per cent., and Dr. Kneedler, No. 4, with an average of 87 per cent.

What's the Difference?

Pa Twaddles: Well, what's the matter now?

Tommy Twaddles: Ma says I mustn't never say a word while she's in the room.

Ma Twaddles: Why, no, I didn't, dear. I said you mustn't interrupt while I'm talking.

Tommy: What's the diffrunce?—[Cleveland Leader.

THREE SPOKES ARE NEW ONES.

ALLY BLOCKED HIGHWAYS TO OCEAN RADIATE.

Supervisor Marks Off County Roads to Ocean Park, San Pedro and Long Beach—Will Ask for Law Against Posts from Vandals. Roads Numbered.

The main roads are soon to be added to the system of blocked and numbered highways completed by the Board of County Highway Commissioners. They are the ones from Los Angeles to Ocean Park, San Pedro and Long Beach.

The work of placing signs, as outlined in the minutes of Friday morning, is the most important activity in which has shaped the three county roads which will be in shape for the highway Commission early

The action of the commissioners presented to the State Legislature a bill which will tend to the milestones and signposts on the county highways. These are safely from the vandalism of ignorant and careless or malicious persons, as a law which will clearly defines constitutes a misdemeanor for which is needed.

The system now has milestones on all of the main county roads, except of Temple street and Beverly to the initial point.

Of the roads of these is the restored "El Camino Real," extending westerly through Hollywood, Cahuenga Pass, Burbank and Los Virgenes to the county line.

The San Bernardino road extends from Los Angeles out through El Monte, Sparda and Pomona to the San Bernardino county line.

The Foothill boulevard, the handsome highway yet adopted by the Highway Commission, extends from Los Angeles to Pasadena by way of Arroyo Seco and the Ostrich farms, through Lamanda Park, Azusa, Monrovia and Glendora.

The San Fernando road, known as the "Old Road," goes from the city through Tropico, West Burbank and San Fernando to Mission Park.

The San Diego road goes from the city southerly to East Ninth street, to Boyle avenue and out Brooklyn road through Downey and Norwalk to the Orange line.

The Whittier avenue road leads from the Courthouse, passing Whittier avenue and through Whittier and La Habra to the county line.

Other spoke, new highways are added to this wheel, with the city as the hub; and eventually the county system of roads is to be the plans adopted by the commission. Each farm will take the number of the road in which it is located, with the name of the general name of the road. Each farm has a frontage. Posts placed by the commission are made of concrete, six inches square, twelve inches, and five feet high. The mileage is impressed thereon. The signs for the intersecting roads are 18x36 inches, made of heavy plate, with the name of the road perforated through the letters, and other information painted in white letters on a black ground. The signs are mounted on a piece of inch pipe which is two and a half feet long, and is set in concrete for a distance of two feet in concrete and anchored with a cross bar.

The board of supervisors has appropriated a sum of $50 for placing the signs on the six highways mentioned. The commission will ask the various corporations operating through the county to extend, to carry out the plans which their corporations has already undertaken.

Within seven thousand miles of roads, Los Angeles county has a small problem to the Highway Commission, but the good beginning made encourages the commissioners to expect a success of the system.

How to Cure a Cold.

The quickest way to cure a cold is to lose as little time as possible. We are all more or less subject to them, and the quicker a cold is cured the less the danger of it developing into one of the more serious diseases. Mrs. Ella Bell, of Waverly, Va., writes: "I firmly believe Chamberlain's Cough Remedy to be the best preparation on the market for colds. I have recommended it to my friends and they all agree with me." For sale by all druggists. Large size guaranteed cure in one day. 25 cents.

Men's fine Derby ribbed garments, with French necks, extra well made and perfect fitting, in light blue only, $1.75 each.

Men's Derby ribbed all wool winter weight underwear, full fashioned, extra good value at $2 each.

Stuttgarter, Cartwright & Warner, Luzerne, Deimel Linen Mesh, Ramie and all the other best grades of underwear, we carry in different weights and sell at Eastern prices, which saves you no inconsiderable sum.

An extraordinary value in men's split-foot half hose, excellent for wear and comfortable as can be, two qualities, 25c a pair and three pairs for $1.00.

Girls' Garments for Little

Because of last week's rain, many mothers of girls were unable to get their share of the bargains then advertised. Here they are again for today.

One-piece suits for girls of 6 to 12 years, in dark blue, black, red and plaid wools, regularly $4 to $8, now $2 to $4.

Coat suits in plaids and mixtures, for girls of 10 to 14, regularly $15, now $12.25.

Smart separate coats, full length, mixtures or plain colors, for 8 to 16 year old girls, regularly $8 to $27, now $6 to $20.25.

Reefers for 6 to 10 year old girls in stylish mixtures or checks, regularly $8.50 to $12, now $6.35 to $9.

Sale of Leather Bags

We've marked our $4.50 and $5.50 bags at $3—the styles that fold over with one or two gilt or pearl clasps and strap handle—black, green, brown, champagne and other shades of leather, in the new lizard calf finish.

Our $7.50 bags are now $4.50—white and colored leathers, and practically every shape that's considered good nowadays.

Our bags which up to today have been between $10 and $25 are now $5 to $12.50—just half price, and in this lot is a very choice assortment of both small, medium and large sizes, strap and swing handles, some of them superbly fitted.

Hosiery Sale Repeated

Many women found themselves unable to take advantage of Wednesday's sale of odd pairs of hosiery, at reductions of a third to half. So we repeat the sale today, and there are about as good values as at first.

6 to 10-inch Ribbons Reduced a Third

This should bring a crowd of eager buyers to our Ribbon Section today.

Fancy Dresden and brocade ribbon, in widths from 6 to 10 inches, and values from $1 to $4 a yard, on sale at a third less—65c to $3.65. Ultra-fashionable for belts, evening sashes, opera bags, corset covers, shirtwaists or petticoats.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

HER BURNS LIKELY FATAL.

PASADENA WOMAN VICTIM OF ACCIDENT.

While Cooking Breakfast Over a Gas Stove the Fire Communicates to Her Dress Which in an Instant Is in Flames—Neighbor Rushes to Aid With Smothering Blanket.

Office of The Times, No. 26 S. Raymond Ave.

PASADENA, Jan. 12.—Mrs. K. L. Tiernan of No. 273 North Pasadena avenue was the victim of an accident yesterday morning as the result of which she is now lying in a bed at the Pasadena Hospital suffering from burns which may prove fatal. Considering the fact that the victim is nearly 60 years old, her condition is considered very precarious and the attending physicians are unwilling to hazard a prophecy as to how the case will turn out.

Mrs. Tiernan was cooking breakfast over a gas stove at the time of the accident. She turned her back for a minute and in some manner allowed her dress to come in contact with the fire. The garment became ignited and before she realized that anything was wrong her entire dress was in flames. Wild with terror she rushed out into the street, the breeze in the open air fanning the flames, and in a minute she was enveloped in clouds of fire and smoke.

W. Llenen, who occupies the house next door to Mrs. Tiernan's home, heard the woman's cries and rushed into the yard to learn the cause of the noise. He at once realized the peril of the unfortunate woman's predicament and, hurrying back into his house, procured a blanket in which he wrapped the unhappy victim. He succeeded in smothering the flames, but not before they had burned Mrs. Tiernan cruelly about the head and body.

Physicians were at once summoned and everything possible was done to make the unfortunate woman comfortable. Her burns were so severe, however that it was decided best to send her at once to the Pasadena Hospital and an ambulance was called. Examination disclosed the fact that from the top of her shoes clean into the hair of her head the woman was burned to a crisp, large pieces of flesh peeling off in places. Her injuries were dressed and opiates were administered as she was delirious from pain.

Late last night the attaches at the hospital stated that the woman's condition was but little changed and that it was impossible to say how the injuries would result. They admitted, however, that the case was desperate.

FARMERS' INSTITUTE.

The University of California Farmers' Institute for Los Angeles county convened at the Board of Trade rooms yesterday afternoon, and at once started in on the routine of business provided. As J. B. Neff, who was scheduled to conduct the institute, was unable to be on hand at the opening, he having been delayed in his trip from Santa Ana by washouts, C. A. Day was chosen as chairman for the day.

Several interesting papers on timely topics were listened to by those present and the recesses were given up to informal discussion of the matters under consideration. The second session was held last evening and sessions will be held tomorrow, both morning and afternoon. There are several matters of especial importance to Southern California ranchers which will be taken up today and considerable interest is being exhibited in the institute.

CHANGE OAK KNOLL ROUTE.

It will be necessary to make some changes in the roadway of the new Oak Knoll line, to Los Angeles before the service can be depended upon. Yesterday it was found necessary to stop running the cars until repairs could be made and it appears as though the same results might be expected from every subsequent storm.

The trouble is caused by the fact that the track has to run for a considerable distance over a soft clay roadway which it is impossible to reinforce in a manner which will make it permanent. Below Simons Brothers' brick yard there is a considerable stretch where the water has an open course over the tracks and disaster is the inevitable result. It is the intention of the company to make repairs of a lasting nature, however, and it is hoped that the trouble can be, to a great extent, obviated.

BOYNTON FUNERAL.

The remains of Frank P. Boynton, former president of the Pasadena Board of Trade, and one of the most prominent men of the city, will be laid to rest this afternoon at Mountain View Cemetery. Funeral services will be held at his late home, No. 345 North El Molina avenue, at 3 o'clock. Rev. Robert J. Burdette will officiate.

The pallbearers will be prominent men of affairs, who knew Mr. Boynton well during his lifetime, and were associated with him in many undertakings for the welfare and advancement of Pasadena. A large company of mourners will accompany the cortège to the cemetery, and the last rites over the mortal remains of the man beloved by all Pasadena will be impressive.

PROSECUTION DELAYED.

A technical error in preparing the summons against the Raab Creamery Company in the case of the dirty milk bottles, has necessitated the drawing up of a new summons, and delays the case in consequence. The matter will not be dropped, however, as the health department is determined to make an example of the guilty persons, in order to deter others from growing careless in the handling of bottles in which milk is sold to the public.

Since the complaint made by W. K. Dunn was brought to the attention of the department, there has been nothing more heard concerning dirty bottles, and it is hoped that the milk dealers have taken warning, and will exercise more care in future. The sanitary inspector and the health officer are determined that the pure-milk ordinance shall be enforced in spirit as well as in letter, and will make arrests as long as there is any cause for complaint in the way in which milk is delivered to consumers.

GOING TO PALESTINE.

The Rev. Frank M. Dowling, pastor of the First Christian Church, will leave some time next week on an extended tour through Palestine and the Holy Land. Mr. Dowling has been granted a leave of absence by the members of his congregation, and he will be accompanied by the God-speeds of his parishioners when he leaves.

Mr. Dowling has not been in the best of health for some time, and it is hoped that the trip will benefit him greatly. Much of the time will be given up to study of the land of Christ's nativity, and Mr. Dowling expects not only a pleasant but a profitable trip.

Y.M.C.A. FUNDS.

The work of securing funds for the erection of a new home for the Young Men's Christian Association is going on steadily albeit rather slowly. A large sum of money is needed, and the officers of the association do not expect to raise it in a day. It will be necessary, however, for every supporter of the association to come forward with a substantial contribution, if a suitable building is to be erected.

The education work which the local Y.M.C.A. has lately taken up is proving very popular, and most of the classes are already well filled. The work is more or less handicapped, however, through lack of space, and it will be impossible to give students all of the advantages desired until more suitable quarters have been provided. Before long the association will have to give up the present quarters according to the terms of the sale. The house at present standing on the new site will be used for a home, however, until the new building can be completed.

FOR RETURNED MISSIONARY.

Mrs. Charles A. Briggs of No. 71 South Euclid avenue was the hostess Thursday afternoon at a reception given in honor of Mrs. Ada Lee, who has recently returned from missionary work in Calcutta, India. Mrs. Briggs was assisted in receiving by Mrs. Lee, Mrs. A. W. Lamport, Mrs. C. M. Parker, Mrs. Frelm, Mrs. Stone and Miss Baker. Two hundred members of the First Methodist Church called to pay their respects to the guest of honor. Mrs. Lee gave an interesting talk upon her years of missionary service in India, and in closing made an earnest plea for cooperation in foreign mission work. Miss Harriet Rice sang several solos accompanied by Miss Hovey.

SOCIETY NOTES.

Mrs. A. Stevens Halstead of No. 380 South Euclid avenue entertained yesterday afternoon in honor of Miss Margaret Greble, who has recently returned from a sojourn of three years with her aunt, Mrs. Gifford Tower of New York and Long Island.

At a meeting of the Massachusetts Colony last evening the following officers were elected: Arthur W. Nye, governor; S. F. Davidson, lieutenant-governor; Isabel Wittneber, secretary; Edwin S. Baker, treasurer; John K. Galbraith, sergeant-at-arms. The officers will be installed at the next meeting, on January 25.

Mr. and Mrs. William Leithead of Terrace Drive entertained their bridal party at dinner Thursday evening in honor of their second wedding anniversary.

Mr. and Mrs. John Adams of No. 619 North Madison avenue entertained the Social Hour Club last evening at five hundred.

Mrs. William Douglas Turner will give a recital at the Shakespeare Clubhouse on January 17. The recital will be under the auspices of the Woman's Aid Society of the First Congregational Church.

Invitations have been issued by Mrs. Hugus and Miss Bolt for a dance to be given at the Shakespeare Clubhouse on January 21.

PASSING OF MISSIONARY.

One Formerly Engaged in Medical Service in Turkey Dies in Pomona.

POMONA, Jan. 11.—The funeral of Dr. A. B. Goodale, who died at his home here at the age of 78 years, will be held Sunday afternoon at the Presbyterian Church. Dr. Goodale has resided here at No. 617 North Gibbs street for eleven years. He was a graduate of Amherst College and for years was a medical missionary in Turkey. He leaves a widow and five children, Mrs. L. W. Pierce; a daughter in Chicago, and one in Chile, and two sons, George and Salem, of San Francisco, who will be here to attend the funeral.

POMONA POINTS.

The City Treasurer's monthly report shows $51,549.19 on hand on January 1.

The total rainfall for the season here is 15.74 inches, over five inches having fallen this last rain.

Sunny days at Coronado.

MONROVIA BANK ELECTS.

MONROVIA, Jan. 11.—The stockholders of the American National Bank of Monrovia have elected the following directors: A. P. Seymour, F. M. Pottinger, Arthur W. Savage, F. N. Hawes, B. S. Davies, K. E. Lawrence, W. B. Scarborough, Charles Anderson and W. C. Patterson. The officers chosen are W. B. Scarborough, president; Charles Anderson, vice-president; F. N. Hawes, cashier; K. E. Lawrence, assistant cashier. The Granite Bank and Trust Company has chosen the following directors: A. P. Seymour, H. E. Crandall, F. N. Hawes, W. B. Scarborough, Charles Anderson, B. S. Davies and W. C. Patterson. At the meeting of the directors the same officers were elected to office as those elected to serve in the American National Bank.

Business men for some time have felt the demand for better mail facilities for this city, and Postmaster Anson has had the question up with the authorities. He had received word that on and after January 21 the Pacific Electric will carry mail to and from this city. This will be in addition to the service on the Santa Fé.

The rains of the past week have delayed active work on the Monrovia extension of the electric railroad. As soon as the weather will permit the camp will be formed at Azusa and one hundred teams will commence work on the east side of the river. Robert Scherer & Co. have the grading contract. The work on the San Gabriel River bridge will be pushed as rapidly as possible, hoping to have that completed by the time the road is graded.

Go to "Hotel del Coronado."

ITEMS OF CLAREMONT.

CLAREMONT, Jan. 11.—The pupils of the Pomona College School of Music gave an enjoyable recital in the college chapel Friday afternoon. Piano solos were played by Hazel Fay, Eva Southwick, Flay Dickinson, Florence Winn, Fannie Waisen and Majorie Kinney. Vocal selections were rendered by Louise Cooper, Eloisa McKim, Florence Winn and Ernest H. Densmore.

The art department of Pomona College has on exhibition a display of silks from the silk house of Dexter, Lambert & Co. of New York.

The stockholders of "Ye Claremont Inn" have elected the officers of the company for the following year. Dr. F. W. Thomas is president; Robert Meyer is vice-president; L. N. Smith is secretary; C. N. Parsons, Jr., treasurer, and Henry Kingman, director. Miss Katherine Winans, the present manager, will be retained for the following year. Although the inn has been open but about four months, it has proved a profitable investment.

Coronado's climate is the best.

Denver and Back, $55.00.

January 14 and 15, the Santa Fe will sell excursion tickets to Denver, limit thirty days returning. See about it at Santa Fe office, No. 334 South Spring street.

CREW MOURN MATE AS DEAD.

VESSEL'S OFFICER MISSING AT SAN PEDRO.

Believed to Have Fallen Overboard and Drowned—Fisherman Finds Loon Caught at Record Depth. Government Rehearing in Matter of Request for Filling Channel.

SAN PEDRO, Jan. 11.—It is believed that Fredalph Bjorkman, a native of Finland, aged 45, and second mate of the barkentine James Johnson, has been drowned. He has been missing from the vessel since Monday evening, and a thorough search has been made for him without avail.

Bjorkman has a considerable sum of money on deposit at a local bank, part of his monthly wages are due him, and all of his personal effects are on the barkentine.

The missing mate was a sober, industrious and capable man, and his shipmates feel sure he has accidentally fallen overboard, and been drowned. The James Johnson was towed outside this afternoon, preparatory to going to sea. It is believed that in a few days the waters of the inner harbor will give up the body of Bjorkman.

THIS LOON DIVES DEEP.

W. R. Potter, a fisherman, was much surprised when he raised his traps yesterday afternoon from a depth of seventy feet to find a loon inside one of them, which had, apparently, dived to that depth in order to secure small fish which were caught in the trap.

The loon has a reputation as a diver, but the one caught by Potter evidently holds the deep-diving record for members of the loon family.

GOVERNMENT REHEARING.

A communication was received last night by the Board of City Trustees from Capt. Amos Fries, United States engineer, stating that there will be a rehearing in the matter of the request of the Banning company and the Kerckhoff-Cuzner and San Pedro Lumber companies, to fill in the channel in the inner harbor between Smith's Island and the north city limits of San Pedro. The rehearing is to be held on the evening of January 15, in Los Angeles.

The board adopted a resolution, instructing City Attorney Goodrich to attend and protest against any fill in the channel which would jeopardize the present rights or claims that the city of San Pedro has to frontage on that portion of the channel which would be affected by the proposed fill.

It is stated here today that extensive development work on the proposed Miner fill in the outer harbor will soon be begun. Four steam piledrivers and two suction dredgers have been contracted for, and will be at work soon.

January, June days at Coronado.

PASTOR MADE PERMANENT.

Long Beach Congregationalists Also Increase His Salary and Choose Assistant.

LONG BEACH, Jan. 11.—At the annual meeting of the congregation of the First Congregational Church last night, Rev. Charles Pease, who has for eight years been the pastor, was unanimously elected as permanent pastor of the church and his salary increased $300 per year. Dr. Pease took charge of the church when it was a struggling infant, supported by the benifices of only a few, and has been instrumental in building it up to one of the strongest religious organizations in the city, owning their own church property.

Rev. W. J. Speers was reelected assistant pastor and also chosen financial secretary.

Other officers elected are: Trustees, F. H. Downs, L. Parmeley, G. H. Gaylord, Gorge Bixby and N. R. Richardson; board of deaconesses, Mmes. Carpenter, Dawlev and Pease; clerk, M. L. Jones; treasurer, O. G. Carpenter; deacons, Revs. Webster, Kendall; Messrs. Wilson and Rich; Sunday-school superintendent, F. H. Downs.

UNDERGOES OPERATION.

Dr. T. C. Donnell, who was taken seriously ill with appendicitis yesterday, was removed to the Long Beach Hospital last night and near midnight Dr. Bryant of Los Angeles, assisted by several local physicians, operated upon the patient, whose condition was critical, it being found the appendix had broken. For a while the worst was feared, but the doctor rallied nicely and this evening the attending physicians say his chances for recovery are even. Dr. Donnell is a leading Knight Templar and Shriner and stands high in Elkdom. His critical illness has brought hundreds of messages of inquiry and sympathy from all over Southern California.

TRACES STOLEN COAL.

For several days five sacks of coal have been carefully guarded in the Pacific Electric yards, but last night three of them disappeared. Deputy Marshal Austin was notified, and following the tracks of a two-wheeled cart nearly two miles, traced the stolen black diamonds to the shack of a family named Chavez, where around a bright, glowing fire were found a half dozen little pickaninnies enjoying the warmth. The sacks of coal were found in the shack. They had been stolen by Henry Chavez, aged 15, who is the provider for the family. The coal was confiscated amid the howls of the infants, and the boy, after a strong lecture on the enormity of his offense, was released.

SEASHORE NEWS BRIEFS.

This morning in the City Recorder's court, when the case of Ed Rice was called the defendant failed to appear, and on motion of City Attorney Monk, cash bail of $100 was forfeited and a bench warrant was issued for Rice. This ends a case by which Justice of the Peace Henry Stellitz of San Pedro, sought to oust Long Beach from its jurisdiction over Terminal Island and East San Pedro, through habeas corpus proceedings, which failed. Rice, released on cash bail deposited by Steigitz, disappeared and the San Pedro Justice is out $100. Rice was charged with erecting a building in the city limits without securing a building permit. A similar case is pending against E. T. Schollar, who is out on $50 bail, and whose trial is set for January 18.

At a meeting of the American Avenue Building Company this morning the following officers were elected: President, T. M. Todd, vice-president, J. V. Bartow; secretary, S. A. Sanderson; treasurer, W. M. Cook. A building committee, Messrs. Bartow, Peasley and Cook, was appointed and ground for the new postoffice at Second and American avenue will be broken within two weeks. The building will be a six-story brick and the postoffice portion is to be ready for occupancy June 1.

Lloyd Nelson, aged 10, while skating on the sidewalk near his home today, fell and broke his left arm.

HAMMER RAPS ON TRUSTEES.

RED-HOT TALK AT OCEAN PARK MEETING.

Santa Monica City Dads Said to Have Been Extravagant and Taxpayers Declared Not to Have Received Their Money's Worth for What They Paid Into Town Coffers.

OCEAN PARK, Jan. 11.—Sharp hammer raps were rained on the Santa Monica Board of City Trustees at the meeting of the Community League tonight.

President Alex Frazer fired the bomb.

He did not say "graft" but he did say that he thought the people of the municipality are not getting their money's worth for their taxes.

He said that at an expense of $400 he had had the city officers' books experted for the past four years, and was able to show extravagance.

He said that there was one City Trustee who went into office poor who now has "all kinds of money." He wanted to know where the Trustee got it.

GETS BABY SHARK.

After many months of weary watching and waiting, J. Peterson has finally succeeded in coming into possession of a shark egg. This rare curiosity was found by a beach stroller. It was attached to a piece of kelp that washed in with the tide. The egg, which is about four inches in length and two inches wide, resembles kelp and was attached to that weed by spiral tentacles. The shell of the egg is soft and transparent. It is filled with colorless albumen, and swimming about in this is the baby shark, which is of a delicate pink color. Attached to the miniature man-eater, which is probably two inches in length, is an umbilical cord that connects it with the yolk of the egg, from which it receives subsistence. Mr. Petersen says he has had many of these eggs and tried to hatch them, but this is the first time he has succeeded in securing one with a live fish within the shell. The egg is thought to be that of the small shovel-nose variety.

DIES IN ARIZONA.

Mrs. P. L. Baker, wife of the former Western Union telegraph operator here, died at Tucson today. Mr. and Mrs. Baker recently left here for Arizona, for the benefit of her health, but she grew rapidly worse. Her ailment was consumption.

INDICTMENT OUT FOR ATTORNEY.

GRAND JURY IS AFTER LOS ANGELES LAWYER.

San Bernardino Inquisitorial Body Accuses Him of Embezzlement of Funds Belonging to His Client and Paid to Appeal Case from Superior to Supreme Court.

[BY DIRECT WIRE TO THE TIMES.]

SAN BERNARDINO, Jan. 11.—[Exclusive Dispatch.] Henry W. Nisbet, a lawyer of Los Angeles, was indicted today by the grand jury, charged with embezzling funds belonging to his client, Addison Chester Dewey of Ontario.

Dewey complains that he had retained Nisbet to take an appeal to the Supreme Court from a decision rendered against him in his contest to establish his claim to personal property which was included in the separate estate of his late wife, Johns May Dewey.

He avers that he paid Nisbet on the latter's demand, $200, to perfect this appeal and that the attorney pocketed the money and, beyond filing notice that he would move for new trial, took no further steps and the appeal is now barred.

A warrant will be served on Nisbet in the morning. His mother died at his Los Angeles home this afternoon.

The case from which this indictment grows is one of the most sensational ever tried in this county. Mrs. Dewey died on the last day Dewey had to file answer to her divorce complaint. She willed all her estate, in trust, to her sister, Mrs. Harkinson, a daughter by a former marriage.

The suit for her estate broke before her body was embalmed and Dewey even sought a court injunction to prevent her body from being taken from the county for burial.

The action involved the title to a nine-acre orange grove at Ontario and two building lots, valued in all at $8000.

Dewey had claimed the property as community property, while Mrs. Harkinson declared that it was the separate estate of her sister, the late Mrs. Johns May Dewey.

So complete had Dewey's late wife prepared her separation from him, that when she died suddenly she had so arranged the title to the real, and most of the personal property as to forever take it out of his power to secure it, and at every turn in preparing these two suits Dewey and his attorney, H. W. Nisbet, were confronted with the evidence of the woman's business acumen.

Judgment was given without the plaintiff having put in any evidence, Attorney Nisbet having desired to dismiss the action and secure the results by a different undertaking, but the late Judge George E. Otis, for Mrs. Harkinson, insisted that the case go to trial, and it was so ordered by the court, the defense putting in sufficient evidence to show separate ownership, and judgment followed accordingly.

ENTOMBED IN WET EARTH.

Santa Monica Laborer Goes Through Short-cut Experience Like That of Hicks.

SANTA MONICA, Jan. 11.—Fred Diaz, a laborer on the Colorado-avenue sewer, sought to emulate the example of Miner Hicks today. While he was working at the bottom of the trench, there was a landslide and Diaz found himself completely entombed in the soft, wet earth and gravel. Fortunately he was not buried deep and his co-laborers were able to exhume him before serious consequences materialized. Aside from a few bruises, Diaz was uninjured.

SANTA MONICA SAYINGS.

J. A. Porter is exhibiting a bunch of bananas of home growth. Several of them are thoroughly ripened, and in flavor they are not inferior to the imported ones. This fruit grew in the open, with no protection of any description.

George Willey, who resigned his position on the local police force to go to Searchlight to do carpenter work, is quite sick in the Nevada mining camp. His ailment is pneumonia.

Mrs. M. Steele, who recently came to the beach from Grand Junction, Colo., is building a new home on Sixth street.

HAYS STILL ALIVE.

His Condition Last Evening Led Physician to Think He Would Outlive the Night.

Tom Hays was still alive at his Ocean Parw home at an early hour this morning.

He was worse yesterday, but there was a slight improvement in the course of the evening, which led his physician to believe that he would live through the night.

His dropsical condition affects the heart and he continues partially paralyzed.

HOLLYWOOD WINS DEBATE.

HOLLYWOOD, Jan. 11.—The debate between the Downey High School and the Hollywood Union High School, held in the High School Auditorium here, resulted in favor of Hollywood by a score of 51 to 49. The question was, "Resolved, That candidates for elective offices in the State, county, city and in the State and National Legislatures should be nominated by direct vote of the people, consitutionality conceded." Robert Byrne and Gladys Towne of Downey spoke for the affirmative, while A. Z. Taft and Rena De Lorie of Hollywood upheld the negative. The judges were Judge Wilbur, ex-Judge Noyes and Dr. Jesse Millspaugh. Judges Wilbur and Noyes were delayed, and the decision was left to Dr. Millspaugh. Gordon Blackwood of Hollywood presided. There was a large attendance of parents and friends.

Coronado for perfect climate.

ALHAMBRA TRADE BOARD.

ALHAMBRA, Jan. 11.—The annual meeting of the Alhambra Board of Trade was held last night at the new quarters in the High School building. The large attendance, coupled with the enthusiasm displayed, indicates an energetic campaign along lines of municipal improvement during the coming year. After a general discussion of matters of interest to the welfare of the city, the election of directors was held and resulted thus: E. A. Routhe, A. C. Weeks, Gail Borden, F. B. Elwood, C. E. Strifler, J. W. Wiley and Robert Devereaux. At the next meeting of the board of directors will elect the new officers.

Bright, clear weather at Coronado.

CANAL CITY RIPPLES.

VENICE, Jan. 11.—After a vacation of two weeks, the oriental exposition will reopen tomorrow. During the closed season the interior of the building has been rearranged and materially improved in appearance.

The big black bear of the Sello-Floto menagerie, wintering on Midway Plaisance, has passed to join the good Indians in the Happy Hunting Grounds. There is a belief that the animal was poisoned, but it is thought the poisoning was accidental.

Outdoor sports at Coronado.

WANTED FOR FORGERY.

On complaint of Miss A. Bean, the police are searching for R. S. Aimes of Bay City, Mich., on the charge of having forged several names to notes. According to the police, Miss Bean is a relative of Aimes, and de duped her, she says. The extent of the forgeries the woman claims she does not know. The police believe Aimes has gone East to his home.

BIGGEST HA! HA! IN SAN DIEGO.

"EXAMINER" STRENUOSITY IS LAUGHTER RAISER.

Frantic Efforts to Call Off Van Loan Via Wireless and With the Aid of the Warship Fleet—Fisherman's Daughter's Adventure Is Not Being Taken Seriously There.

[BY DIRECT WIRE TO THE TIMES.]

SAN DIEGO, Jan. 11.—[Exclusive Dispatch.] The strenuosity of the Los Angeles Examiner in fitting out an expedition for the rescue of Dora Bennis, who has turned up at San Pedro, asserting that she wasn't kidnaped by Capt. A. W. Hall, is considered the richest joke of many moons, hereabouts.

The yellow sheet's efforts to profit by the scheme for the last ten days have been the laughing stock of the town, especially with the people who have taken sufficient interest to inquire into the facts. The adventure of the fisherman's daughter has not been taken seriously and, while Capt. Hall's reputation is a trifle "shaky" in these parts, scarcely any one has charged him with kidnaping a girl whose father signed a contract with Hall specifying the remuneration she should receive during the trip.

Commissioner Van Loan and his rescuing party in the power launch Orient, which was instructed to either find Dora or traces of the wreckage of the Rover, is yet searching off the Lower California coast.

Efforts are being made by the Examiner to reach Van Loan via the Point Loma wireless and the Pacific squadron, ordering him to report to Los Angeles. Marco Bennis, Dora's father, will return on the Owl train from San Pedro tomorrow morning. When he left he expected to have no trouble inducing Dora to return home with him.

Dist.-Atty. Kirby says he wants to have a talk with Dora before he goes ahead with the prosecution of Hall, against whom a warrant has been issued. His predecessor in office has proceeded cautiously in the steps for the prosecution of Hall, although urged to rush matters.

KILLS WILD CAT.

While out quail hunting yesterday, Roderick Billon, a 16-year-old boy, killed a huge wild cat with No. 7 shot. The first shot wounded the cat severely, the effect being to make the animal angry. It immediately crouched and sprang toward the young hunter. Billon, however, was equal to the emergency. Poising his gun to his shoulder he fired the charge in the remaining barrel, striking the cat in the jaw and instantly killing it. The animal measured five feet and four inches and weighed eighteen pounds.

HARRISON GOES HUNTING.

Carter H. Harrison, ex-Mayor of Chicago, left this morning, accompanied by Byron Naylor, for the Jesus Maria rancho, twenty miles south of Tia Juana, Lower California, on a hunting expedition. They will be the guests of Señor Yorbor. Mr. Harrison made his headquarters there in his hunting expedition last year.

SKIPPER WEDS.

Capt. Conrad Shields of the lumber schooner Nawona and Hulda M. Magnuson of San Pedro were married here yesterday.

ADVERTISE THEIR COUNTY.

Riverside Chamber of Commerce Has Arranged to Have Representative in Los Angeles.

RIVERSIDE, Jan. 11.—The Riverside Chamber of Commerce will send a representative to Los Angeles at once to remain during the tourist season and present the attractions of this county to the attention of as many of the California visitors as he can bring within his sphere of influence.

Herman Charles, secretary of the local Chamber of Commerce, has been selected for this work. He will maintain headquarters in that city, and besides meeting tourists there and at the incoming overland trains he will give free stereopticon exhibitions, showing the various resources of the county at large. A stereopticon for this purpose has just been ordered by the County Supervisors. The Chamber of Commerce voted last evening to meet the other expenses. T. C. Evans has been elected assistant secretary, to have charge of the local Chamber of Commerce in the absence of Mr. Charles.

ASK FOR WEATHER BUREAU.

At the request of E. A. Meacham, voluntary weather observer, the directors of the Chamber of Commerce will request the United States government to establish a weather bureau in this city which shall be in continual connection with the United States service. The object of this is to make it possible for citrus growers to know the exact conditions of the weather as regards northers and cold nights.

Jesse B. Oatman, a prominent grower of Riverside, has been made the defendant in a suit for divorce brought today by his wife, Mrs. Martha Oatman. An unusual feature of the case is the fact that the father and mother of the husband are taking the wife's part. They protest that no shadow of blame rests with her and they promise to stand staunchly by her in her suit against their son. All are well connected. The plaintiff is accomplished and beautiful and a popular club woman. The suit was filed this morning by her attorney, Lafayette Gill. Statutory grounds are stated in the complaint.

FUEL SHORT THERE, TOO.

The fuel question in Riverside has become the burning—or rather the non-burning—one, for coal cannot be bought now for love or money. Dealers expect a supply soon, but just now they are compelled to turn a cold shoulder even to their best patrons.

The courthouse and County Jail burn oil in their furnaces, hence they are not affected by the coal shortage. Nor will the County Hospital patients suffer, for a carload of coal was fortunately secured just before the famine. The Glenwood Hotel uses oil for fuel, with the exception of the wood fires that burn for ornamental purposes in the fireplaces, and there is no likelihood of discomfort for the guests in the big Mission Inn.

The High School has only a two weeks' supply of coal on hand, and the school authorities are trusting that the famine will be broken before the furnace eats up the last shovelful of that. The grade schools burn wood principally, and their supplies are growing short. And the churches have only a limited quantity of fuel to tide them over. There is still some wood to be had, but it is not only high in price but inferior in quality.

Hotel del Coronado, the society resort

Sheet Music 17c. Saturday Only.

"I Miss You in a Thousand Different Ways." (Beautiful new ballad.)
"Cheer Up, Mary." (You all know this.)
"Kidoo, Skidoo." (Latest song hit.)
"I Just Can't Make My Eyes Believe." (Anna Held's latest.)
"Why Don't You Write When You Don't Need Money." (Latest coon song.)
"Autumn." (The latest by Neil Moret; a beautiful piano solo.)

175 Doz. regular 50c values in Hosiery on sale today for 25c

OPEN UNTIL 10 P. M.

SAN JACINTO JOTS.

SAN JACINTO, Jan. 11.—Divorce proceedings have been instituted in the Superior Court by Mrs. Laura Meek, against her husband, Jack Meek. The Meeks have three small sons.

The valley is taking on a robe of rich green. The past two days have been warm and sunny, and the grass is growing rapidly. The unprecedented rainfall, 9.6 inches, to this date, is making a paradise of this section.

John Salee has returned home from the North. He will go to Mojave soon on a mining quest.

Col. J. T. Ritchie and family of Redlands have returned to the Lithia Springs, a sheltered nook of orange-bearing land two miles east of town.

Orran Lampson, formerly of this city, died in Riverside Tuesday of paralysis.

C. L. Emerson will remain cashier of the First National Bank the coming year. Mr. Scales, assistant cashier and Miss Ada Hogue, book-keeper.

Miss Alice Green has accepted a position as stenographer in the Riverside Chamber of Commerce.

W. C. Wilder of Pomona, bought the J. T. Mead place on North Central Avenue, Monday, and will arrive in a few days with his family. Mr. Mead will build a new home on forty-five acres on the same avenue, nearer this city.

Warm June days at Coronado.

FALLS FROM CARRIAGE.

Samuel Watkins, an auctioneer who lives at No. 2514 Michigan avenue, fell from a carriage at First and Chicago streets and sustained a laceration on the side of the face and a cut on the head. His wounds were treated at the Receiving Hospital.

ACCUSE HER OF THEFT.

Marie Marcelle is held in the City Jail on the suspicion of having robbed J. Benda on Jackson street. Benda was arrested also, on the charge of drunkenness. He claimed that the woman had taken a considerable amount of gold, but she denied this.

"MOROCCO in 1907" will be the subject of Frank G. Carpenter's letter in The Times Magazine the coming Sunday.

ANTI-CIGARETTE CLUB.

The Anti-Cigarette Club, that holds meetings every Sunday evening at 7:30, in Home Extension Hall, Chamber of Commerce, has just elected the following officers: President, J. T. Clark; secretary, Dr. Mary Lighton; treasurer, Mrs. L. M. Vance. Good speakers and singers will be present at all the meetings of the club, and there will be a stereopticon exhibition of interesting views. In a lecture recently delivered before the club by John Whiteon of Illinois, he said that no young man or boy who was dependent upon his own efforts, or who aspired to any honorable position, should smoke cigarettes, as it disqualified him from service where brain power is needed. He declared cigarette smoking makes a man careless, reckless and dead to the interests of himself and his employer.

The steamer Marcas arrived yesterday in quarantine at New York, from Trinidad and Granada. She was delayed owing to derangement of machinery. On New Year's morning the circulating pump gave out.

Eastern Tourists Welcome

You will be made to feel at home in our bank. Eastern bank drafts cashed with pleasure. NO TROUBLE TO ANSWER QUESTIONS. Our president has lived in Southern California twenty-four years, during which time he has gained considerable experience, and will gladly give eastern tourists the benefit of same. DON'T THINK BECAUSE YOU ARE A LONG WAYS FROM YOUR OLD HOME THAT YOU WILL BE TREATED COLDLY IN THIS LAND OF SUNSHINE. We realize that Southern California has been built up by the money and energy of eastern tourists, who have been so well treated and impressed that they have decided on Los Angeles as their permanent abode.

We are happy in being able to gladden the hearts of many a workingman's family by cashing his pay check on Saturday nights and thereby causing himself and family to have the coin with which to buy the necessities of the household--and to enjoy a happy Sunday.

THE WEATHER.

Weather Conditions.— The western storm area has passed to the region beyond the Rocky Mountains, where it is now central. An area of high pressure has moved inland from the ocean, and now overlies Northern California and a portion of Nevada. This distribution of pressure has resulted in clearing weather on the South Pacific Slope, snow in Utah, Colorado, Montana and North Dakota, and cloudy weather generally in the Middle West. The storm over the lake region yesterday is passing to sea off the New England coast, and rainy weather is reported east of the Mississippi River. The indications are for fair weather in Los Angeles and vicinity tonight and Saturday, with frost in exposed places Saturday morning.

Forecasts.—Local forecast for Los Angeles and vicinity: Fair tonight and Saturday, with frost in exposed places Saturday morning; winds mostly westerly.

SAN FRANCISCO, Jan. 11.—Rainfall data:

Stations—	Past 24 hours.	Seasonal to date.	Normal.
San Luis Obispo	.38	12.40	9.32
San Francisco	.01	11.14	11.07

Fair weather prevails in California, with temperatures about normal. Conditions are favorable for light to heavy frosts Saturday morning in the interior of the State. Forecast:

San Francisco and vicinity: Fair Saturday; light west wind.

Sacramento Valley: Fair Saturday; possibly light frost in the morning; light south winds.

San Joaquin Valley: Fair Saturday; frost in the morning; light north wind.

Los Angeles and vicinity: Fair Saturday; possibly light frost in the morning; light west wind.

Arizona: Fair Saturday and Sunday.

YUMA (Ariz.) Jan. 11.—[Exclusive Dispatch from the U. S. Geological Survey.] Gauge height Colorado River, 22.2 feet.

Flow of Rivers.

The following is a statement of the estimated flow of certain Southern California rivers in cubic feet per second, or second-feet, one second-foot equaling fifty miner's inches. The record is furnished by W. B. Clapp, engineer in charge of the water resources branch of the United States Geological Survey.

LOCAL PRODUCE MARKET.

Dealers in heavy produce are not surprised that trade is running light, as that is in the regular order of things after the holiday season. The inclement weather for the past ten days put a damper on traffic at the market, but now there is increased trading.

The egg market continues to awaken interest. The fair weather has had a tendency to make eggs roll in in greater quantities the last few days, and prices were lowered accordingly yesterday. Local ranch candled now sell for 35 cents, and northern candled for 30 cents.

Sales on change yesterday were—Thirty-seven cases of local ranch case-count eggs; 1 carload of No. 1 Alexander potatoes; 15 Badger State Daisy cheese.

Shipments of butter were again light on account of the delayed trains and washouts. Exchange members who deal in butter are still holding their stocks at the official exchange price, regardless of the butter board's existence.

Bids of 1.70 per cwt. were made yesterday on Highland potatoes, but 1.75 was asked, and no sales were made. About 1800 sacks of eastern potatoes came in yesterday, and were included in the total receipts of 2170 sacks.

Vegetables were in good demand at the former prices.

No fresh fish, game or lobsters came in yesterdays. Stocks being used now are from cold storage.

The receipts of produce as reported for yesterday's exchange were as follows: Eggs, 175 cases; butter, 606 lbs.; cheese, local, 22 lbs.; potatoes, 2170 sacks; onions, none; beans, none; sweet potatoes, 19 sacks.

Prices Current.

EGGS—Candled, fresh California ranch, 33; eastern storage, selected, 28; northern candled, 30.

BUTTER—Fancy local butter, 2-lb. sq. 70; Lucerne butter, 70; valley creamery, 70; fancy Coast creamery, 65@67½; choice Coast creamery, 62½@65; cooking butter, 25@34.

CHEESE—Cal. Anchor, 17. Cal. Y. A., 18; fresh, 17; eastern daisies, 17@18; Longhorns, 18@18½; N. Y. twins, 17; single, 17@18; northern, local, 17; Oregon brick cheese, 17; hand, 19; Dom. Swiss, 20; Imp., 28@29; Limburger, 18; cheddars, 17.

BEANS—Pinks, No. 1, 2.60; Pinks, No. 2, 1.90; Lady Washington, No. 1, 2.90@3.00; small white, No. 1, 2.50@2.75; small white, No. 2, 1.60@1.75; black eyes, 4.50@4.60; Limas, No. 1, 5.00; Garvanzas, 4.25@4.50; American lentils, 5@10 lb.

DRIED FRUITS — Apples, evaporated, new, per lb., fancy 50s, 9; fancy 25s, 8½; apricots, "Santa Ysabel" brand, extra fancy, 25s, 17; extra choice, 15; in 1-lb. cartons, 2 per lb. extra; citron, imported, "American Flag" brand, fancy, 10-lb. boxes, 20; currants, imported, "Santa Ysabel" brand, fancy, bulk, not cleaned, 8½; 50 16-oz. packages, 9; 50 12-oz. packages, 8; dates, imported, Fards, fancy, 60 lb. boxes, 9; Golden dates, 60 lb. boxes, 6; special price in quantities; figs, new, per box, Calimyrna Red Seal, 10-lb. 1.15; Calimyrna Red Seal, 20-lb. 1.25; white

Bradstreet's Review.

NEW YORK, Jan. 11.—Bradstreet's tomor-... row will say that there are some cross cur-... rents in trade which prevent generalization ... but, as a whole, the situation loses little by ... comparison with preceding years at this early ... stage of the season. The car shortage situa-... tion is still acute, though mild weather helps ... the railroads. Special complaint comes from ... the Northwest, where the fuel no grain move-... ment is checked; from the Pacific Coast, ... where the supply of fuel is scanty; from Okla-... homa, where building in the new cities and ... towns is affected by inability to get material, ... and the cotton and lumber-producing sections ... which complain of the car shortage affecting ... shipments. Wool markets are very firm, in ... accordance with foreign markets. Sugar does ... not show much change except that one re-... finery has cut prices of refined one-eighth of ... a cent. Coffee has eased slightly, futures be-... ing 25 to 35 points lower, on large movement. ... Bank clearings for the week ending January ... 10 aggregate $3,473,055,623; 9.5 per cent. over ... last week, but 9 per cent. below the same week ... last year. Excluding New York City, the ... total is $1,228,145,806, or 9.5 per cent. in ex-... cess of last week and 8 per cent. over last ... year. Business failures in the United States ... for the week ending January 10 number 271, ... against 285 last week; 256 in the like week of ... 1906; 295 in 1905; 225 in 1904, and 234 in 1903. ... In Canada, failures for the week number 24, ... as against 16 last week, and 46 in this week a ... year ago. Wheat, including flour, exports ... from the United States and Canada for the ... week ending January 10, aggregate 4,074,110 ... bushels, against 4,258,270 bushels last week; ... 4,765,700 in the corresponding week last year; ... 7,00,800 in 1905, and 2,587,710 in 1902. For the ... past twenty-eight weeks of the fiscal year, the ... exports are 104,896,614, against 73,788,791 in ... 1906-07; 86,878,224 in 1904-05, and 154,577,084 in ... 1901-02.

Bank Clearings.

NEW YORK, Jan. 11.—The following table, ... compiled by Bradstreet, shows the bank clear-... ings at the principal cities for the week ended ... January 10, fractional thousands omitted, with ... the percentage of increase and decrease, as ... compared with the corresponding week last ... year:

	Amount.	Per ct. Inc.	Per ct. Dec.
*New York	$2,244,909,000	15.2

New York Cotton Market.

[BY PRIVATE WIRE TO FRED DORR.]

NEW YORK, Jan. 11.—Cotton was dull in the early trading with a continuation of com-... mission-house liquidation. There was some ... bear pressure fostered by the heavy move-... ment and the market slid off four to five points ... below last night's closing. Spinners' takings ... which will be made public tomorrow, should ... show the absorption of fully as much cotton ... as represented by the into-sight and the visi-... ble supply probably will show the first de-... crease since the season started. Southern ... spots markets generally quiet and unchanged. ... At the low level considerable cotton was want-... ed and prices recovered slowly. Port receipts ... 51,000, last year 27,339.

Dick says—When May goes over 10c again it ... ought to sell at 11c before going back. The ... market looks sold out and ought to close high-...er.

NEW YORK, Jan. 11.—Spot cotton, un-... changed. Mids, 10.80.

Savannah—Receipts, 7533; stock, 179,376; mids, ... 10 9-16; sales, 872.

New Orleans—Receipts, 9065.

Galveston—Receipts, 19,477; stock, 409,324; ... mids, 10¾; sales, 2251.

Charleston—Receipts, 349; stock, 13,052.

Norfolk—Receipts, 1940; stock, 51,237; mids, ... 10¾; sales, 487.

Mobile—Receipts, 582; stock, 58,028; mids, ... 10½; sales, 150.

St. Louis—Receipts, 4212; shipments, 5412; ... stock, 51,675; mids, 10 11-16; sales, 25.

Memphis—Receipts, 59,286; shipments, 477; ... stock, 174,587; mids, 10 9-16; sales, 2000.

Augusta—Receipts, 856; shipments, 1429; stock, ... 47,139; mids, 11 1-8; sales, 168.

Little Rock—Receipts, 1234; shipments, 1015; ... stock, 49,214; mids, 10 11-16.

Following is range of prices today

	Open.	High.	Low.	Close.
January	9.58	9.62	9.51	9.60
March	9.86	9.90	9.69	9.77
May	9.96	9.92	9.82	9.89
July	9.89	9.98	9.88	9.96
August	9.82	9.84	9.82	9.83
October	9.75	9.79	9.73	9.78

Liverpool Cotton.

[BY PRIVATE WIRE TO FRED DORR.]

LIVERPOOL, Jan. 11.—Cotton closed steady, ... 5 to 4½ lower.

New Orleans Cotton.

GENERAL EASTERN MARKETS.

GRAIN AND PRODUCE.

[BY THE ASSOCIATED PRESS—P.M.]

CHICAGO, Jan. 11.—The advices from Ar-... gentina affect a number of bullish reports ... from the Northwest, and caused an easier ... feeling in the pit for the greater part of ... the day. The receipts in the Northwest con-... tinued small, and severe snow blockades ... upon the railroads banished hope for an im-... mediate increase in the movement. Demand ... was slack and trading quiet throughout the ... day. The market closed steady. May opened ... a shade lower, at 76¾; sold between 76@76⅞, ... and 76¼@76⅝, and close a shade off, at 76⅜. ... Trading in the corn pit was quiet, and prices ... held steady throughout the day. May closed ... ¼ up, at 45¾@45⅞. The feeling in the oats ... pit was somewhat easier, but prices were lit-... tle changed. May closed unchanged, at 36⅜. ... Provisions were weak on selling. At the ... close, May pork was 20 lard was 5 lower, ... and ribs were down 10.

The leading futures closed as follows:

	Closing.
Wheat—	
May	76¼
July	76¼
Corn—	
January	39¾@39⅞
May	43⅝@43⅞
July	43¾@44⅛
Oats—	
January	32½
May	36¾
July	33¾@33⅞

FRAGRANT REMEDIES.

Simple Ways to Remove Ailments If You Have the Remedy at Hand.

The latest panacea is to be found in ... the chimney corner. Physicians are ... recommending aromatic woods and fra-... grant peat, says the London Express, ... which, when thrown on the fire, send ... up a healing smoke.

Picture post cards of peat can be ... sent to a friend suffering from asth-... ma. The post card is read and burnt, ... and the sufferer draws his chair up be-... side the grate to inhale the medicinal ... odor.

Aromatic fire lighters, cut in trellis ... fashion, are steeped in turpentine, ... and their warm glow and balmy fumes ... will relieve a gasping bronchial pa-... tient.

Fire revivers are an antiseptic and ... will keep away influenza. They are in ... the shape of small bricks, and will ... revive a dying fire and perfume the ... whole house.

Pine logs send out a tonic vapor, ... oak and elm are stimulating, sandal ... wood will relieve a nervous headache.

Tiny blocks of wood steeped in eu-... calyptus oil are recommended for a bad ... cold. Lavender water pellets or eau ... de Cologne globules, sizzling merrily ... on the hob, will freshen up the over-... tired visitor, while a few drops of ... attar of violets on a hot shovel will ... cure insomnia and produce refreshing ... sleep.

A teaspoonful of ammonia added to ... a saucepan of boiling water will re-... vive a fainting patient. It has even ... been suggested by a well-known spe-... cialist that a tablespoonful of tea, ... thrown in the kettle and inhaled, will ... benefit the weary housewife far more ... than if she sipped her favorite bev-... erage.

A nerve specialist who was consult-... ed on the new cure said: "There is ... no doubt that there should be a more ... intimate knowledge of the need for ... healthy inhalations.

"Not only flowers or jars of pot-... pourri should be used to scent a room, ... but scented logs should be thrown on ... the grate instead of the usual fag-...gots.

"Perfume, in any form, is a stim-... ulant, a narcotic, or a sedative, as the ... case may be; but no perfume is so ... healing and subtle in its effect as that ... which rises warm and balmy from the ... fire.

"A little scent sprinkled on a block ... of wood will save a woman from many ... an acute attack of neuralgia or con-... gested headache."

MAY BE TROUBLE IN FOOD LAW.

FOR A TIME THERE MAY BE MANY VIOLATIONS.

Business Men Believe the Government Should Be Lenient Until the Restrictions Become Fully Understood and There Has Been Time to Sell Old Stocks.

[Philadelphia Press:] Although the ... new Federal pure food and drugs act ... is calculated to elevate the standard ... of all drugs, liquors and foodstuffs, ... manufacturers, distillers and mer-... chants, both wholesale and re-... tail, are expecting all sorts of trouble ... to emanate from its enforcement.

Many business men who are af-... fected by it are still in the dark as to ... some of the new restrictions under ... which they must do business in the ... future, and it is declared that unless ... there is a great deal of leniency exer-... cised by the government officials, many ... an honest merchant will be called to ... account for a violation of some one of ... its many provisions which was made in ... all innocence.

For weeks past druggists, confection-... ers, grocers, liquor dealers and retail-... ers of articles of medicine, food and ... drink generally have been busy label-... ing their boxes, bottles and packages. ... "O. H., December 31, 1906," which ... means that the article so marked has ... been on hand since then ew law went ... into effect and can, therefore, be dis-... posed of under former conditions. New ... stock must be designated in a very ... different way.

PACKAGES MUST BE NUMBERED.

For instance, every manufacturer of ... a patent medicine must file with the ... Department of Agriculture at Wash-... ington
